

**Trains Lighted by Electricity**

and heated by steam, are the latest improvements for the benefit of its patrons, adopted by the CHICAGO, MILWAUKEE & ST. PAUL RAILWAY. The vestibuled trains of this company, between St. Paul and Minneapolis, and Milwaukee and Chicago, are now equipped with the very finest sleeping cars ever turned out by the Pullman company. These cars contain twelve sections and a drawing room and smoking room; have three lavatories for ladies and three for gentlemen, supplied with hot and cold water. The cars are equipped with modern closets, and two of the sections in each car are draped to secure privacy when desired. The entire train is lighted by incandescent electric lights, enabling passengers to read the finest print in any part of the car without difficulty.

No such trains were ever before run in the Northwest, and they are well worthy the inspection of the public.

The prompt adoption of all improvements for the comfort and safety of the travelling public by this great company accounts for its high position in the estimation of the people, and gives it the bulk of their patronage, notwithstanding the advent of new lines into the field of competition.

**THESE VESTIBULED TRAINS** go in service May 15th.

**Chicago, St. Paul, Minneapolis & Omaha Ry**
