As the teachers of Aoath Toronto public schools are attending the teachers' convention of the Toronto. South and North York inspectorates today and tomorrow, the schools will be closed till next Tuesday.

Owing to the C.P.R. and C.N.O. operations, all the business concerns around the C.P.R. crossing have to move their business places to some other part. As the trend of the population is in a northerly direction North Toronto will benefit by this movement, and it is stated that every available lot on Merton street, from Yonge street to Leaside, is under option. Merton street has the advantage of being on the Belt Line, and goods can be shipped there in carload lots.

The Bulgarians have completely surrounded Kirk-Kilisseh, which the Turks regard as of almost equal importance with Adrianople. Its defence has been entrusted to Muhktar Pasha, son of the grand vizier, and Hazim Pasha.

Severe fighting is also reported in the Struma Valley. The Bulgarians yesterday occupied important strategic points in Kresna Pass. The Turks ned, abandoning munitions and supplies.
