Canadian and Jap in Winni-
peg Wrestling Bout—
Brilliant Opening of the
Racing Season at Wood-
bine—Veteran Pitcher
Gives Giants Shut-Out.

(Canadian Press.)
New York, May 19.—The New York
State Athletic Commission has forbidden
the proposed boxing bout between
Willard and Firpo, it was learned last
night, on the ground that Willard's age
was beyond the legal limit. Tex Rickard,
promoter of the bout, was said to be
making plans to stage it in New
Jersey, probably at Boyle's Thirty Acres.

Winnipeg, May 19.—Jack Taylor,
Canadian heavyweight wrestling champion,
last night disposed of Tara Miyaki,
a Japanese grappler, in a sensational
mixed bout. The Jap was given the
decision in three twenty-minute
rounds of Jiu Jitsu wrestling, when
neither gained a fall, but in the catch-
as-catch-can style the visitor was not
match for the burly Canadian, who
bumped his smaller opponent in two
straight falls.

Opening at Woodbine.
Toronto, May 19.—With the patronage
and presence of the Governor-General,
Lord Byng of Vimy, with Lady
Byng and a distinguished company, and
with practically ideal racing weather,
a brilliant opening is promised for
the spring meeting of the Ontario
Jockey Club at the Woodbine track to-
day, which will also be the initial meet-
ing of the Canadian Racing Association.
An unprecedented attendance is
expected.

Many visitors from various Canadian
and U. S. cities are in the city for the
opening of the racing season. They are
also drawn by particular interest in
the running of the famous classic of
Canadian horse racing, the King's Plate,
which is the fourth on the list for to-
day.

Today's race for the plate will be the
sixty-fourth renewal of the event.
Thirteen horses representing nine own-
ers are entered to feature this event.
The purse is for \$10,000, with the
King's silverware and fifty sticks
added by His Majesty. Fine weather
during the last two days has consid-
erably hastened the track.

The Major League.
New York, May 19.—Quakerstown's
hitherto despised Athletics loomed to-
day as the New York Yankees' most
formidable rival for American League
honors for 1935. They kept on the heels
of the league leaders by trouncing the
third place Cleveland Indians 4 to 1
yesterday, their third victory in a row.
Harris led the Indians down by two
hits.

At the same time the formidable De-
troit Tigers fell before the onslaught
of the cellarite Boston Sox, who gathered
in thirteen hits and six runs, while
Cobb's men could register but twice.
The Yankees incidentally took their
fifth straight western victory by de-
feating the St. Louis Browns 9 to 4.
Babe Ruth fattened his home run list
by poling out his sixth of the season
with the fourth in a week.

Washington used seventeen of their
Senators, five of them pitchers, to no
avail against the Chicago White Sox,
who converted sixteen hits into four-
teen runs while the visitors scored eight
times.

The maxim that youth would be
served was scrapped in the National
League. The student Adolfo Legueta,
who adds color to the Cincinnati Reds,
handed the world's champion New
York Giants their first shut-out of the
season, 7 to 0. That costly pitching
action, Jack Bentley, who cost Mc-
Graw \$65,000, was the victim.

To make it unanimous for the an-
cients, Babe Adams, veteran Pirate,
treated himself to a gift on his 41st
birthday by defeating Boston 4 to 3.
Adams started his big league grind
with the Pittsburgh team fourteen years
ago.

Catcher Hartnett of the Chicago
Cubs, shot a home run in the stands
and sent two men in ahead of him to
win a hard tussle from Philadelphia 10
to 7. Hollister and Kelleher of the
Cubs also made home runs. A home
run also spelled defeat for the droop-
ing Robins on the Brooklyn grounds,
the St. Louis Cardinals winning 9 to 1.
The bespectacled Mr. Torpocor, sit-
ting in at second for Hornsby, was the
fourth pitcher. It was his third hit of
the game.

**RANDOM HIT;
THREE YEARS IN
PENITENTIARY**
Toronto, May 19.—A three year sen-
ence in Portsmouth penitentiary was
pronounced yesterday on Conte Luigi,
an Italian truck driver, who was found
guilty on a charge of manslaughter,
arising out of the death of Benny Post-
er, aged four, who was run down by
Luigi's truck.
The police swore that the accused
was intoxicated at the time of the ac-
cident.

