plied to ensuring the success of the issue.

Drygoods trade is fairly good, with medium and heavy woolens in greater request. Inquiries for yarn, for export were noted during the last week. Purchases for current dating are rather disappointing. Munition orders have been secured recently that will guarantee a continuance of activity in this industry for the winter months. Further arrangements have been made with regard to the financing of the western wheat crop movement which will considerably ease the financial situation. The shortage of cars has been an impediment to the expeditious movement of both grain and merchandise, but some slight improvement was noted recent-

MONTREAL PRODUCE MARKET.

Montreal. Nov. 9.—In sympathy with the stronger feeling for oats in Winnipes today, oats on the local market were marked up ½c per bushel, and the demand was fairly good. A stronger feeling developed for baled hay, which advanced in price from 50c to \$1 per ton. This is attributed to the announcement of the Dominion Government that they will pay for their November contracts, \$13.50 for No. 2 and \$12 for No. 3 hay. There was no change in the market for eggs, a fair trade being done in a wholesale Jobbing way at unchanged prices. The receipts of eggs were 1553 cases, as compared with 1172 a week ago. Increased receipts and an advance of ½c per pound in price featured the butter market. Finest creamery sold at 44c to 44½c. Receipts were 2327 packages, as compared with 11823 last Friday.
