

CAUSE OF DEATH OF SENECA TP. WOMAN BEING INVESTIGATED

Mrs. Robert Gill and Her Husband Taken Ill After Supper Sunday.

POST-MORTEM HELD

Stomach and Contents Sent To Toronto For Analysis.

CAYUGA, June 22.—(Special to The Advertiser).—Mystery surrounds the death at her home, Third line, Seneca Township, on Sunday evening, of Mrs. Robert Gill, whose dead body was found in the garden at the back of her house.

Mrs. Gill and her husband had been in their usual health during the day, but immediately after supper were both taken so violently ill that their daughter became greatly alarmed and ran to neighbors for help. When Miss Gill returned to the house with friends, no signs of her mother could be seen, and it was some little time before Mrs. Gill was found in the garden lying under an evergreen tree dead.

Post-Mortem Held.
The body was carried into the house, and Dr. Maw of Cayuga was called, and on his arrival decided that as he could not diagnose the cause of death to call in Coroner Harrison Arrell of Cayuga, who ordered the holding of an inquest at 2 p.m. on Thursday next at York, the nearest village.

The coroner later called in Dr. Snyder, coroner of Cayuga, and arranged for the holding of a post-mortem examination of the remains of the deceased, which took place today. The stomach and its contents, it is stated were later sent to Toronto for examination and analysis.

Husband Recovers.
Pituitary poisoning is believed to have been the cause of the death, but as only the usual evening meal was prepared and eaten by Mr. and Mrs. Gill, the authorities are desirous of locating the exact cause. Mr. Gill still very ill, but will recover. Mrs. Gill is survived by her husband and an adult family.

ANOTHER CRISIS IN GERMANY AS CABINET FALLS

Fehrenbach Government Collapses Because Majority Socialists Refuse Support.

LONDON, June 22.—The Fehrenbach Cabinet has collapsed owing to the Majority Socialists refusing to support it. This announcement is made in a dispatch from Berlin to the London Times, sent at 10:30 o'clock last night. "It is learned tonight," (Tuesday), says the Times' correspondent, "that the Majority Socialists at a meeting today declined to give a vote of confidence to the Fehrenbach ministry. The Democrats declared that the conditions on which they consented to join the Government have not been fulfilled. The People's party also, it is reported, refuse to support the Fehrenbach Government. The crisis, therefore, is again acute."

TORONTO MAN TAKES CHILD FORCIBLY FROM WOODSTOCK SCHOOL

Alleged To Have Assaulted Boy Who Sought To Interfere.

WOODSTOCK, June 22.—Considerable excitement prevailed at one of the city schools today, when the father of little Marion Childs, who for several years has lived here with her uncle, Fred Childs, drove up to the school in a sedan and forcibly compelled his little daughter to accompany him to his home in Toronto, and for a few minutes those in the immediate neighborhood thought it was a real kidnapping case.

The father, Howard Forfar, called at the school and going to the room where the little girl, with the other pupils were just receiving one of the examination papers, asked the girl to accompany him. She protested, but despite her objections and the added protests of the teacher the father forcibly compelled her to go.

In the same room was Bobbie Childs, a cousin of the girl, who, although only eleven years of age, did his best to prevent the father taking the child. It is alleged that the boy was used roughly by Forfar and his father has had a warrant issued, charging Forfar with assault. He will likely be brought back here.

When the little girl was a babe she was taken by the Childs and kept until she was seven years of age. Two years ago she was taken to Toronto and lived with her parents until this spring, when she returned to Woodstock of her own will. Her father is a truck dealer in Toronto.

Forfar, it is stated, did not interview Mr. and Mrs. Childs today before taking the little girl away.

"WE WOULDN'T BE WITHOUT TANLAC"

Mrs. McCurdy Says It Helped Her Whole Family Back to Health.

"Tanlac has done us all so much good that we look upon it as the family medicine, and I wouldn't be without it in the house now on any account," said Mrs. M. C. McCurdy of 244 Stanley avenue, Hamilton, Ontario, recently. "I was in a very rundown condition a little while ago," she continued. "My stomach was so badly out of order, and I had such a very poor appetite I didn't care whether I ate anything or not, yet even a light meal would upset me. The food would lie in my stomach like a lump of lead, and cause me severe pains. My head ached at times fit to burst, and I had dreadful spells of dizziness. I fell off in weight until I only weighed a hundred and thirty pounds and always had a dull, heavy and tired feeling, so that the work of the house was too much for me, and I wanted to lie down all the time. My nerves were all on edge and even the slightest noise out of the ordinary would upset and irritate me."

"When I read of how Tanlac was helping so many people, I thought I would give it a trial. My appetite improved on the very first bottle, and from then on my general improvement was rapid. I soon found that I could digest whatever I ate and that my food seemed to be doing me good. As a matter of fact I haven't had any stomach trouble since, and have gained fully ten pounds in weight. I now feel strong and energetic, and really never felt better in my life."

"When my husband saw how much good Tanlac was doing me, he started taking it, too, for he was feeling run-down at the time, and it helped him quite as much as it did me. The whole family have used it, and it agrees with all of us. We think it is a wonderful medicine and that there's nothing as good as Tanlac."

Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town.

COAL WASHED ASHORE NEAR COLCHESTER OF GOOD QUALITY, REPORT

The Source of Supply Being Searched For—Old Wreck Is Belief.

WINDSOR, June 22.—Possibility of the solution of the fuel question for towns located in South Essex developed today, when huge quantities of soft coal were washed ashore at Colchester on Lake Erie. Residents of the locality who made the discovery are figuring on filling their bins for next winter independently of the transportation tangle.

Fishermen are searching the lake-shore, hoping to find an ancient wreck or hoard as a possible source of the tons of coal which have been beached. The coal is of good quality, and the quantity found is said to indicate a recently uncovered supply in comparatively shallow water. Should an abandoned wreck of a coal boat be found, the discoverers under the salvage law would be entitled to use or sell the fuel. It is considered unlikely that a mineral deposit in the virgin state will be found, there being no coal mines in this district. It is believed the recent heavy weather on Lake Erie has removed a covering of sand from a coal barge wreck abandoned years ago.

STRAWBERRIES SELL AT 8 CENTS A QUART BY THE CRATE LOT

Supply Far Exceeds Demand in Tillsonburg and District.

TILLSONBURG, June 22.—An abundant crop, shortage of pickers and the failure of housewives to can strawberries for winter use, owing to the price of sugar, has resulted in several sharp declines in the price of this favorite fruit since Monday morning. Fresh strawberries were this morning retailing at 12½ cents a quart basket. Later they dropped to 11 cents and at 6 o'clock had dropped to 10 cents, with a supply greater than the demand. So big is the crop in this vicinity that cars and trucks are delivering the berries from house to house to get them sold before spoiling, and orders are being taken today to deliver berries at 8 cents a basket by the crate, a price far below pre-war prices.

STRAWBERRY PRICES TUMBLE.

A considerable slump in the price of strawberries is predicted here for the later part of this week. The local Dominion Canners Company factory here offer only 10 cents per box, and expect to begin operations on Thursday with a good supply at that price. The 15-cent price has already been reached, some selling for that today, although 22 and 25 cents prevailed up to yesterday. The quantity and quality promises good. The high price of sugar has had much to do with the drop in price.
