Scorer—R. H. Howard.

Saturday's Moncton Transcript says:—"With only three players to get reinstated it seems practically assured there will be a local amateur baseball league this summer. The three are: "Doc" Gallagher, "Shorty" Trites and "Mike" McDonald, and, while it would seem that three would hardly interfere with the forming of a team, yet if these players were not brought back it would mean much to the Y. M. C. C.s. They were the big end of that team last year and without them the Catholic boys need have no hope for landing another pennant.

"Of course there is a lot to be done in order to get the three C. C. players back to the fold. They have to go before the sub-committee here in Moncton and a report sent to headquarters. The reply would in all probability be favorable considering that the others all have been treated well by the M. P. A. A. A. "There is one who will not get reinstated. That one is Mayne Kennedy who played under the name of "Joe Hall" last year in St. John against the Marathons. This alone is not the means of Kennedy getting out for good but the fact that he played with Cobalt hockey team during the winter and, later went to New Glasgow to play with that professional bunch, put him out of the running for all time to come. Last year Kennedy held down third bag for the C. C.s."

Miss Amanda Clement, the famous girl baseball umpire of Hudson, has many letters asking her to umpire ball games in South Dakota, Iowa and Nebraska during the summer. She will accept as many as possible. At present Miss Clement is attending college at Lincoln, Neb., she not having completed her course in the institution which she has attended during the last year or two. She is thoroughly conversant with all the fine points of baseball and has proven herself an umpire of unusual ability.

James Miller, second baseman of the Lawrence, New England league team, has a fractured rib which will put him out of the game for ten days or two weeks. The injury was sustained a week ago Saturday when Miller was hit in the side by a pitched ball in the opening game with Brockton, but Miller did not know the rib was broken, until several days later.

MAN AND BOY ARE RESCUED IN BAY

Roy Longmar and Ernest Sartey, a man and boy, of Parker's Cove, N. S., were rescued yesterday by the government steamer Stanley after having been forty hours in an open boat in the Bay of Fundy. The gasoline in their boat had given out. On word from Halifax, Marine Agent Flood here sent the Stanley out in search of the men and she left port at 3 o'clock yesterday afternoon and returned at 5 with the men and boat, having picked them up six miles from Partridge Island. Both occupants of the boat were pretty well exhausted.

Norton Church Dedicated

In Norton yesterday many attended the dedication of St. Andrew's Presbyterian church. Rev. Principal McKinnon of Halifax was the special speaker, morning, afternoon and evening, and Rev. James Ross and Frank Baird assistants. Horace Cole of St. John sang with the choir.

Rev. Dr. McKinnon reviewed the history of the church from the time of its founding, by Rev. Andrew Donald. He spoke of the many hardships encountered by the people in establishing themselves in good quarters, and congratulated them upon their great success. Rev. Messrs. Baird and Ross also congratulated the congregation.

Canada's Bank Bills

Replying to a question, in the House of Commons last week, Hon. Mr. Fielding defended the cleanliness of dominion bills. Samples recently had been obtained from all the banks doing business in Ottawa, and with few exceptions the one dollar bills had been found to be quite clean. During 1909 he explained that the government had retired three-quarters of the entire circulation of dominion paper money. The finance minister was sure that there was little dirty money paid over by the banks.

S. R. Pendleton Ends His Life

Sylvanus R. Pendleton, for some time in the employ of the Maritime Lithograph Co., shot himself in the head with a small rifle in a studio in his house in Summer street yesterday morning. He had been in ill health.

Mr. Pendleton was proprietor of a pool room in Mill street for some years, and was also connected with the Pendlenton's Panacea Co. He is survived by his wife and three sons and one daughter. One of the sons at present is in Digby.

I. C. R. Policeman John Collins yesterday completed thirty years of service in the uniform of a policeman. He joined the force in Portland in 1880, and since that time has served under five chiefs of police. Mr. Collins has a very creditable record.

An enemy's criticism may be more helpful than a friend's praise.

Dropsy—Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD,
Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Price $1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid.

GREATEST PICTURE AT "UNIQUE" TODAY.

"Roosevelt in Africa," will be shown at the "Unique" today and tomorrow, and is expected to be the hit of the season, as it has created favorable comment wherever shown. It gives an accurate reproduction of the Rosevelt party first landing at Mombasa where arrangements had been made to outfit the hunting trip. From Mombasa is given a view of the party proceeding to the interior. This will take the onlooker across vast plains where thousands of African wild animals, cross and recross the track at will, frequently causing mishaps to occur on account of the engine running into these animals. It will show the American hunter amid the man eating monsters of the jungle, the killing of a huge rhinoceros by him, the hippopotami at play, vast herds of gnu and zebra, the crocidile taking a morning plunge, the giant land turtle, giraffe, the lizard in its natural home, together with other features. Four other good subjects of comedy and drama are also included in the programme. Mr. Carson will sing "I can't find another girl like you."

CHEST ...

Suffered From a Heavy Cold, Pleuretic Pains in Side—Constant Coughing

"NERVILINE" CURED QUICKLY

"Anyone that goes through all that I suffered last winter will appreciate the value of a remedy that cures like Nerviline cured me." These are the opening words of the solemn declaration of E. P. Von Hayden, the well-known violinist of Middleton. "My work kept me out late at night, and playing in cold drafty places brought on a severe cold that settled on my chest. I had a harsh racking cough and severe pains darted through my sides and settled in my shoulders. I used different liniments, but none broke up my cold till I used Nerviline. I rubbed it on my neck, chest and shoulders, morning and night, and all the pain disappeared. Realizing that such a heavy cold had run down my system, I took ... frozone ... meals, and was completely built up and strengthened. Since using Nerviline I have no more colds or pleurisy, and enjoy perfect health."

NERVILINE CURES CHEST COLDS

It's because Nerviline contains the purest and most healing essential and medicinal principles, because it has the power of sinking through the pores to the kernel of the pain—these are the reasons why it breaks up colds, cures lumbago, stiffness, neuralgia, sciatica and rheumatism. Refuse any substitute your dealer may suggest—insist on Nerviline only. Large bottles, price 50c., trial size, 25c. Sold everywhere, or The Catarrhozone Co., Kingston, Ont.
