The Third Day of Our Opening Features "Simpson" Hats

An enlarged workroom, full of clever milliners, is a matter of importance these days in pricing our hats. Original models come very costly in the face of high tariffs, costly at any time from the best sources from which we buy our models.

Our designers, however, receive inspiration from these expensive patterns and we are enabled to offer this morning over 150 Charming Hats at very interesting prices.

They are fresh from the hands of our best designers in beautiful rich velvets or plushes, in these excellent colors, purple, navy, nigger, wine, dark green or black. Very smart are the French novelties with which each hat is trimmed. The exceedingly modest price we ask for any of these hats on Wednesday is 8.50
