POLICY OF CABINET STILL IN EMBRYO

Government Will Make Announcement Shortly, Premier Drury Says.

"There is nothing new in it," remarked Premier Drury to the World last night when discussing a somewhat lengthy interview with him published in a Toronto afternoon paper yesterday. "All I did was to answer a few questions on the policy already laid down in our platform," Mr. Drury continued. "I could not add anything."

"The policy of the government has not, as a matter of fact, yet been considered," Mr. Drury was asked. Premier's Personal Views. "That is so," the premier replied. "Anything I have said is purely an expression of my own opinion. The policy to be pursued by the government will shortly come up for consideration by the cabinet, and there will be a definite announcement in the course of a few weeks. Further than that I cannot go now."

It was pointed out to Mr. Drury that the legislature usually met in

February, which much had been made of that point in the interview. "Yes," the premier said with a smile, "there is not much new in that either."

"And the dates of the necessary elections," said The World, "have been discussed by the cabinet?"

"No," rejoined Mr. Drury. "As I have already said, nothing has been discussed by the cabinet yet. We are not yet worrying about the elections. They cannot very well be held this year, any way."

"Not even a gymnasium?" chimed in The World.

As a matter of fact this was a new point raised by Mr. Drury in the interview. He said he was on the look out for a gymnasium in which his youthful and energetic cabinet could keep fit.

COMMERCE BOARD RESUME PROBE

Commence Investigation Into Export of Mill Feeds and Screenings.

Yesterday on the resumption of the investigation by the board of commerce into the export of screenings by the Canadian Feed Company, the cross examination of Robert Henderson, agent for the company, was continued by A. E. Hudson.

Referring to the operations of a pool in Winnipeg, Mr. Henderson said he would not make them a bid, but Mr. Hudson tried to make witness admit that the himself had been exporting to the United States.

Witness said that a number of commission merchants had "cut-out" to sell on the Winnipeg market. These merchants sold them to the best advantage of their customers if they could get them. Many elevators, he said, did not want to issue "shut-outs."

At 7 I understand that would fill their requirements for the time being, \$30 per hour was the price paid for "unground." Witness would have paid more and sold it in Canada, therefore, the terminal elevators were foolish to sell at the price," he said.

"I won't make any bid to the Consolidated or any member of that 'pool,'" emphatically declared witness, "and I have not done so since January 1918."

Sales of Horse Feed. The next witness was Wallace J. Baker, manager of the Toronto branch of the Canadian Feed Company. Mr. Baker was on the stand for only a short period, during which he was questioned regarding the sale of horse feed to an Ottawa firm.

Gerald R. Martin, manager of the Superior Beef Company, and secretary of the Brooks Elevator Company, both American corporations, was called next. The examination turned back to screenings and shorts. Mr. Martin was loth to answer a question as to certain contracts for the sale of these commodities heading that representative of competitive firms were present.

Judge Robson thought the questions should be answered, but the hearing was adjourned with witness still in the box.

Two commissioners will go to Hamilton today to attend an inquiry there. The present investigation will continue at 10.30 o'clock this morning.

DEFENCE LEAGUE FINANCES.

"Advices from Winnipeg Trades Council are to the effect that headquarters of the Political Defence League have received to date \$28,000," said Tom Mellille, general organizer for the league, to The World yesterday afternoon. "Of this amount \$25,000 has already been spent, leaving a balance of \$3,000 in hand."

BOOKS FOR SALE

Reference Library Offers Splendid Opportunities for Children's Christmas Presents.

Parents and others who are thinking of playing Santa Claus to the boys and girls of Toronto cannot do better than visit the wonderful exhibit of books now on view in the gallery at the Reference Library, College street, for the express purpose of helping would be purchasers in the selection of interesting and suitable books for the "kiddies."

The volumes have been laid out attractively and within easy reach of even tired mothers who may find a comfortable seat and merely stretch out their arms and take up any one of the attractive stories. Or even the amount of exertion is not necessary, because there are attentive and well-informed members of the staff who are ready to show the different volumes, to tell their story and point out the suitability in regard to the child for whom the books are intended.

The enjoyment which the children of Toronto get out of their particular section of the library is shown by the total of 260,000 who during the past year visited among their friends the books. At the present moment citizens are indebted to the thought of Dr. Locke in preparing this exhibit to assist Christmas shopping and to put the best in books for children before the public.
