ANOTHER ROUSING LIBERAL MEETING IN ALBERT COUNTY

Elgin, Nov. 18-A splendid Liberal rally was held here this evening in the Agricultural hall when speeches were made by Dr. W. P. Broderick and H. R. McLellan, the party candidates for the constituency of St. John-Albert, and E. J. Henneberry, of St. John-The chairman was Robert A. Smith, who, in a short introductory address, oresented the candidates spoke much along the same lines as at the Albert meeting. Dr. Broderick dwelt mainly on the subject of the tariff and made a powerful address, which was well delivered and received with enthusiasm. Mr. McLellag received a rousing reception and made an able address, dealing with questions of the day, and more particularly with the railway situation. E. J. Henneberry also spoke briefly on pertinent subjects.

The large hall was packed and the audience was a most responsive one interventing of the hydro-electric power before the citizens in the form of a referendum. Agricultural hall when speeches were

SPELLMAN APPEAL

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation for graphs.

YOU are born with just so much nerve force and your body can manufacture only so much each twenty-four hours. If you use it up faster than it is made through overwork, late hours, worry, too much excitement, grief, nervous strain or other excesses, your nerve cells become depleted of this life-giv-ing fluid, and you are dragged into the torture chamber of neurasthenia, with all its nerve-rack-

You may have an almost constant aching pain in the back of the head or neck, or an extremely disagreeable feeling of fulness in the front or back part of the head, which in some cases gets so bad that you feel almost as if your head would burst; there may be spots of local tenderness on the spine, pains across the back, heart palpitation, great weakness from slight physical or mental exertion, or sleeplessness at night; and the patient often complains that his thoughts chase one another through his head with lightning-like rapidity. Some break into profuse perspiration and suffer from such great devitalizing weakness that they feel as if they were almost chained to the ground. Headaches and extreme nervousness are very frequent symptoms, and most persons are moody.

In order to secure a complete list the naval department is communicating with the owners of all Canadian ships lost the owners of all Canadian ships lost during the war. The department reports that replies so far have been satisfactory but that there are a number of companies who lost ships, which have since gone out of existence.

The Naval Department will be pleased to receive any information from officials of companies who have not been communicated with.

ROBBED LIQUOR STORE. Bandits Carried Employes Away in Autos.

Regina, Nov. 19—After every precaution had been taken to prevent the raising of an alarm, which included the cutting of telephone wires, sixty cases of liquor were stolen from a liquor ware-house at Carnduff, Sask., by six masked bandits, who escaped, according to a report received today at Provincial Police headquarters. The bandits, who are believed to have come from the United States, arrived in automobiles, and, after loading the liquor, took the employes of the warehouse to a point two miles from Carnduff, where they were liberated.

MADE UNIQUE EXCUSE Forger Made Banknotes to 'Make Forgeries Impossible.'

Vienna, November, 19—A photographer named Czerny has been arrested by the Prague police on a charge of forging Austrian bank notes by means of copper plates made in Philadelphia. So cleverly were the false notes made that it was impossible to distinguish them from the genuine ones. Czerny has admitted the forgeries and stated they were for the purpose of enabling him to continuing experiments with an invention for making forgeries of bank notes in future impossible. Czerny is to demonstrate his invention before the police.

CANNIBALS IN HAITI.

Washington, Nov. -9—The torturing and eating of Private Lawrence and the killing and mutilation of Lieutenant Muth, of the Marine Corps, by bandits in Haiti, were described before the special Senate investigating committee by P. "More Men Than Women Have Nervous Troubles"

This is the statement of a specialist on Nervous Diseases who comes in contact with many thousands of cases. The increase in diseases of the nerves duting the last five years has been enormous.

Is it any wonder that men's nerves are giving out?

Look back over the history of the last few years.

Think of the enormous burden of responsibility which has been put upon the shoulders of business execu-

The excessive mental strain. The worry and anxiety. The physical effort.

This has surely been great enough to break the nervous systems of the strongest men.

The war strain. The unsettled conditions of business and employment.

These are responsible for the rapid aging of men which you notice every-You feel out of sorts.

You do not sleep well. You find yourself losing your grip on business. Your daily task is more than you

can stand. There is, perhaps, no organic dis-But you find your energy and ambition petering out.

Your doctor tells you to take a rest for a few months. But you do not want to be put upon the shelf.

Your business cannot spare you at this critical time.

Perhaps you cannot afford complete rest when living expenses are so high.

But you can take things easier. And you can profit by the experience of others and build up your exhausted nervous system by using Dr. Chase's Nerve Food.

This is the most rational treatment available, and is endorsed by more common-sense, reliable people than any medicine recommended for the

restoration of the nervous system. Dr. Chase's Nerve Food is universally used by women as a means of re-/ storing the nervous system. Your wife, or sister, or mother, will be able to tell you something about its re-markable upbuilding influence.

But more men than women now have nervous troubles. And Dr. Chase's Nerve Food is no respecter of persons.

It builds up new energy and strength in the most natural way imaginable by enriching the blood. It supplies to the blood in con-

densed, easily assimilated form the elements which nature requires in order to replenish the depleted nerve cells and restore the vitality of the human system. These certified letters may be from

Overwork

Mr. D. F. Armstrong, R. R. No. 3, Mallorytown, Ont., writes:

"Through overwork and an extra amount of mental strain, I became very nervous and rundown. I began using Dr. Chase's Nerve Food, and it certainly touched the right spot. It almost seemed for a time as though I fairly lived on it, and I can recommend this treatment to anyone requiring a medicine of this kind."

Sleeplessness

Mr. W. J. Van Dusen, Centre St., Napanee, Ont., writes:

"For some time I suffered from sleeplessness and all the weakness and tired feelings that follow continual loss of sleep. Gas would accumulate in my stomach, and this also caused a great deal of trouble. Upon the advice of a friend I began a treatment of Dr. Chase's Nerve Food, and soor found it to be just what I required. Rheumatism

Mr. Charles R. Tait, Newtown, Kings Co., N.B., writes:—

"I suffered with rheumatism and my stomach was in a very weak state. I could eat no fruit of any kind and suffered nearly all the time. I tried several doctors, but got no relief from any of them. I was in a drug store one day and overheard two men talking—one was telling the other about Dr. Chase's Nerve Eood completely relieving him of rheumatism. I bought a box, thinking it would be like all the rest of them, but, after taking this one box, I felt so much better that I continued the treatment, and now I can eat anything and do not suffer any more with the rheumatism." tism."