Prohibition Agents' Seizure
Switched Despite Presence
of Police.

New York, May 19.—(By Canadian
Press.)—Six patrolmen have been called
upon by First Deputy Police Commis-
sioner John A. Leach to explain how
eleven barrels of wine they had been
assigned to watch after a liquor raid
changed to water between 6 p. m. Janu-
ary 23 and ten o'clock next morning.
The liquor had been confiscated by pro-
hibition agents, who found when they
came to cart it away that despite the
vigilance of the patrolmen on guard,
water had been substituted in eleven
of the barrels.

BIG QUESTIONS FOR
WOMEN'S COUNCIL

Annual Meeting to be Held
in Halifax in June

Community of Interest of
Husband and Wife in Real
Property—The Coal Sup-
ply—Rooming Houses—
Opposition to War.

(Canadian Press.)
Halifax, N. S., May 19.—Delegates
from many parts of the Dominion will
gather here to attend the thirtieth an-
nual meeting of the National Council
of Women of Canada, June 21 to 27.

Among the speakers will be Magis-
trate Margaret Patterson, of Toronto;
Mrs. Adam Scott, of Ottawa; Brig-
adier General Sir W. S. Hughes, superin-
tendent of Canadian penitentiaries, and
Professor A. B. Munro, of Dalhousie
University.

The Medical Alumnae of the Univer-
sity of Toronto will introduce a
motion that the Provincial Govern-
ment be requested to establish by
legislation the principle of "commu-
nity of interest" between husband and
wife, with regard to all real property
acquired by them "as a result of their
common labor and effort." It is proposed
that the husband shall have the man-
agement of the community property,
but shall be restricted as to selling or
mortgaging real estate or leasing it for
more than one year without the con-
sensus of his wife. In connection with
this question, the Local Council of Wel-
land, Ont., recommends that "he be
debarred from the right to invest his
earnings in mining or other stock
or attach his name to a bond for sec-
urity without his wife's full knowl-
edge and consent."

The National Council of Women will
also consider the supply.
A motion will be presented, that in
all vital statistics, such as birth cer-
tificates, census returns, etc., the Fed-
eral Government should record as Cana-
dians all persons born in Canada of
European or naturalized descent.
The question of marital relations and
unlicensed, unsupervised rooming hous-
es will be brought up by the Toronto
Local Council.

A resolution that the National Coun-
cil of Women place itself on record as
being "vehemently and earnestly oppo-
sitioned to international disputes being
settled by warfare," and that "such
disputes should be settled by arbitration"
will be presented by the Local Council of
Portage La Prairie, Manitoba.

The Ontario Woman Citizen's Associa-
tion will urge that the Council ap-
pertain to the Federal Government a
petition that capital punishment be
abolished.

**Dies In His Car
As He Ends Drive**
Body of Eliot, Me., Treasurer is
Found by His Wife.

Portland, Me., May 19.—George O.
Athorne was found dead in his auto-
mobile by his wife at their home in
Eliot, Me. He had been out in his car
and his wife saw him drive into the
yard and when he did not come in
she searched for him, and finding that
he had called him, and falling to get
a response she investigated and found
him leaning on the steering wheel dead.
Mr. Athorne was born in Eliot 70
years ago and has been prominent in
York county politics for many years.
He was for two terms sheriff of York
county and previous to that had served
as a deputy. Since he retired he

immigrants of the Anglican Church
ever mailed from Quebec to Toron-
to was received here this week,

son, immigration chaplain at Quebec,
forwarded 440 tags of Anglican mem-
bers to clergymen of this city.

FIRE TOLL HEAVY.
Chicago, May 19.—(By Canadian
Press.)—Fires cost the United States
approximately \$300,000,000 annually,
more than \$1,000 a minute, and take a
yearly toll of 15,000 lives, according to
statistics of the National Fire Protec-
tion Association.

VETERANS SHOW

Ruth Hits Stride.

