CEYLON TEA

Is the Purest and Most Delicious in the World.  
Lead Packets only 125c-30c-40c-50c-60c per lb. At all grocers

HIGHEST AWARD ST. LOUIS, 1904.

## CHURCH UNION CHEERED AT DES MOINES ASSEMBLY

Delegates From Cumberland Assembly Heartily Welcomed Into the General Fold.

Des Moines, Ia., May 25.—Church union sentiment reached its highest point in the Presbyterian general assembly here to-day, when a delegation of seventeen commissioners from the Cumberland assembly were received in the assembly of the northern church now in session here.

When they entered the great convention hall, containing 750 commissioners and about 2000 visitors, the whole gathering came to its feet, cheering and waving handkerchiefs for fully five minutes after the visitors had been escorted to the stage.

Here they were introduced to Moderator Hunter Corbett.

When the moderators of the churches, which were two yesterday and one today, clasped hands the demonstration reached its zenith. The visitors were then presented to the assembly, and each delivered a brief address.

## FAGGING IS ABOLISHED AT THE MILITARY COLLEGE

Kingston, May 25.—The militia department is carrying some reforms into effect at the Royal Military College in view of the recent disclosures regarding fagging.

It intends to have the conduct of the cadets on modern lines, and to cut out the ancient forms.

For instance, fagging is now prohibited. Formerly the seniors were each allowed to have a junior fag for them. Now the juniors are put upon an equal footing with the seniors in that respect, and are to receive the same rights and privileges.

## Jealous Lover's Frenzy

New York, May 25.—Because she had threatened to leave him and had shown him a photograph of her new lover, John Kindrovsky, a Hungarian, to-day shot and wounded Cordia McGarry, a handsome woman, in his apartment in West Forty-fourth street.

When the police broke into his apartment, Kindrovsky killed himself by a shot in the brain.

## Delivery of Bequest

Chancellor Boyd yesterday decided that the executors of the J. J. Long estate shall pay to Mary Long, who is now Sister Irene of Loretto Abbey, the income of the money left her, and that at her death the corpse should be turned over to the abbey; or, on agreement, the entire amount may now be transferred to the abbey.

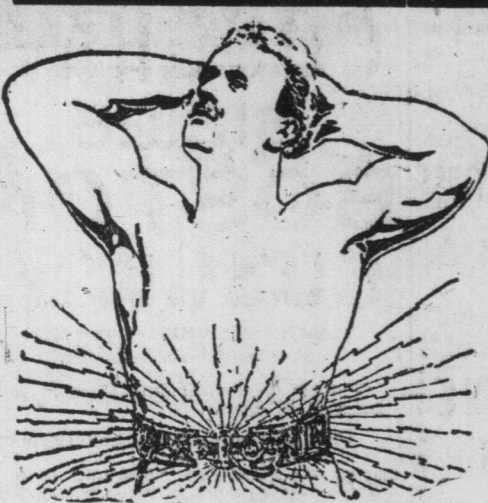

## Sold a Factory Site

The National Trust Company has sold to the Chapman Double Ball Bearing Company of Canada, Limited, a lot of land fronting on Somerset avenue, where the Chapman Company intends to build a factory to meet the increasing demand for their bearings.

## Western Dominion Coal

London, May 25.—(C.A.P.)—Western Dominion collieries £100,000 at 6 per cent first mortgage debentures at £100 each, are shortly to be placed before the British public.

# WEAK MEN DO YOU WANT TO BE STRONG?

To feel as vigorous as you were before you lost your strength? To enjoy life again? To get up in the morning, refreshed, and not more tired than when you went to bed? To have no weakness in the back, or "come-and-go" pains? No indigestion or constipation? To know that your strength is not slipping away? To once more have bright eyes, healthy color in your cheeks, and be confident that what others can do is not impossible to you? In short, do you want to be healthy, strong and vigorous? I can make you all this, because I have done it for others.

## Dr. McLaughlin's Electric Belt

has restored health and strength to thousands of weak people. If you use it as I direct it is a positive cure and cannot fail. It gives the vitalizing power of electricity, without burning or blistering, to every weakened part, developing the full vigor of manhood. It removes all the effects of dissipation forever. I want every weak person who is not what they should be to wear one of my Belts, and, when cured, tell all their friends of its wonderful effects.

My Belt is also an absolute remedy for Nervous Debility, Backache, Rheumatism, Stomach, Liver, Kidney and Bladder troubles. It is arranged for women as well as men, and cures female weakness.

**Pain in Back Cured in Two Months.**  
Dear Sir:—Having suffered with a pain in my back for over twelve months, I sent for one of your Belts last April, and after wearing it for two months the pain is now gone. I would have written before, but I was away from home. I remain, yours very truly,  
JAS. O. SULLIVAN, 65 Oxford street.

**Varicose and Kidney Trouble Cured.**  
Dear Sir:—I used your Belt three years ago for varicose veins, kidney trouble, and was cured in two months' time. I had been had no return of it since. I am now seventy-one years old, and am thankful for the results from your Belt, and shall always recommend it.  
Yours very truly,  
WM. VOLK, 711 Virginia street.

