the Favorite Skate.

Buffalo, Sept. 12.—The attendance at the
Fort Eric races increases daily. The crowd
yesterday was the largest since the meeting opened, and the business in the betting
ring was so brisk that it was only by vigorous use of one's elbow that a person
could make his way to the pool-boxes.

Despite unfavorable weather conditions,
the racing was very good, many of the
contests being close and exciting.

In the steeplechase Rover, a handsome
chestnut horse by Wild idle, dam impRossita, who appeared to have a good
chance of getting a place at least, feil at
the tenth jump, breaking both fore legs.
He was shot. Rover was a valuable animal, and was considered one of the best
jumpers in the country. He was owned
by A. M. Orpen of Toronto.

Harrington was made favorite in
Wednesday's race.

Rideau, a 10 to 1 shot, set the pace to
the stretch, where he retired from the
struggle. Harrington sprang to the lead,
but only held the position for a few jumps,
as Minnie Alfonse came with a great burst
of speed and won the race by nearly a
leggth.

The second race, at one mile, brought out
a few good ones, in which Mazarine was
sevented at A to 1, while Skate was second.

but only held the position for a few jumps, as Minnie Alfonse came with a great burst of speed and won the race by nearly a length.

The second race, at one mile, brought out a few good ones, in which Mazarine was favorite at 4 to 1, while Skate was second, choice at 2 to 1.

These two ran speed from the stretch, where the favorite blew off like a little of the word of the grandest strungies ever witnessed on a lanadian track.

Savarin showed the way at rather a slow pace to the far turn. Here wraps were conditions were practically on even terms. Cetturt and steel were piled unmereifully as the three jockeys fought for the advantage all the way to the wire.

The finish was so close that each bettor thought his horse had won, but no one was in a position to see except the judges, and they hung out tilyssee' number. The race was probably the most exciting that was ever run by three horses.

CORRIGAN'S HORSES WILL BE HERE.

Ed Corrigan, the best known horseman of the west, will be here for the fall races and visit Toronto for the first time. He met the secretary of the Toronto fall races at Fort Erie on Saturday, and as a result of the interview Mr. Corrigan requested Mr. Houston to reserve him seventeen stalls at the Woodbine from Saturday, Sept. 25, to Saturday, Oct. 2. Mr. D. H. Morris of the well-known racing firm of A. H. & D. Morris asked for eight stalls, and thus with Morris of the east and Corrigan of the west two of the best-known colors in America will come together at Toronto for the first time in the history of the Canadian turf. Mr. Houston reports that all the principal stables now engaged at Fort Erie will certainly be here, among the others being P. J. Dwyer, C. F. Dwyer, C. Creveling, who owns Ulysses, H. Hunn, the gentleman rider, with Ferrier, and several others; W. Landsburg, a well-known owner in the east, with a string of 11, and many others.

T. J. Fitzpatrick, who has made so brilliant a record this season as starter on every track on which he has officiated, has been engaged to handle the fing. Judge Burke in the stand and Fitzpatrick on the starter's platform are sure to meet with great satisfaction on the part of owners and the public.

It is now proposed, at the request of many leading horsemen, to offer no purse under \$300, and, if necessary, reduce the number of races from six to five each day. CORRIGAN'S HORSES WILL BE HERE.

THE HOUNDS HAVE A KILL.

THE HOUNDS HAVE A KILL.

The Country and Hunt Club had a remarkably fine run yesterday, the opening of the fall senson. The meet was in the Queen's Park, where more than twentyfive mounts were gathered. Quite a crowd of spectators saw the cavalcade move off up through the ravine to Bloor-street, and by the commons and Avenue-road to Upper Canada College, where the chase began. The run was north and west and then east by the North Toronto water tower and across Yonge-street at Egilnton. Thereafter the run was east through the Bon country, over the river half a dozen times, up hill and down dale, over fences, ditches, through bogs and bush, until a for was started south of the Boyd farm, and a kill occurred in the ground south of the Salvation Army farm. The master, Mr. George Beardmore, was first up at the kill and got the brush. It was one of the best runs in five years. Those who finished were: Mr. Beardmore on Cockatoo, Capt. Forester on Viking, Mr. Phelan on Chark, Dr. Campbell on Prize, Mr. Maclean on Argus, Mr. George Carruthers on Ivanhoe, Mr. Doane on Star, Mr. Adamson on Moreland, Mr. Maddocks on Kennebunk. Among others in the run were: Dr. Smith on Golden, Miss Cawthra on Jimmy, Mr. Philips on Rifle Boy, Mr. Reinhardt on Saturn, Mr. R. Davles, Jr. Mr. Llonel Clarke on McMullen and several others.

The final races for the season on the R.C.Y.C. program took place Saturday afternoon in a light easterly breeze. The skiff class started at 2.50 and the race for the Lorne cup at 3 p.m. The racing petween the skiffs was very keen, especially between the first four boats.
