## Don't You Want to Live in the Suburbs?

The whole tendency of home-seekers is to suburban life. With the splendid service given by the Metropolitan Railway, this movement, as far as Toronto is concerned, has been strongest toward Yonge Street "North." Some of Toronto's most prominent citizens and some of the most beautiful residences are in the district about Lawrence Park. Lawrence Park is the high-class, restricted residential district on east side of Yonge Street, at Glen Grove Avenue stop on Metropolitan Railway.

## Lawrence Park

is the only high-class district in that section. People who want splendid surroundings, at moderate prices, should consult us regarding terms for lots in the beautiful park.

**MONTREAL WILL GET DOCK**  
Quebec isn't in the running. According to Mr. Vickers.

**MONTREAL, July 8.**—(Special.)—It is pretty well understood here that the contest between Quebec and Montreal, which has been going on for months past as to which port will have the immense dock, has been decided in favor of this city. In the first place Mr. Vickers, who carefully looked over the whole situation and calculated the amount of business that would naturally come to the respective ports, has positively stated that Montreal is the place for the dock. In fact he declares that any consideration will not be given to any consideration, and will not advise any friend of his to spend a cent at Levis on such an enterprise.

Of course Levis is agitating at Ottawa and trying to get a group of capitalists to apply for the subsidy, but it is not at all probable that any one will undertake the proposition.

**St. Clair Avenue Widening.**

## CHARLTON MAY GO FREE

Dispute Between Italy and the U. S. May Mean His Release.

**NEW YORK, July 8.**—A further adjournment of the hearing of Porter Charlton to-day in Jersey City to August 11 forecasts an early ending of the case. The papers demanding Charlton's extradition to Italy, to stand trial for killing his wife, Mrs. Mary Scott Castle Charlton, at Lake Como, have not been received, and unless the state department at Washington takes some action within the next few weeks, Charlton will be discharged from the custody of the Jersey court. Should Italy demand Charlton's extradition, the state department will reject the demand unless Italy agrees

## FOUGHT FOR HIS LIFE

Mining Foreman Attacked by Finns Armed With Knives.

**COBALT, July 8.**—(Special.)—William James, foreman of the Flynn properties in South Lorrain, had to fight his way out of a store at Loon Lake when attacked by some Finlanders, whom he had discharged. The trouble arose when James hired some Italians to do some trenching, against the wishes of the Finns, who became ugly and were discharged.

Later in the day when James was in a small store at Loon Lake, he was surrounded by the Finns, most of whom were armed with knives and other weapons. He procured a gun from the storekeeper and fought his way back to his camp. It was feared that the Finns would attempt to blow up the camps with some dynamite that they were known to have in their possession, and pickets were posted on the property all night.

To-day Constable MacKay arrived with six deputies and quickly put an end to the affair, by making five arrests.

As the Osler playground, corner Argyle and Beaufield-streets, will not be ready for use for some months yet, it has been decided to establish a temporary playground in the yard of Givens-street school.