(Canadian Press.)
Chicago, May 19.—Zack Wheat of
the Brooklyn Dodgers, a war scarred
veteran of hundreds of battles, has
shaken off his young challengers for
batting honors in the National League
and is on top with an average of .438
as a result of hitting safely nine times
in his last five games. The averages
are based on figures including games
lost to various causes, including
Wednesday and include players partici-
pating in fifteen or more games.

The Dodgers' slugger has a com-
fortable lead over Casey Stengel, the
Pirate star, his nearest rival. Grimm,
up to Wednesday, had played in twenty-
five games and smashed, or nearly
smashed, each game, giving him a record
of consecutive game hitting for the
season. As run-ner-up he has a mark of .416, while Jim Bottom-
ley of the Cardinals batted into the
400's with 469 runs.

Other leading batters are—South-
worth, Boston, .400; Hornsby, St.
Louis, .400; Firsch, New York, .387;
McInnis, Boston, .386; Farrell, Chi-
cago, .382; Bagwell, Boston, .360;
Myers, St. Louis, .357; Nelis, Brook-
lyn, .355; Williams, Philadelphia, .354;
Flack, St. Louis, .333.
American League.

Veterans, headed by Harry Heilmann,
Detroit star, are topping the re-
gular hitters of the American League
with here and there a youngster striv-
ing to hold his own with the more ex-
perienced players. Heilmann had partici-
pated in twenty-one games up to
the time the averages were compiled
and had crushed out 10 home runs in
each game, which boosted his average
from .360 to the remarkable per-
centage of .416.

Other leading batters—Veach, De-
troit, .370; Miller, Philadelphia, .364;
Burns, Boston, .364; Cobb, Detroit, .360;
Weld, Philadelphia, .358; Reichle, Bos-
ton, .357; Speaker, Cleveland, .357;
Witt, New York, .353; Collins, Chi-
cago, .353; Haney, Detroit, .353.

**NO SHERLOCK
HOLMES THERE**
Test in Observation Shows
Northeastern University
Students Sadly Deficient.

Boston, May 19.—A professor of psy-
chology at Northeastern University has
given his students something to think
about. The class was disturbed by a
clash between two fellow students, a
shot was fired, one of the men fell and
the other fled. Prof. Milton J. Sch-
lagenhaut called on the class to write
reports on the incident, and the stu-
dents of 50 students all but three in-
sisted they saw a revolver, some add-
ing a flash and some smoke. The stu-
dent supposed to have fired actually
held a banana in his hand. The shot
was fired in the rear of the room, out
of sight.

Descriptions of dress varied widely;
version of the exclamation that pre-
ceded the shooting were equally in-
correct. One student attempted to give
the time exactly, saying he had taken
out his watch for the purpose. He was
an hour out of the way and he gave
a date four days wrong.

Professor Schlagenhaut staged the in-
cident as a test of observation after he
had taken the class to a courtroom
where a witness said positively he
could describe everything that hap-
pened in a burglary that took three min-
utes.

**FRENCH TO RATIFY THE
WASHINGTON NAVAL
ACCORDS THIS SUMMER**
Paris, May 19.—Ratification of the
Washington naval accord by the
French parliament without restrictions
is expected before the summer recess.
The interpretive resolutions proposed
by the foreign affairs committee be-
fore the last recess will be purely for
the satisfaction of the French people.
It was added, as those resolutions can
in no way modify the agreements signed
at Washington.

NICE TIPS.
New York, May 19.—(By Canadian

the United States Chamber of Com-
merce during the recent convention in
the Waldorf-Astoria received in one

FOCH RETURNS
WITH MANY GIFTS

Marshal's Souvenirs of Visit
to Poland Include a 1652
Bottle of Wine.

Paris, May 19.—Marshal Foch re-
turned this morning from his tour of
Poland and Czechoslovakia. He was
laden with gifts and souvenirs which
ranged from a bottle of wine of the
vintage of 1652, presented by a descen-
dant of the famous Pulaver family, to a
portfolio filled with honorary diploma
from various Polish universities and
institutions.

The marshal especially prized a pair
of socks knitted by an eighty year old
woman who had insisted on making a
personal presentation. Her reward was
a hug and a kiss.