If you are skeptical, all I ask is reasonable security for the price of the Belt, and

**IT COSTS YOU NOTHING UNTIL CURED.**

It's as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle heat from it constantly, but no stinging, no burning, as in old-style belts.

**FREE BOOK.**

CALL TO-DAY—If you can, call at my office and get my book. I give a free test and explain my treatment to all who call.

Advice and consultation are free. Office hours 9 a.m. to 6 p.m.; Wednesday and Saturday till 8:30 p.m.

## SAVES LIFE OF MOTORMAN FROM MOB HIS WIFE LEADS

Crowd Bent on Vengeance for Killing of Boy, But Father Was Sympathetic From Experience.

Brooklyn, N.Y., May 25.—Tragedies of action have few parallels so dramatic as that which surrounded the killing by a trolley car of a little boy whose mother led a band of avengers. In front of their home at No. 681 Bergen-street, John McCormack, five years old, and his sister, Mary, Elizabeth and Josephine, whose ages range from 6 to 10 years, were playing at 6 o'clock. Their father, John McCormack, drives an ice wagon, and was then out to reach his home at the end of his day's work. The youngsters were in waiting to greet him, and as his wagon was seen to turn a corner two blocks away they began to shout, "Here comes father!" and ran toward the wagon.

Thru Bergen-street from the opposite direction at this time came a trolley car of the St. John's place line, in charge of Reuben M. Rowley, motorman. Little John McCormack ran directly in front of the car, and before Rowley could check its speed the boy had been struck. His body was shot up along the dashboard of the car, and then dropped back on the fender. Rowley let go the controller and brake and grasped at the boy, but missed, and the body bounded off the fender to the street. Allowing himself to be carried by the current, the body of the boy passed over it. The child was ground to death and lay entangled in the wheels as the car came to a stop.

Drawn to the doorway of her home by her children's cries of welcome to their father, Mrs. McCormack saw her little son go to his death. In an instant she was plucking at the boy's clothing and begging the spectators to overturn the car and rescue the child. In the street many laboring men live, and within a minute she was surrounded by a crowd of muscular stevedores and porters.

Then the trucks were raised and the shapely body of the little boy lay revealed. The sight brought screams of horror from many women, but it was a cry of vengeance which arose to Mrs. McCormack's lips. Turning from her mangled boy she dashed at Rowley, who stood white-faced and trembling near the inspectors. Big men, infuriated by what they had seen and by Mrs. McCormack's rush, rushed upon her, and she was held back by the police. She had gone to summon the reserves, and Rowley was very close to death.

Then the trucks were raised and the shapely body of the little boy lay revealed. The sight brought screams of horror from many women, but it was a cry of vengeance which arose to Mrs. McCormack's lips. Turning from her mangled boy she dashed at Rowley, who stood white-faced and trembling near the inspectors. Big men, infuriated by what they had seen and by Mrs. McCormack's rush, rushed upon her, and she was held back by the police. She had gone to summon the reserves, and Rowley was very close to death.

## MEDICINE FOR CHILDREN.

A medicine which keeps babies and children well, or restores them to health when they are ill, is a priceless boon to humanity. Such a medicine is Baby's Own Tablets. These Tablets cure all stomach and bowel troubles, allay the pain of teething and give sound, refreshing sleep. And the mother has the guarantee of a government analyst that this medicine does not contain one particle of the poisonous opiate found in so-called soothing mixtures and most liquid medicines. The Tablets are equally good for the newborn baby or the well-grown child. Mrs. Robert Currie, of London, Ont., says: "I have found Baby's Own Tablets a splendid medicine for curing constipation and other ills of little ones. You can get these Tablets from any medicine dealer, or by mail at 25c a box, by writing The Dr. Williams Medicine Co., Brockville, Ont."

## G. T. R. at Stratford.

Stratford, May 25.—(Special.)—Special train of Grand Trunk officials passed thru the city to-day at 11:30. The party was composed of C. M. Hays, Mr. F. H. McLaughlin, F. B. McLaughlin, J. W. Wood, W. G. Brownlee, Mr. Ennis, master of transportation, and Mr. Metcalfe, contractor for elevators.

The party made a stop of half an hour, during which time Mr. Hays and some of the other officials inspected the shops and other property of the company, including the site of the proposed extension of the shops on Nelson-street.

It is understood that Mr. Hays, while desirous of closing Nelson-street, seemed to think that a proper subway for passengers would overcome the danger the company sought to avoid.

The ratepayers are strongly opposed to closing the street, and council has yet to deal with the request of the company.

## RIFLE TEAM FOR NEW YORK.

(Canadian Associated Press Cable.) London, May 25.—One thousand pounds is to be raised to send a team of the Queen's Westminsters to shoot at New York in September.

