PLAYS PICTURES AND MUSIC.

"The Victory Girl" Comings. The Shuberts are prominent in adapting their productions to the people's moods. Wherefore their new musical comedy, "The Victory Girl," which they are to present at the Royal Alexandra Theatre for the week of Dec. 9, with matinees on Wednesday and Saturday, is calculated to score a touchdown in the game of popularity. "The Victory Girl" is reported to be a delightfully intimate musical production made up of catchy music, pretty girls, charming settings and costumes. Seats will be placed on sale next Thursday for all performances.

"Take It From Me," at the Royal. Reserve seats are now on sale for the new musical comedy, "Take It From Me," which will be the attraction at the Royal Alexandra Theatre commencing Monday evening, with matinees on Wednesday and Saturday. "Take It From Me" is produced by William Moore Patch, with the music by Will R. Anderson, and staged by Fred A. Bishop. Mr. Johnson is a musical dramatist on New York Broadway and has written an original story of everyday people of the present day. The story is told in prolog and two acts. The scenes are laid in a bachelor's apartment in early spring, and in the executive offices of the Eggert Company.

Of the musical numbers, the most important are "The Tanglefoot," "Tomorrow," "Explanations," "Take It From Me," "Movie Music," "The Call of the Little Cow Home," "To Have and to Hold," "I Like to Linger in Lingerie," "The Kiss," "Good, Bad Beautiful," "The Kiss," "Good, Bad Beautiful," "The Kiss," "Good, Bad Beautiful," "The Kiss," "Good, Bad Beautiful."

"In Old Kentucky" at the Grand. That good old friend, "In Old Kentucky," is coming back to the Grand Opera House. The production is all new this season and on a more sumptuous scale than ever before. Many new effects have been conceived by the masters of stagecraft to add to the realism of the thrilling scenes with which this good old play abounds. The Pickaninny Band have a new and varied repertoire, not forgetting the old tunes that delighted father, and his father before him. Three Kentucky thoroughbreds are carried and the race scene adds a bit of realism never equalled by any other play. "In Old Kentucky" is in show, more than a play—it is an institution.

Shea's Theatre—Vaudeville. At Shea's next week a top-line attraction is Frank Dobson and company in "The Sirens." The special extra attraction for this week will be from and William Pinkham in Miss Nordstrom's comedy sketch, "All Wrong." Sylvia Clark is called "Kitty" Little King and Charles Cartnell and Laura Harris are international favorites and their newest singing and dancing skit, "Goffing With Cupid," is their latest medium. The phonograph has been Ed. Morton's advance agent for years, for as new and popular songs are published, Mr. Morton's pressed into service to put the melodies on record. The Duncan Sisters, late features of the Winter Garden show, "Doing Our Bit," are singing at the Hippodrome.

The sensational five-real feature "Moral Suicides," released by Pacht and starring John Mason and Leah Baird will be the feature picture next week. The picture is replete with thrilling incidents. The Liberty Trio head the vaudeville bill with an offering that is new and novel. Lee and Lawrence have new songs and plenty of humor, and the Bell Sisters will present a bright singing, dancing and talking-meane. Brown's comedy dogs have an animal offering. Hopwoods have a dramatic sketch, while Willie Woodman appears in an amusing monolog. The Pacht News is an interesting feature of the bill.

Low's Next Week. With a thrill in every foot of film, a smashing climax and a love story that is delightfully convincing, "The Border Wireless," featuring Wm. S. Hart, next week at Loew's Theatre and Winter Garden, presents the virile western hero in the role of a soldier. The story deals with German spy plots on the Mexican border. Resists "the girl doll of vaudeville" who deceives any man, large or small, in the attempt to lift her, will top an attraction.

THE WEATHER

DEATHS.

COSTELLO—Of pneumonia, at St. Michael's Hospital, Wednesday, Nov. 27, 1918, Mabel Mary Whalen, dearly beloved wife of Daniel L. Costello, resident of 1444 Dundas street, north-west, from the home of her father, John Whalen, 360 East Gerrard, Friday, Nov. 23, at 8:30 a.m., at St. Paul's Church. Interment in Mount Hope Cemetery.

DURAN—At her late residence, St. George, Ont., on Wednesday morning, Nov. 27, Jennie Duran, widow of the late Joseph Duran, in her 69th year. Funeral Friday, at 2 p.m., at St. George, Ont.