Among the other gifts was an obelisk
of coal from the Silesian miners. Several
rugs woven by Polish peasants
were also in the Marshal's baggage.

TO CARRY ON AS
BEFORE COURT
GAVE JUDGMENT

Ontario Will Not Recognize
Decision as Affecting the
Use of Roads for Liquor
Transport.

Toronto, May 19.—A victory of the
brewing authorities, according to the
Ontario government's decision last Wednes-
day, definitely quashing the conviction of
the Walker Brothers company for il-
legal use of the provincial highways
has been short lived.

The Ontario government yesterday issued to the
O. T. A. enforcement officers on the De-
troit River border instructions to pro-
ceed with their duties as though no
such judgment had been rendered. In
essence this course of action means
that the province is not recognizing the
decision of the Ontario court.

The contention of the Ontario li-
cense authorities, reported in the Appel-
late Court's decision of last Wednesday,
was that the Walker Brothers company
had not been adjudged and it
further contended that such a ques-
tion has never been properly raised
before the courts.

**TO SWELL FRENCH
ARMY IN THE RUHR**
Paris Newspaper Says 15,000
or 20,000 More Men to be
Sent In.

Paris, May 19.—The army of occupa-
tion in the Ruhr is to be reinforced
by another 15,000 or 20,000 men, says
"L'Estre" in its issue of today.

It has been decided, the newspaper
asserts, to proceed to a still more com-
plete exploitation of the occupied ter-
ritory and consequently the railroads
must be closely guarded to prevent
the escape of coal and iron ore.
Le Matin adds that at a moment
when few conversations may be open-
ed among the Allies, it is more neces-
sary than ever to be able to demon-
strate the solidity, productivity and
durability of the French army.

OUTING AT LOCH LOMOND
The Y. M. C. A. of Germain street
Baptist church last night held their
annual spring banquet at a wind-up
to a busy season. The party, including
between thirty-five and forty men,
motored to Johnson's Hotel at Loch
Lomond and enjoyed a hearty supper
there. Short speeches were made by
Rev. D. S. Poole, W. C. Cross, L.
W. Burns and others and the di-
rector, under the leadership of Dr.
Percy Bonnell, gave several selections.
Prospects for the next year were talk-
ed over and some business was trans-
acted.

As Hiram Sees It

"Hiram," said the
Times reporter to Mr.
Hiram Hornbeum, "I
have a long for a view
of the newly turned
soil, and for a view
that is not obstructed
by houses. I want to
see the fields and the
woods, the river, the
hills, the sky. I want
to hear the sound of
the country, the
brook, the birds, the
pasture bells. I want
to traverse the old
wood-roads, with a
dog dashing here and
there through the un-
dergrowth and yelp-
ing as he runs. I
want to stroll about
fields and in the edge
of groves, to seek
the early blossom and
inhale the odor of
bustling buds. Nor would I cast
a reluctant eye upon Mrs. Hornbeum's
dinner table, in the
room where the windows
look out upon the orchard
and the meadows."
"I don't see," said Hiram, "you better
set up that desk and come right along
with me. Don't it beat all how the
spring gets into our blood, no matter
how old we be? Hagner was sayin'
this mornin' when the sun was shinin'
clear, she knowed you'd like to get
a breath of the country air. So come
along—we'll start right now—By Hen!"

E. Pettie, ex-mayor of Saratoga and
until Wednesday president of the Gen-
eral Carbonic Gas Company, has dis-
appeared and has not been seen since

form of overdraws against the com-
pany's bank.

Notes confessing his "wrongdoings"
were found in his safety deposit box.

The Irregulars
Resume Firing
In Irish Capital

Dublin, May 19.—For the first time
since the irregulars' order, lively outbursts
of shooting occurred in Dublin last evening.
The new general headquarters
was the target of snipers, while par-
ticular attention was paid to the
headquarters of the Free Public
Police in Phoenix park. The
snipers were subjected to rifle fire.
Later the vice regal lodge and the
Masonic hall in Phoenix park were
fired on. In each case the Free
State troops replied vigorously with
machine guns. No casualties were reported.

action that has yet taken place in the
whiskey trade is referred to in the
following announcement made in Dundee
last night.

