Boys' Sweaters, regular \$1, reduced to..... **.75**

Mail Orders promptly filled

PHILIP JAMIESON, QUEEN & YONGE STS., TORONTO

ENGLISH COTTON TRADE.

London, Jan. 13.—Commenting on Mr. Chamberlain's Preston speech, the president of the Federation of Master Cotton Spinners says: "Mr. Chamberlain does not understand the cotton industry at all." Sir William Holland, M.P., says: "Mr. Chamberlain has thrown up the sponge, so far as the cotton trade is concerned." Alfred Emmett, M.P., thinks Mr. Chamberlain utterly failed to disprove the statement that the cotton trade must be injured under the proposed tariff. D. J. Shackleton, M.P., thinks Mr. Chamberlain's speech will not help the protectionist cause.

REVISION OF THE TARIFF.

Ottawa, Jan. 13.—(Globe Special.)—The commission to investigate the tariff will be appointed at an early date. The government are anxious that the commission should commence operations as soon as possible, and hence it is expected that the present session will be extremely short, "closing, in fact, early in the year." It is thought that the opposition will further this view in order to permit the early commencement of the work of the commission. It is, of course, if the session is protracted, the work of the commission will be delayed and early action in regard to tariff changes will be impossible.

ARRESTED IN COBURG.

Cobourg, Jan. 13.—A clever midnight capture was made by Police Constable Rooke, in Cobourg on Thursday night. While on his beat on Division-street, the constable chanced to see the figure of a man in the rear of J. N. Campbell's general dry goods store. Hurrying to the back entrance, he saw the man force his way in and at the point of the revolver made his men throw up their hands. The man, who was discovered to be "Bud" Agnew, a notorious crook, who has already served several terms in the Central for similar offences in different parts of the province.

Men, I Have the Cure

For Nervous Debility, Varicocele, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Indigestion, Constipation, or any Weakness, and

I WILL PAY \$1,000 FORFEIT

For a case which I cannot cure with my new Improved Electric Belt, the marvel of electricians, the most wonderful curative device that has ever been introduced. This Belt is complete with Free Electrical Attachment.

And You Need Not Pay a Cent Until Cured

This Electric Attachment carries the current direct and cures all weaknesses, varicocele, etc. It develops and expands all weak nerves and checks a loss of vitality. No case of Falling Vigor, Varicocele or Debility can resist this powerful Electric Attachment. It never fails to cure. It is free with Belts.

No man should be weak; no man should suffer for this. You can be restored. The very element which you have lost you can get back, and you may as well be as happy as any man that lives.

Well and Strong for Three Years A'cor.

Dr. McLaughlin:

Dear Sir—I am well pleased still with the good the Belt did me. It strengthened my nerves and built me up and I am well and strong for the past three years since wearing your Belt. I think there is nothing better. Yours very truly, MRS. J. G. WALKER, Canilua, Ont.

Every person wearing Dr. McLaughlin's Belt receives FREE until cured the advice of a physician who understands his case. This is the cause of its success after everything else fails.

FREE BOOK.—If you can't call write for my beautiful descriptive book showing how my Belt is used. It explains how my Belt cures weakness in men and women and gives prices. Send for it TO-DAY. Address

DR. M. O. McLAUGHLIN, 130 YONGE ST., TORONTO, CAN.

OFFICE HOURS—9 A.M. TO 8.30 P.M.

WATER FOR NON-RESIDENTS

ALDermen TAKE UP ISSUE

Send Dr. Playter Away With Pleasant Assurance and Then Decide Against the Practice.

The board of works again yesterday performed its annual contortion of swallowing itself on the question of supplying city water to persons living outside the city limits. The matter first came up on the application of Dr. Playter, who lives at the head of Broadview-avenue. He appealed for a supply of water for himself and a number of his neighbors, and he was cheerfully sent to the city engineer with the impression that his request was already well as granted. When the application of R. L. Desjardis of Farnham-avenue came up, however, opposition developed and it was decided on a vote that the request should be denied, the principle being accepted that no such application should be considered unless the applicant should be taken on numerous former occasions, but regularly reversed when an applicant brought proper pressure to bear.

For granting the application—Ald. Jones, Fleming and Harrison—Ald. Against the application—Ald. Graham, Keeler, Dunn, Sheppard and Noble—Ald. Costworth and Chairman Mc-Ghie did not vote.

Ald. Fleming said that the committee had been granting city water to outsiders regularly and it would be unfair to discriminate against them. He said that for the amount of water that would be used it would make little difference to the city. He said that the city would within a few years have a water supply for three times the present amount. He said that the city would be able to double the gross rates, Ald. Graham said the practice encouraged the payment of water bills by outsiders at double the gross rates. Ald. Graham said the practice encouraged the payment of water bills by outsiders at double the gross rates. Ald. Graham said the practice encouraged the payment of water bills by outsiders at double the gross rates.

On motion of Dr. Harrison, the board of works yesterday afternoon estimated a sum sufficient to re-number and rename the city streets. It was estimated that the cost of the work would be done as early as possible.

Dr. Harrison made a fight for a public lavatory on the south side of Queen-street at Spadina-avenue. He was supported by Dr. Noble but was overruled that the city engineer should report on a general system of lavatories for the city.

The following sub-committees were appointed:

Public Naming and Numbering—Ald. Noble, Geary and Harrison.

Public Lavatories—Ald. Sheppard, Dunn, Sheppard and Noble.

Disposal of Sewage—Ald. Noble, Mc-Ghie, Harrison, Jones, Geary and Keeler.

Street Sweepings and Garbage Disposal—Ald. Noble, Sheppard, Jones, Dunn, Costworth, Mc-Ghie and Graham.

The application of T. R. Haig for a small family hotel was considered at the next meeting.

The notices of motion filed by the various aldermen at the opening session of council were referred to the city engineer for reports. A report on the street-cleaning was added on motion of Ald. Fleming.

Lynd Benefits by Re-count.

J. M. Godfrey had little luck in his attempt to win an alderman's seat from Dr. Lynd in the 6th Ward yesterday. The recount before Judge Winchester resulted in an increase of the sitting member's majority by six votes. The work was much less tedious than on the previous day, as the majority votes polled being much smaller and the returns being in better condition and easier to handle. The return of the deputy returning officers did not average as well, however, but six being correct out of 27 divisions.

There were 154 ballots wrongly marked, the great majority bearing four crosses. Dr. Lynd gained 24 votes last night, while Mr. Godfrey gained 17 and lost three, a net gain of 8 for the former.

New Street Sweeper.

A new street sweeper, which will obviate the objection of the fire department when the weather is too cold to permit of the sprinklers being used, has been ordered by the city engineer, James Jones. It is operated by gasoline on the suction system and will cost from \$1,000 to \$1,200. Two fans running at the rate of 2,000 revolutions per minute produce a draught that separates the dust from the air.

The contractor laying the six foot steel pipe across the island has given up the work until March 15. He is liable to a penalty of \$50 per day, but it is probable that the city will take over the work before the end of the year.

There were 154 baseball games, 43 of football, 27 cricket and 10 of lacrosse, and 185 picnics at Island Park last summer.

Dr. Sheard is of opinion that a public library is greatly needed in the downtown district, and suggests the Louise-street school as a suitable site.

The City Council was notified yesterday that it must sign the contract agreed upon when it obtained the right to place the huge macadam bridge just west of Yonge-street.

A new 75 ton motor is now being installed on the Toronto Railway Co. supply now operated by that company. About two weeks will be required to place the huge machine in position.

The subject of tenders is occupying the attention of the general manager, and he has had several consultations with Crown Attorney Dryton on the subject.

Joe Bristol Resigns.

Washington, D.C., Jan. 13.—Fourth Assistant Postmaster General Joseph Bristol, resigned to take effect on Jan. 20. Late in the afternoon President Roosevelt issued an order that Mr. Bristol should be appointed to the position of postmaster at Portland, Me., on the Atlantic coast and the Isthmus of Panama.

BANK OFFICIAL GETS OUT

ALL DUE TO MURROE BROS.

Loomis Tenders His Resignation as Vice-President of National City Bank.

New York, Jan. 13.—Archibald G. Loomis, whose name frequently has been mentioned in connection with the booming of the Montreal and Boston Consolidated Mining and Smelting Company stock by the failed firm of Munroe & Munroe, has tendered his resignation as vice-president and director of the National City Bank of this city. It is understood that the resignation will be accepted.

In his letter of resignation Mr. Loomis says he is led to do this because of his continuance with the bank exposes it to criticism and attack, which should be personal to himself, as an officer or individual connected with the bank. Except myself, had anything whatever to do with the credit which was extended to Munroe & Munroe. The amounts that were advanced to them were loaned in the ordinary course of business, and as all that I had ample collateral to them to secure their loans. I believed at the time and still believe that the property of the Boston and Montreal Copper Company is a valuable asset, which has a personal interest in the loans made to them.

"I have been engaged in the banking business for upwards of an officer or director during which time I think I may say that my record will speak for itself and not to my disparagement. If there has been any lack of judgment in these matters it is but proper that I alone should suffer the criticism."

Complaints in the nature of creditors' suits will be brought against the members of the syndicate which under wrote the issues of 700,000 shares of the Montreal and Boston Consolidated Mining and Smelting Company. It was announced to-day by Samuel Undermyer, counsel for the creditors of Munroe & Munroe, who failed in attempting to "boom" the National City Bank stock, that he had secured a writ of habeas corpus for the creditors of Munroe & Munroe, which was claimed to be a violation of the laws of the province. The writ was granted by the court and the creditors are to appear before the court on Tuesday next.

LIKED OUR APPLES.

London, Jan. 13.—Mr. and Mrs. Chamberlain, when visiting the Colonial Products Exhibition at the Crystal Palace, were particularly interested in the show of Canadian apples. Mrs. Chamberlain had never seen a basket of Canadian fruit before. She was so impressed with the quality of the apples that she bought a basket to take home with her. She also bought a basket of Canadian apples to take home with her.

BOUGHT BACK STOCK.

Morgan and Others Interested in Hankow-Canton Ry. Jolted.

Washington, D.C., Jan. 13.—Sir Chen-tung Liang Cheng, the Chinese minister to the United States, has been informed that J. Pierpont Morgan and the other Americans interested in the Hankow-Canton Railway have bought back their stock in the road, and the minister has advised his government of the fact, with the recommendation that the franchise be not cancelled, but that the franchise would be cancelled if they disposed of a majority of the shares, reconsidered their decision, and have again obtained possession of a greater part of the stock.

GERMANS LOST IN AFRICA.

Berlin, Jan. 13.—The total losses of the German troops in Southwest Africa, as officially reported by the Reichstag finance committee to-day, were killed in battle, died of disease or murdered by natives 54 officers and 752 men; wounded, 31 officers and 154 men.

DEBATE PUT OFF TO-DAY.

Paris, Jan. 13.—The chamber of deputies was packed to-day, owing to the expectation that the cabinet crisis would reach a decisive issue. A motion postponing the debate until to-morrow finally prevailed.

New Commissioner of Penitents.

Washington, D.C., Jan. 13.—President Roosevelt to-day appointed Vespaan Warner to be commissioner of penitents, a position vacated by the death of Congress from Illinois.

SUGAR TAX MUST REMAIN.

London, Jan. 13.—Replying to-day to an influential deputation of representatives of the sugar industry in the House of Commons, Mr. Austen Chamberlain said he could not hold out any hope of the present state of the country's finances, that a tax which brought in \$30,000,000 annually could be abolished.

No Massacre.

