Change in Managership of Indians Takes Place at Saturday's Game.

CLEVELAND, July 19.—Lee Fohl resigned today as manager of the Cleveland baseball club and Tris Speaker, centre fielder, has taken his place, according to an announcement by President Jim Dunn late today.

Fohl will remain with the club at his present salary, Dunn said.

Dunn said that a controversy with Terry Turner recently and criticism by certain newspapers were largely responsible for the action.

"I didn't expect him to quit the managership, and certainly did not want him to do so," Dunn said.

Newspapers Panned Fohl.

"I have no criticism to make of Fohl's work as manager," said Dunn. "His action was purely voluntary. Our relations were cordial. Single, who was immediately named as Fohl's successor, Dunn made both announcements in the press box just before the game started.

Fohl was sharply criticized in Cleveland newspapers following the loss of yesterday's game to Boston. Fohl sent Myers in as a pinch-hitter, and kept him in until he was hit for a home run, resulting in the loss of the game when Babe Ruth hit for a home run.

Fohl became manager of the Indians in 1916.

## CLEMENCEAU HOLDS TO POWER DESPITE GROWING DISFAVOR

PARIS, July 19.—(By the Associated Press.)—It was announced in the lobby of the Chamber of Deputies this morning that not only will Victor Boret be succeeded by Joseph J. B. Neulens as food minister, but that Albert F. Lebrun, minister of the liberated regions, will be succeeded by Senator Charles Jonart, now governor of Algeria. Le Brun taking Jonart's post.

Premier Clemenceau this morning introduced J. B. Neulens, the new food minister to the Chamber of Deputies. In a statement to the press after the conference M. Neulens said that he would endeavor to reduce the cost of living.

Premier Appers Unruffled.

The announcement in the lobby of the Chamber of Deputies this afternoon that the Government would introduce a general amnesty bill on Tuesday was taken as an indication that Premier Clemenceau does not consider yesterday's vote as undermining his position of authority of the cabinet. Many of the deputies, among the Radicals, Republicans and Socialists, refused to accept that interpretation.

Deputy Agassier, who is the author of the resolution placing the bill on the Government, declared that, "while only one plan fell from yesterday's shake, others will ripen and fall in turn."

Notice of an interpellation on the general policy of the Government has been filed for Tuesday, but it is expected that a debate will be provoked.

## CANADIANS GET BIG SHOW WELL TO FRONT

About 200 From Witley Camp Are Organized For Parade at Last Minute.

ARE ROUNDLY APPLAUDED

General Currie Leaves For Canada Aug. 1—General Turner a Week Later.

LONDON, July 20.—Canada was represented in yesterday's great peace procession—not by one or two officials but by real troops. Indignant at being left out of the proceedings and not to be outdone, a detachment of Canadians was organized Friday night, and it paraded to the plaudits of the multitude.

It had been announced that it would be impossible to collect a detachment to participate in the procession because so few Canadian troops were left in London. A special inquiry was made from Buckingham Palace about the absence of the Canadians, while the English press expressed the deepest regret.

Currie and Turner With Men.

Generals Currie and Turner both headed the detachment, the latter being about 200 men drawn mainly from Witley Camp. The Canadians were formed in the dominion sections of the procession, and received a very hearty reception along the entire route. The detachment was led by General Currie and Turner, and with other generals subsequently had lunch with the King, whereas all military bodies, except the Imperial forces went in alphabetical order.

It was noted that the detachment of the dominion forces, and with other generals subsequently had lunch with the King, whereas all military bodies, except the Imperial forces went in alphabetical order.

Decision Came Late.

As a matter of fact, notification to this effect was made last night that it failed to appear in some morning papers.

Another feature of the Canadian representation was that while Australia, New Zealand and South African commanders rode on Marshal Haig's immediate vicinity, Generals Currie and Turner took their places at the heads of the detachment.

General Currie and Turner were quickly recognized by the men who accompanied them, and they were welcomed by a whole-hearted cordial welcome.

General Currie sails for Canada on August 1, General Turner about a week later.