DEVELOPMENT OF
ST. JOHN'S HARBOR

Plea by Member for Char-
lotte in Budget Debate—
Right of Employes to Or-
ganize Discussed.

(By Canadian Press.)
Ottawa, May 19.—In the House of
Commons yesterday a bill to bring into
force the agreements between the Dom-
inion and Ontario Governments for the
control of the Lake of the Woods was
introduced.

The attitude of the Powell River
Paper mill, of British Columbia, who
its employees in respect to membership
in the local union of paper makers was
discussed by the Hon. Mr. G. J. Ross,
Premier of Ontario.

A. W. Nell, Independent, Comox-
Alberni, said that the company had
given notice that unless the union was
surrendered by Sunday, all mem-
bers of the union would be discharged.
Premier King said if the facts were
found to be as stated it would be in-
timated to the company that Parliam-
ent was behind the articles in the
Vancouver press which workers had
the right to organize.

The budget debate was resumed by
R. W. Grimmer, (Cons.), Charlottetown,
who made a plea for the development of
St. Croix harbor.

H. Marshall, (Liberal), Hants, sup-
ported the tariff policy of the Govern-
ment. He pleaded for reciprocity in aid
of the fishing industry in Nova Scotia.
J. W. Kings, (Progressive), North
Huron, attacked the Liberal tariff
policy and urged the Government to
repeal and not for revenue.

R. B. Ryckman, (Cons.), East Tor-
onto, urged the Government to
repeal the tariff on liquor. He said
that the yearly budget should balance.
He said the people wanted econ-
omy in Government, they were sick
of taxes.

J. J. Hughes, (Liberal), Kings, P.
E. Pettie, ex-mayor of Saratoga and
until Wednesday president of the Gen-
eral Carbonic Gas Company, has dis-
appeared and has not been seen since
May 10.

An examination of his accounts by
receivers for the company has disclosed
a shortage of \$300,000 mostly in the
form of overdraws against the com-
pany's bank.

THORNTON CHEERS
NIAGARA FOLK

St. Catharines, Ont., May 19.—Sir
Henry Thornton greeted by 800 repre-
sentatives of the Niagara Peninsula at
the annual meeting of the Niagara
Peninsula at the Niagara Falls Hotel
last night, declared that the im-
mediate solution of the transportation
problem of this district was at hand
and he announced that the local street
railway, which has been in operation
would be put in such physical con-
dition as adequately to serve each munici-
pality.

Speaking with regard to inter-urban
traffic, he said the main consideration
was rapidity and speed. It was pro-
posed to acquire private rights of way
where possible so as to increase the
speed of the N. S. and T. The terms
of a lease of a right of way for the
purpose of building new terminals
at Niagara Falls and St. Catharines
were already made by the Ontario
Government.

Mr. Thornton stated that the
rehabilitation of the street railway
and the inter-urban service would be a
credit to the municipalities and certainly
not a loss to the C. N. R.

NOT LEGAL
Declared Salvation Army
Officers Cannot Perform
Marriages in Massachu-
setts.
Boston, May 19.—Officers of the Sal-
vation Army cannot legally perform
marriages in this State, Attorney-
General Benton ruled yesterday. "He
rendered an opinion at the same time that
clergymen who had given up pasto-
rate for business or had retired in some
instances were not qualified to solemn-
ize marriages. The finding has no re-
troactive effect."

SENATE DISCUSSES
LOWER PROVINCE
FREIGHT RATES

Relief From Burdensome
Changes Needed, Says
P. E. I. Member

Justice Will Stop Secession
Talk, He Declares—Com-
parison With Western
Conditions—Thornton's
Position.

(Canadian Press.)
Ottawa, Ont., May 19.—In the Senate
yesterday, on the question of Maritime
Province freight rates, Senator Murphy
of P. E. Island said that the present
freight rates vitally effected the pros-
perity of the Maritime Provinces. Peo-
ple there could not go on unless they had
relief from the burdensome
charges. These provinces were guaran-
teed under the confederation pact
fixed rates for transportation to the
western provinces. If they had not
gone into confederation they could have
had their natural market, the New
England States, but they had sacrificed
this for the welfare of British con-
nections. The Maritime Provinces, while
having been the hardest hit under the
increased freight rates, had kept quiet
until the present time. There had been
talk about secession but this was purely
due to business conditions and if the
rest of Canada wanted this talk stopped
they could do it by doing justice to the
Maritime Provinces.