Brussels, Jan. 13.—The authorities of the Congo Independent State, which Tagliche Rundschau of Berlin of the massacre of 1,000 natives and 500 Europeans in the upper reaches of the Congo River.

Five of Crew Lost.

Holmfax, N.S., Jan. 13.—A dispatch received here from Glace Bay, N.S., states that five of the crew of the schooner "Lion" were sunk in a collision in Bay of Fundy, Newfoundland, and killed. The schooner was carrying a cargo of coal and was bound for Glace Bay.

"THE HEINTZMAN & CO. PIANO IS THE STANDARD OF ARTISTIC EXCELLENCE."

This great Piano is a "musical star" that has been in the ascendancy for over half a century. It leads all others.

Its many triumphs go to make up a large chapter in the musical history of the country. The history of music in Canada would be incomplete without this chapter. The

Heintzman & Co. Piano

(MADE BY YE OLDE FIRME OF HEINTZMAN & CO., LIMITED.)

whether in Upright or Grand—for it is a piano distinctive of itself—beautiful in artistic design, without a rival in supremacy of musical construction.

"My recital programme involves a wide selection of songs of most varied characteristics and requires, of necessity, a piano capable in the highest degree of the most delicate inflexions and of the widest range, alternating from fine pianissimo effects to the most powerful manifestations of dramatic force. To these demands I found your instrument most responsive."—Plunkett Greene, England's Great Bass Cantorato.

MERE CHILD AIDS.

How a New York Mother Ekes Out a Livelihood.

New York, Jan. 13.—Dr. A. S. Daniel of the New York Infirmary for Women and Children to-day addressed the members of the Municipal League on "Illegal Sweat Shop Work."

"Some time ago a child of one and one-half years was brought to the New York Infirmary for treatment," said Dr. Daniel.

"After some days the child's mother came for her and took her away, saying she needed the child's services in following the trade of pascamenterie. The child's services were worth 50 cents a week."

"The little one rolled tiny balls in paste which the mother attached to the child's hair. The child's services were worth 50 cents a week."

Assembled leaguers gazed with amazement. The law prohibits employment of children under 14 years.

BOUGHT BACK STOCK.

BAY OF QUINTE DISTRICT CLAIMED BY CONSERVATIVES

Will Not Surprise Political Prophets if the Four Constituencies Go Against Ross.

Belleville, Jan. 13.—(Special.)—Election matters in this district are progressing satisfactorily for the Conservatives. M. B. Morrison of Trenton, Conservative candidate for West Hastings, has been in this city for the past few days, and has made a personal canvass. He reports most gratifying results. There is no doubt at all that Hon. Mr. Ross made a bad impression on the independents and Conservatives who heard him here. His claims of political purity disgusted many Liberals also, while the attempt of Mr. Pringle, the Liberal candidate, to drag in the race early has caused his stock to fall appreciably. It has been openly stated by Mr. Pringle that he has been approaching Conservatives in this district, admitting that Ross will be defeated, but asking for support on personal grounds, as he is a resident of Belleville, while his opponent, Mr. Morrison, is a resident of Trenton.

In East Hastings Conservatives claim to be perfectly satisfied with the prospects, and the fact that the Liberal candidate, W. Rathbun, did not appear at the meeting of the Conservative Club, is making a strong fight and his friends predict that he will make quite as good a run as did Mr. Alcorn, M.P., the successful candidate at the recent Dominion election.

In North Hastings even the Liberals concede that Mr. Pearce, the Conservative candidate, will have a majority approaching four figures. The Liberals met in convention at Madoc yesterday to nominate a candidate, but adjourned without doing so. There is a possibility that Mr. Pearce may be returned unopposed, but the probability is that somebody will next Wednesday be found to sacrifice himself.

In Prince Edward County the Conservative candidate, Mr. Norman of Picton, is making a strong fight and his friends predict that he will make quite as good a run as did Mr. Alcorn, M.P., the successful candidate at the recent Dominion election.
