WITH THE PIN SPILLERS

The C.B.A. officers are working night and day to make the Toronto tournament the biggest and best in the history of the organization. The big doings will commence on Saturday, April 1, and continue for one week.

The

The announcement of the alleys that the tourney will be held on will be made after Monday's executive meeting and it looks at the time of writing as if Eddie Sutherland's Athenaeum Club will be the place.

Bowlers all over Ontario are showing all kinds of interest in the affair, now that it is to be in Toronto, and the entry list promises to be the biggest ever.

Guaranteed purses and the tournament run in proper style are doing the business. The business leagues of the town are being canvassed, and promise to enter a large number of teams. Remember the date, and get your entries in early.

Kelsey and Johnson of New Haven, Conn. won the leadership of the two-man event at the National Bowling Association tournament Saturday, and established a new world's record for the event, with 1355. Kelsey bowled 225, 233 and 242, and Johnson 202, 234, 219.

Kelsey bowled a perfect game, making it strikes, 10 spares, 2 splits and no errors. Johnson made 18 strikes, 9 spares, drew 2 splits and made 1 error.

The standings of the high teams in each event at the Buffalo tournament are given below, and are without a Toronto team among them.

Surprises came thick and fast in all leagues rolling on the Toronto Bowling Club alleys during the past week with the leaders in two being dethroned at least for the time being.

In the Printers League the two World teams fattened their win column at the expense of The Mali and Globe in the morning section, and now have the championship of the second series between them, with the Dailies in the lead.

In the evening section MacLean Publishing Co., the leaders, were handed a jost by losing three games to Dunlop & Rose, who assume the lead, while MacLeans repose in third position, but with Toronto Typesetting are still very much in the race. much in the race.

In the Baton League Engineers jumped into the lead in No. 1 section, but with Firth Floor and Printers right on their heels. In No. 3 section A 3 are leading, but with only half as many games rolled as the two following, E 1, 2 and 3 and Winnipeg Office, should be easily overtaken.

In the Apple League the higgest surprise of all was uncorked. Russets, the leaders, dropping to third place thru losing two out of three games to Greenings, while Pippins went into the lead by defeating Duchess in three straight, and in doing so also annexed thigh team total for the season with a 2627 count.

The standing of the two-man leagues are also here given this week, which includes the T.B.C. Eatons and Emmetts. In the T.B.C. El Fairs are in the lead with a clean slate, having won 5 and lost 0, but The World and Bankers, who have rolled more games, are tied and a close second.

In the Emmett with a roster of six teams Dreamy Moments and Cuckoos are tied for the top with the next two tied for third, while the Teasers and Rare Old Birds are not far behind, and will have to be reckoned with before the season closes.

The Eaton Two-M known as the Twilight League, have a field of twelve teams, and judging by the present standing should furnish the keenest rivalry and best sport to

OPEN AIR HORSE SHOW. Arrangements For The Dominion Day

Function Aiready Under Way. It is a sign of the approach of mild days and sunny weather when horse show and race authorities get busy with their arrangements. Entries are already in for four O. J. C. stakes, including the King's Plate, and for some time preparations have been in progress for the spring horse show, the prize lists being now ready and to be had on application to M. J. Stark, manager, 12 Wellington-street east. On Thursday evening the annual meeting of the Open Air Horse Parade Association took place in the Prince George. In spite of the big anti-reciprocity meeting in Massey Haff there was a large attendance. President Noel Marshall was in the chair and some of those present were: R. W. Davies, J. D. Montgomery, H. C. Tomina, O. B. Sheppard, George Pepper, T. A. Crowpw. J. Langton, H. M. Robinson, Thos. Bartrem, T. Rolston, all of whom were elected directors, along with H. C. Cox. Dr. W. A. Young, J. Dixon and W. H. Knowiton. The elected directors and chose the following officers: President, Noel Marshall; first vice-president, R. W. Davies; second vice-president, R. W. The executive were also applause. The executive were also were recommended to get to work at once, consequently subscriptions will now be received by any of the gentlemen named. It must be understood that this is entirely a voluntary function, everything being free to the public, including both entries and catalogs. After the general meeting the executive met and revised the prize thist, eliminating one or two classes, changing others a tritle, limiting ponies to 14 hands, and adding classes for horses over 14 hands and not exceeding 14.2, for milling and storage teams, reinstating the professional class for horses owned by doctors, dentists, lawyers and clergymen, and dividing the big unenumerated division into three, namely, both sides of Yongestreet and all east and all west thereof. The secretary was authorized to engage the usual bands and the question of prizes was left over for future consideration by the executive.

Debutantes are already rehearsing for the forthcoming courts, and teachers of deportment in luxurious west end salons are busily engaged in putting pretty girls 'thru their paces' for these all-important events.