The Senate's Position.
Senator Turfitt said he had a lot of
sympathy with the Maritime Provinces
but the rates in the west were higher
than those in the east. There was no
doubt about east and west suffering
under their geographical positions. The
solution for this was to trade with
their nearest neighbors. If Canada had
not rejected the reciprocity pact in 1907
there would have been no trouble in this
country at the present time.

Hon. W. H. Bennett accused the Govern-
ment of being a party to the high
freight rates on the Great Lakes.
Hon. Mr. Dandurand said that the
Canadian Government merchant Mar-
ine was under the control of the C. N. R.

Mr. Bennett retorted that if Sir
Henry Thornton, "our latest importation"
was this country then it was the
Government's fault.

Hon. Mr. Dandurand asked Senator
Bennett to delay his criticism until
Monday, when the reciprocity pact in
the Senate the report of the inquiry
on the Great Lakes freight rates.

MAINE JUDGE
DISMISSES JURY

Had Acquitted Confessed
Moonshiner—Said Al-
cohol was for Bathing Pur-
poses.

Alfred, Me., May 19.—"If this is a
sample of your sentiment in criminal
cases, you are of no value as jurors to
the state of Maine," said Supreme
Court Justice Warren C. Philbrook as
he ordered a jury discharged from serv-
ing further at the present term of ses-
sion court.

The case on trial was that of Hector
Monier of Biddeford, who had ap-
peared from the sentence of the lower
court. When officers searched his
place several months ago they found,
they allege, two barrels of mash rum,
a quantity of alcohol. In the lower court
he admitted having possession.
When on trial in the supreme court
here he stated that the alcohol was
for bathing purposes.

Discharge of the jury followed the
return of a "not guilty" verdict.

Police Chief Says
Miners Have Fund
To Use to "Get" Him

Edmonton, May 19.—A charge that
the central committee of District No.
18, U. M. W. of America, had set aside
\$5,000 for the purpose of "getting him"
was made by Chief of Police Shute

fore Mr. Justice Walsh into charges
that city police had ill-used women
during rioting at the Penn. Mine on

NO PROTESTS YET
TO WASHINGTON

Wide Latitude Given Am-
bassador Geddes on Ques-
tion of U. S. Liquor Pro-
hibition.

London, May 19.—The foreign office
yesterday received a protest from
British ship owners against the recent
prohibition ruling of the U. S. Supreme
Court barring intoxicating liquors from
U. S. territorial waters, but it unlikely
that the protest will be forwarded to
Washington, as requested by the ship-
ping men, until the U. S. Government
indicates the exact methods to be taken
for enforcement of the ruling.

It is understood that wide latitude in
handling matters connected with the
prohibition ruling has been given to
Ambassador Geddes and that no pro-
tests will be lodged in Washington un-
less his reports show that such mea-
sures are likely to be beneficial.

POISON RATHER
THAN GO TO SCHOOL

Carbolic is Sarnia Girl's Pro-
test Against Orders of
Father.

Sarnia, Ont., May 19.—Helen Wat-
son, fourteen years old, college stud-
ent, drank carbolic acid yesterday as
protest against being compelled to at-
tend school, it is believed, and lies in
a serious condition in the General Hos-
pital.

She sent a note addressed to her
father saying she did not want to con-
tinue going to school. A girl em-
ployed at the house heard a scream
from the kitchen and going in found
the young girl on the floor and a small
bottle lying on the floor.

Allege Mrs. Croker
Was Twice Married

Litigation Over Will of Tam-
many Boss On In Dublin

Dublin, May 19.—The allegation that
Mrs. Bula Croker was already married
when she went through the marriage
ceremony with the late Richard Croker,
Tammany Hall chieftain, was made in
the Court of Appeal here on behalf of
Mrs. Ethel C. White of Cedarhurst, N. Y.,
in connection with the litigation
