## Be fair to your teeth --use Mennen's

MANY extravagent claims are made for tooth pastes and powders. Some, while they clean the teeth, do so by a scouring or grinding action that in the end destroys the precious enamel of the teeth. Mennen's is fair to the teeth. It cleans and polishes by a gentle natural action, removing all stains and restoring the natural whiteness of the teeth. Mennen's is agree-ably flavored and leaves the mouth cool and fresh.