GODWARD—On Wednesday, Nov. 27, 1918, at her late residence, 203 Bleeker street, Toronto, Ellen Ann, beloved wife of John Godward, in her 48th year. Funeral from above address on Saturday, Nov. 30, at 3 p.m. Interment in St. John's Cemetery. Hearts of Oak, please attend.

five array of vaudeville turns which will embrace: Michael Martin and Edith Fabrial, in "A Flight of Fancy," a dance fantasy; Danny Simmons, the military hero in song and story; Conrad and Goodwin, in a musical treat; Devoy and Dayton, in a comedy play-let "At the Station," and Curtis' troupe of trained dogs. Loew's current feature pictures and the "Mutt and Jeff" animated cartoons will also be shown.

Shea's Dollar Dolls' Comings. Among the clever young women in the superlative cast of principals with the "Million Dollar Dolls" booked to appear at the Gayety Theatre next week will be found Edie Mae, a particularly bright and pleasing prima donna with a delightful personality and rare comedy talent. Her style is always the same, but it never lacks the appearance of freshness and spontaneity. She is one of the chief aids to Cliff Bragdon, who is playing the principal comedy role in the gay and festive polka-pourri of fun and frolic, entitled "In a Whirl of Pleasure."

At Star Theatre. Always a good affair is the past-ward of Chas. Robinson's Big Parisian Follies Company, which will be seen at the Star Theatre next week. For many years this well-known comedian has enjoyed capacity business everywhere. There will be a company of forty players and a wealth of pretty lassies, gownied in fourteen changes of costumes. Five scenes give ample opportunity for the scenery and costuming effects; and there are many vaudeville specialties.

Chaplin at Strand. Nothing like the furore aroused by Chaplin's newest first national one million dollar picture, "Shoulder Arms," has been witnessed in motion picture circles in Toronto. At every performance the audiences are huge. Returned soldiers are particularly delighted with the picture. They say that the trench life it depicts is the real thing. There are seven performances each day, beginning at 11:30, 1, 3:10, 5, 6:45, 8:30, 10:15. The Goldwyn picture, "Just for Tonight," starring Tom Moore, also meets with admiration.

Five Film at Madison. An appealing story of strong heart-interest is "Nine-Tenths of the Law," featuring Mitchell Lewis, which will be shown at the Madison Theatre, today, tomorrow and Saturday. It is a photoplay of strength and simplicity, with the scenes laid in the northern pine forests.

WOMEN'S HOSPITAL OPEN A NEW WING

Lady Eaton Presents \$5000—Only Dispensary West of Bathurst Street.

Progress made along the lines of medicine and surgery by women of Toronto was shown in connection with the ceremonies of the opening of the new wing of the Women's College Hospital on Rusholme road yesterday afternoon. The interest taken in the institution was evidenced by the large number from many walks of life who were present.

Mrs. A. O. Rutherford, president of the ladies' board, presided. In her opening remarks the president stated that the annex had been started a year ago last September. A new residence for nurses had also been obtained at 149 Rusholme road. The sum of \$30,000 is still needed to pay the indebtedness.

Hon. M. D. McPherson said it was of particular interest to know that the hospital was affiliated with the university thru its training school. He also referred to the support which had been given by Lady Eaton to the hospital, and stated that Sir John Eaton had been an outstanding figure in works of a patriotic and charitable character.

Other speakers were Ald. Risk, who paid tribute to the work of the Women's Hospital during the epidemic of influenza when they opened their doors to men and women patients alike. Dr. Skinner Gordon spoke of the good work of Dr. Nevitt and of his assistance to women of the nursing profession and the Women's Hospital in recognition of which the operating room was to be given his name. Dr. Nevitt expressed his appreciation and Dr. Helen MacMurchy complimented the staff in a brief address. Lady Eaton expressed her pleasure at the efficiency everywhere evident. She announced that she had \$5,000 to give the hospital.

An inspection of the new addition was made prior to the addresses. In this wing there is accommodation for twenty-five beds. A dispensary is situated upon the ground floor. There is also an out-door patients' department with pathological room, three rooms for clinics and a waiting room. The dispensary is the only one in the city west of Bathurst street. The second and third floors are to be used as wards, while on the top floor will be found the two operating theatres, the X-ray and sterilizing equipment. All the appointments were beautifully sanitary, the white and delicately tinted walls, Italian cemented floors, the good lighting, all tending to healthful conditions, while the artistic touch was given by the occasional rug, by the white brocade and the flowers found in many a nook and angle. One of the prettiest rooms was that for the babies, where 16 small basket cots and other equipment are provided, thru funds provided by the public school children of the city.

Harper, custom broker, 39 West Wellington street, corner Bay, Adelaide 4682.

BOY CLIMBS ELECTRIC POLE.

Chas. Spweed, aged 12, 185 Van Horne street, started to climb an electric pole on Gray avenue last night, and when he got up among the wires received a nasty shock and fell to the ground and was picked up and carried into the office of Dr. D. Smiley, 1075 Dovercourt road, where it was found he had sustained a fractured left arm and a severely-burned neck. The lad was later removed to the Hospital for Sick Children, where last night it was stated that he was resting easily.

YORK COUNTY ROADS CALL FOR \$333,000

Vast Increase of Appropriation Over Previous Years for Highways.

WORK FOR SOLDIERS

County to Spend \$100,000 if City and Government Guarantee \$233,000.

County Engineer James read the report of the Toronto and York Roads Commission to the county council yesterday morning.

With the exception of the lake shore, culverts have been provided on all roads. Improvements have been made on the Kennedy, Vaughan, Weston and Don Mills roads, but the work on the Kingston road is held up on account of the railway's refusal to ship stone to Port Union.

A dangerous curve near Thistleton has been eliminated, also one on the Pine Orchard road. Thirty new direction signs have been erected in the county.

Some criticism of the road commission's handling of the work on the Weston, Markham, Sutton, Mount Albert, Lloydtown and King roads and North Yonge street was made by Reeves Wallace and Gardhouse. Reeve Pugsley was also of the opinion that the roads should be kept in good condition even if high taxes were necessary to do so.

Further Discussion.

The highways again came in for discussion at the afternoon session. Reeve H. D. Ramsden of East York moved a resolution "that in the opinion of this council the sum of \$100,000 should be provided as the county's share for the construction of good roads for the season of 1919." The proposition is that if the county will give \$100,000 the city guarantees \$100,000 and the government \$132,000, making a total of \$333,000 for the improvement of roads in York County. This is a great increase over previous years' appropriations usually about \$35,000.

Instead of the usual procedure of issuing debentures it is proposed to raise the money as the work proceeds, which it is felt can be done in three years, the assessment being about 2 mills. This question has been brought up earlier than usual in order so that men being discharged could be given work.

A resolution was also made by Mr.

In "Nine-Tenths of the Law"

H. D. Ramsden said, "that council records its thankfulness that since its last session the great war which has raged so fiercely for more than four years has been brought to a successful conclusion."

Mr. Wells brought in a resolution that a part of the Friday afternoon session of the council be set aside as a thanksgiving. Messrs. Wallace and Ramsden were appointed a committee on the matter.

DISCHARGE SOLDIERS AND RETAIN CIVILIANS

"We are concerned with the cases of returned men discharged from munition plants while others are permitted to remain in employment," said U. V. Conroy, district secretary G.W.V.A., yesterday to a reporter. "We have heard of a number of such cases, and after interviews with the management of various firms we are led to believe that the foremen and superintendents and not the general managers are really to blame," said the secretary. "We are worried in the matter because we know the mind of those men, who realize the injustice to which they are being subjected. We have reason to believe that the managers will take action to prevent a recurrence of this injustice."

Take your doctor's advice --use lots of this rich milk

PEOPLE suffering from colds, gripe, or any illness should not be given ordinary foods. To keep up their strength, to supply them with the nourishment they need, they should have lots of milk. This, say doctors (including Dr. Hastings, the Medical Officer of Health) is the very best diet they could have.

Milk does not overtax the stomach. Yet it is a complete food in itself—concentrated nourishment. It is easily digested. It is kind to the nerves. It is satisfying!

In the sick room give lots of milk from the Farmers' Dairy—as a beverage and as a food. For variety's sake, use it in soups—it makes them more appetising and nourishing.

BE sure it is milk from The Farmers' Dairy. It is really worth a little effort to get this better milk. For Farmers' Dairy milk is invariably richer in cream (butter-fat) than the City Authorities' standard.

And this rich milk—coming from the finest farms in Ontario—is made safe by scientific pasteurization, is bottled and capped by machinery, in the most up-to-date and most elaborately equipped dairy on the continent.

If this milk is so essential a food in sickness, why not use more of it to preserve your good health? Is the cheapest food value in the world. Don't try to make a pint do the duty of a quart. Order extra to-day—especially for the kiddies' sake.

BILL TO IMPROVE GAS RESOURCES

Hon. G. Howard Ferguson, minister of lands, forests and mines for Ontario, is preparing a bill for the new session of the legislature to improve the administration of Ontario's natural gas resources. At present the regulations are made by orders of the Ontario Railway and Municipal Board. Under the new system an advisory board will be constituted to advise the Ontario Railway and Municipal Board with respect to the policy to be adopted with respect to various communities in the natural gas districts, so that the maximum public advantage may be secured.