## TOOK PLACE ON ISLAND IN U.S. WATERS, OPPOSITE BROOKVILLE.

Brookville, May 25.—(Special.)—There was a gun fight yesterday on an unoccupied island in the river opposite Brookville.

It was taken possession of by cock-fighters, who pulled off between eighteen and twenty battles, to the delight of scores of spectators.

All classes of Brookville's society were represented at the ring-side, and there was a large crowd of on-lookers.

The birds were mainly owned by local parties, the Ogdensburg, Lyn and Gouverneur are said to have been represented.

One bird handler lost nearly all his birds and his entire wad. He was routed.

The fighting ground is in American waters, and Uncle Sam's peace officers were conspicuous by their absence.

Between \$200 and \$300 changed hands.

## FORGERY IS COMMITTED TO GET A MAN FROM JAIL

New York, May 25.—Five indictments charging forgery in the first degree were returned to-day against Geo. F. Wenham of Chicago and Miss Clay Lawrence by the grand jury.

The indictments are based upon an alleged attempt to secure the release of a man from the Chicago House of Detention by impersonating Mrs. Wenham for the purpose of transferring to New York \$100,000 worth of the man's Chicago property. This property was said to be intended for Wenham's use in securing bail.

## Licenses Transferred

The license commissioners met yesterday afternoon and transferred the liquor store license of Mrs. Gibson, corner of Yonge and Maitland-streets, to David G. Stewart, and the license of the C. F. R. Hotel, 793 Yonge-street, from Katharine Clark to her son, Jasper Clark. The transfer of the Central Hotel license, corner Queen and Esther-streets, from William Cook to J. Keating, was left over.

## Heart by Firecracker

Stratford, May 25.—(Special.)—Blanche Moir, of St. Mary's, daughter of James Moir, met with what might have been a very serious accident. She, with some other children, was playing with firecrackers, when one of them threw a cracker in her face, and it exploded just as it struck her. Her eye was badly hurt.

## Go to Australia

Ottawa, May 25.—Capt. Cleimont, Royal Canadian Artillery, has left for Sydney, N.S.W. He serves for a term with the Australian forces, and an officer from that country will take his place here.

Honor for Dr. Wallace.  
Rev. Dr. Wallace, formerly chancellor of McMaster University, now of Lowell, Mass., has been elected president of the board of trustees of the Theological Seminary. The presidency very rarely falls to a clergyman, but rather to a business man.

## BOLD ATTEMPT TO ESCAPE CONVICT BORES WAY OUT

After Swimming Underground Duct Gets Into Chimney, But Breaks His Leg.

Kingston, May 25.—A convict in the penitentiary secured a measure of liberty last night, but was recaptured after eight hours, owing to an untoward accident which prevented his getting beyond the precincts of the prison.

## LEFT HAND IS WOMAN'S PERIL

Reason Why She is Prone to Car Accidents Made Plain.

Chicago, May 25.—A problem which has puzzled wise men for years is settled at last, Dr. Doty, Mayor Dunne's traction expert, has settled it. He has figured out why it is that women all come out of a street car backwards, and yesterday published a special bulletin announcing his conclusions.

Like all great discoveries it is extremely simple. According to the head of the Referendum League, whom the city employs at a salary of \$300 a month, this dangerous feminine habit comes from the fact that women persist in carrying their "bundles and babies" on their left arms. If they would only carry them on their right arms, they would be safe.

Why it is that a woman without a bundle or a baby on either arm will still face to the rear the traction car, says Dr. Doty, is that she is entering into a discussion of the fact that a girl who never carried a bundle or a baby will do the same thing. He bases his discovery on the fact that a woman with a bundle or baby on her left arm is bound to grasp the car rail with her right hand, and that swings her face to the rear.

## Cites Case in Point

"Such a case was that of Mr. Mitchell, who was injured on a southbound Indiana-avenue car," says Dr. Doty in the special bulletin. "If the ladies would carry their bundles and babies in their right arms, as men do, instead of their left, there would be many fewer accidents to women getting off cars."

This practice of carrying bundles and babies on their left arms, the expert thinks, comes from the desire to have the right free to hold up the skirts. In his ignorance of feminine ways he cannot understand why it would not be just as easy for the women to hold up the skirts with the left hand, and thus leave the right free for the bundles and babies.

## Points Left Undetermined

Of course there are women who wear skirts so short they do not have to hold them up, who still persist in getting off a car backwards, but that is another one of the things Dr. Doty does not think it worth while to discuss. He has found out why it is women do it, and he would like to see them do it right. He told not to do, and if any of them get hurt while getting off street cars hereafter it is their own fault.

One of the short three-pointed remarks on the necessity for low fenders and wheel guards, but they are trivial compared with the great discovery.

## SUCCESSFUL COCKING MAIN.

Took Place on Island in U.S. Waters, Opposite Brookville.

Brookville, May 25.—(Special.)—There was a gun fight yesterday on an unoccupied island in the river opposite Brookville.

It was taken possession of by cock-fighters, who pulled off between eighteen and twenty battles, to the delight of scores of spectators.
