MUSQUODOBOIT & TRURO.

We understand from our Missionary that considerable sums in each of these districts have been subscribed for the support of the ordinances of religion, but as no regular lists from the Treasurers of the sums which have been paid into their hands have reached us, we are unable to furnish the names of the subscribers.

To prevent disappointment in future, it may be necessary to state that all subscriptions are due on the first of February, each year; and unless they are paid to the Treasurer on or before that day, they cannot expect them to appear in the Annual Report of the Association.
