ANNUAL REPORT

FOR THE YEAR ENDING DECEMBER 31ST, 1895.

The work of our Sabbath School for the year 1895, has proceeded on much the same lines as heretofore. Perhaps the most noteworthy expansion has been the undertaking of work among the city Chinese. This department, with Mr. H. M. Cockfield as superintendent, was organized Feb. 25, and has been continued ever since. The work is, of course, elementary, as the Chinese must first be taught English. Religious truth is instilled by Bible reading and the singing of hymns. In order to make this work more effective, a teacher has in most cases been provided for each pupil, and some of the older members of our school have engaged in this good work.