The rehearsals are not so exacting as in Queen Victoria's time, for the Georgian debutante will not have to face quite so formidable an ordeal. She will curtsey once to the King and once to the Queen, and then retire as gracefully as possible to the supper room. However, even this comparatively simple performance must be carried out to perfection. The minimum cost of a debutante's outfit is f30, but as a rule over £200 is expended, the heaviest items in the account being £105 for the gown and £30 for the cloak. An American bride has been known to spend as much as £1700 on her court outfit, the gown costing £1500.—M. A. P.

CRUSADE AGAINST HAGE

Forty Have Been Closed Since Guttenburg and Gloucester and Fight is Being Kept up.

More than 30 race-tracks in the United States, not including nine in the da, have been closed by adverse legislation since 1892, when the first successful crusade against racing was carried on in New Jersey. It is esworth of property has been depreclated in value, while thousands of own ers and breeders have been financially crippled. The thorobred breeding industry has been reduced to a minimum and the passing of some of the greatest race-horses in the world has been recorded.

and the passing of some of the greatest race-horses in the world has been recorded.

The New Jersey crusade was chiefly due to the iniquitles at Guttenburg and Gloucester, where winter race meets were held in deflance of the racing law and the sure thing gambling element ruled with an iron hand. Because these tracks followed a rule-or-ruin policy a constitutional amendment was passed by the voters across the Hudson River, which closed masnificent Monmouth Park, together with the smaller race-courses at Elizabeth, Linden and Clifton, Many thousands of dollars invested in these tracks were lost as a result and the tracks were allowed to go to wreck and ruln.

Chicago Out of Business.

In spite of powerful influences the Chicago tracks were soon put out of business. Washington Park, where the \$60,000 American Derby was run; Hawthorne, over which Edward Corrigin presided; Worth and Harlem, in which the blind John Condon was more than ordinarily interested, were forced to close their gates.

Several attempts since have been made to revive the sport in the Windy City, but the reform element in each instance has developed sufficient power

made to revive the sport in the Windy City, but the reform element in each instance has developed sufficient power to successfully oppose favorable legislation. Corrigan and Condon, once bitter enemies, met with other reverses. When former Governor Folk conducted a winning fight against race-track betting in Missouri. Corrigan was caught in the net. He was the principal owner of the big track in Kansas City, which, to the the fair grounds and Delmar Park in St. Louis, controlled by the Cella syndicate, was forced to nail up the shutters.

Condon put nearly a million dollars into Oaklawn Park, at Hot Springs. Ark, only to find that after one season the reformers held the whip hand in the legislature at Little Rock. A bill prohibiting bookmaking became a law, and Oaklawn, together with another track at the springs, became worthless.

In Florida a new law goes into effect on May 1, which, it is said, will make further meetings at Jackson-ville. Tampa and Pensacola out of the question. They tried racing and betting in Atlanta, Ga., two years ago, but the venture was abandoned upon the arrest and conviction of a layer of office.

Donkey Ride a Cure for Whooping Cough.

A sure cure for the whooping cough: Place the child on the back of a donkey which has the cross plainly marked on the rump; then lead the animal to a place where roads meet in the form of a cross.

This is not a specific sold in drug stores, but a remedy in vogue in the Emerald Isle before superstition gave way to modern medicine.

D. John Allan Hornsty of Michael Reese Hospital was using it as a recipe in a talk on "Irish Medicine, or Irish Lagendary Lore." "The blood of a black cat is a sure cure for the shingles," was another superstition recalled by the speaker.

Still another was that "a drop of blood from a Kelnoe would cure the toothache."—Chicago Tribune.

-By Bert E. Collyer .--The tolling of curfew in California, together with the impending legislative enforcement of the anti-gambling bill enforcement of the anti-gambling bill in Florida which, beyond a question of a doubt, will close the gates of Moncrief Park on May 1, has not lessened the enthusiasm of the participants and patrons of the thorobred turf. At Juarez, where a twenty-year concession was granted by the Mexican Government, the track owners have definitely decided on the erection of an \$800,000 hotel for the comfort of the big influx which is sure to make Mr. Winn's track the real curf mecca next winter. Impending turf revivals in both Tennessee and Missouri are almost assured, while the recent passage of a bill permitting the selling of pools within a race-track enclosure in both houses of the West Vinginia Legislature gives the stamp of approval to the proposed serection of a modern racing plant at Chester, a little town near Pittsburg.

The track is a mile and an eighth around, with a straight chute of a quarter of a mile, out of which the fields are started in mile and seven furiong races. There is also a straight half-mile chute out of which many of the juvenile faces are run, and another chute coming into the main track for a mile and sixteenth races.

It has a peculiarity all its own in as much as there is always a fast course to run over. A strict mudder finds poor picking at Juarez, but odd to note, many such horses take kindly to the velvety abode cover.

Racing at Juarez this winter has never been surpassed or even equaled in high-class sport. To illustrate that the track is among the best and fastest ever laid out, the best time at the different distances over this course are given below:
