

GOOD THINGS COMING TO THEATRES OF ST. JOHN

TOMORROW'S BUMPER MATINEE IN "DADDY LONG LEGS" Tonight's large and fashionable audience at the Imperial when the Daddy Long Legs engagement will be opened will doubtless prove a great impetus to tomorrow's sale of matinee-seats. This should suggest to intending patrons the necessity of booking their chairs without delay. The prices are \$1 and 75c down-stairs, 75c for the front two rows of the balcony and 50c for the whole remainder of the two balconies. There is a large sale for this performance already. For Wednesday night the bookings are almost as heavy as for tonight. Curtain 8:15 at night, matinee 2:30. The C. P. R. suburban will be held until 11:15 Wednesday night and Government Railway suburbanites are requested to give in their names immediately so that a sufficient number can be guaranteed to hold that train also. (Phone the names to the Imperial.)

BIG ONES AT GEM

Tonight at 7:15 and 8:45 at the Gem theatre the "Bride of Fear," the William Fox photoplay with Jewel Carmen as the star, will terminate its run. Remarkable for its settings, the story deals with a girl who finds a great love after being deceived into marriage with a man from the underworld. The programme also includes "The Eagle's Eye," Chapter 11, the burning of Hopewell, Virginia. Tomorrow another big special, "Womanhood."

REPORTED THAT GERMANY BOWS BEFORE SPAIN'S PROTEST

(J. M. Robinson & Sons, private wire Telegram.) New York, Aug. 26.—According to the New York World, Germany will hand over tonnage in Spanish ports to compensate Spain for losses caused by U-boats. Steel workers of Nova Scotia Steel Co. who went on strike have returned to work. Michigan primary election today, with Henry Ford running for governor and democratic tickets for U. S. senator.

BIG CROWN LAND SALE DECLARED OFF

Fredericton, N. B., Aug. 27.—The big sale of crown lands timber limits advertised to take place on September 5 has been cancelled. Further information will be given later. About 400 square miles was to be offered, of which 106 square miles are on the training ground reserve near McCreary Junction, with an estimated stand of fifty-four million feet.

MERCHANTMAN SINKS U.S. PATROL BOAT; EIGHTEEN LIVES LOST

New York, Aug. 27.—Mistaken for a submarine, a United States patrol boat was sunk by an unknown merchant steamer fifteen miles off Fire Island at 8 a.m. today. Eighteen of the crew are reported lost. The patrol boat was a converted yacht of small tonnage.

THREE POINT ADVANCE IN C. P. R. IN WALL STREET

New York, Aug. 27.—Nominal changes prevailed at the opening today's market, leaders making only slight upward progress. Trading reflected further restraint as a result of credit restrictions. United States Steel eased a small fraction, but soon rallied. Shipings, oils, and such equipments as Baldwin Locomotive and Bethlehem Steel were decidedly firm, with distillers and Industrial Alcohol, but rails displayed some irregularity. Liberty bonds were variable, but French government 5 1/2's were again active at a fraction above par.

NOON REPORT

The market developed a stronger tone with the progress of the session, but dealings were far below those of the previous forenoon. Specialties were favored by traders, although rails and popular industries more than held their ground, especially Canadian Pacific and United States Steel, the former showing a three point advance at noon. Marine Preferred, Utah Copper, Steel Foundries and the so-called distilling issues were among the other specialties. Issues to show gains of 1 to 1 1/2 points. French 5 1/2's made their highest quotation of the year at 100 1/4.

THE L. W. W. CASE

Chicago, Aug. 27.—Federal Judge Landis today heard arguments of counsel on a motion for a new trial and arrest or judgment in the case of 100 leaders of the I. W. W., recently found guilty of conspiracy in violating the espionage law.

Notice of Births, Marriages and Deaths, 50c.

BIRTHS

Roberts, widow of Robert Roberts, 35 Holly street, died Aug. 27. Funeral service at 8:30 Wednesday evening. The remains will be taken on 9:30 suburban train. Interment at Ingleisle, Kings county, on Thursday morning.

ARMY PREVAILING BECAUSE OF NAVY

Do Not Forget the Tribute to the British Navy Next Thursday, Sept. 5—Fifteen Thousand Dollars Local Objective—All Citizens Expected to Do Their Duty

Probably few realize the number of men required to maintain and man the British navy and mercantile marine. There are at least one million five hundred thousand men, the vast majority of whom are of military age. An attempt to do so would be to let down the British fleet, and this would mean letting down the Allies. Hundreds locally are just beginning to realize what little actual thought and attention has been paid to the navy, practically exclusive attention being given to the army, the navy being taken for granted, as it were. But without the navy our armies in the west would now have been ignominiously defeated instead of victorious. Every citizen, young and old, rich and poor, will be asked to contribute to the Navy League on Thursday, September 5, and a huge sum will surely be raised for the sailors.

TEMPORARY SLOW-UP ON BRITISH FRONT

Natural to Expect in Such a Battle—Thousands of Machine Guns Captured

With the British Army in France, Aug. 27.—(By the Associated Press)—The British advance gives evidence of temporarily slowing up at various places along the front, but intervals of comparative slow movements must be expected during a battle such as this, for the British have now been engaged in hard and continuous open fighting without rest for a week. Many more prisoners and guns and another German battalion commander have been taken. The total number of machine guns taken from the Germans in the present drive must now run up in the thousands. Stacks of these weapons have been captured, but it is probable there will be no opportunity for counting them in the immediate future.

FIFTEEN WOMEN TEACHERS TO EVERY MAN IN THE MARITIME PROVINCE SCHOOLS

Moncton, Aug. 27.—With hundreds of teachers from all parts of the maritime provinces attending the maritime education convention was opened this morning in Aberdeen school here. Dr. Macdonald of Halifax was elected chairman. There was an address of welcome by Dr. W. S. Carter. Doctor Mackay spoke next, giving statistics regarding teachers and pupils. There are fifteen women to every man teaching today in the maritime provinces. Superintendent Shaw of Charlottetown also spoke briefly. Doctor Bridges of St. John spoke on the condition of the principal. The executive of the Maritime Education Association discussed the teachers' pension system, arguing in favor of an increase.

FOR INVALIDED SOLDIERS

Dr. Charles Mackay, medical director of "K" unit for the Invalid Soldiers' Commission, arrived in the city last evening. He is here to receive returned soldiers who are suffering from disabilities. He said today that the Invalid Soldiers' Commission will look after all soldiers whether discharged or not, providing their ailments are the direct cause of disabilities recovered overseas. A man while receiving treatment will be paid a certain salary and if married his wife will receive separation allowance. Dr. Mackay says that at the present time he has 100 patients in the province and that the list is growing daily. The commission has an office in the discharge depot in King street and soldiers may be received at any time. Doctor Mackay will leave tomorrow morning for Fredericton and will return again this day week.

REAL ESTATE

Transfers of real estate in Kings county have been recorded as follows: Dorothy L. Brown to C. A. Brown, property in Greenwich; David McGovern to Mary McGuggan, property in Westfield.

GAME POSTPONED

The game between the Giants and Courtenays, which was to have been played on Queen Square, West St. John, last evening, has been postponed until Thursday evening.

A Serious Matter

There is a delicacy about mentioning piles. And yet so many suffer needlessly who could be readily relieved and cured if they only knew about Dr. Chase's Ointment. Men tell one another about this remarkably successful treatment. But many women pine away their health and vitality, dreading a surgical operation and not knowing how easily they can be cured at home by Dr. Chase's Ointment.

COULD NOT STOP THE HEADACHES

Until She Tried "Fruit-a-lives"—Made From Fruit Juices

113 Coburg St., St. John, N. B. "I feel I must tell you of the great benefit I have received from your wonderful medicine, 'Fruit-a-lives'." "I have been a sufferer for many years from Violent Headaches, and could get no permanent relief. A friend advised me to take 'Fruit-a-lives' and I did so with great success; and now I am entirely free of Headaches, thanks to your splendid medicine." MRS. ALEXANDER SHAW. 50c a box, 6 for \$2.50, trial size 50c. At all dealers or sent on receipt of price, postpaid, by Fruit-a-lives Limited, Ottawa.

PERSONALS

J. H. Marr of the Marr Millinery Co. Limited, returned yesterday after a visiting trip to Montreal, Toronto and New York. Mrs. R. L. Smith and Miss E. McLean, representing Manchester Robertson Allison, Ltd., have just returned after a visit to New York's leading millinery centres. Mrs. Myrtle Henderson of Lancaster avenue, West St. John, left on the Boston train yesterday morning for a visit to Cleveland, Ohio, stopping off at New London, Conn., and New York city. F. S. Farris, provincial manager of the Excelsior Life Insurance Co., will leave this evening for Toronto to attend a company convention. He also will visit the exhibition.

LOCAL NEWS

The engineers will meet in Painters' Hall, Charlotte street, Wednesday evening, 8 o'clock. All members requested to be present. Important business. 8-29

CHANGE OF WATER CAUSED DIARRHOEA

People moving from one place to another are very much subject to diarrhoea on account of the change of water, change of climate, change of diet, etc., and what at first appears to be but a slight looseness of the bowels should never be neglected or some serious bowel complaint will be sure to follow. The safest and quietest cure for diarrhoea, dysentery, colic, cholera infantum, cholera morbus, pains in the stomach, seasickness and all looseness of the bowels is Dr. Fowler's Extract of Wild Strawberry.

LABOR AND THE N. B. CROPS

Fredericton, Aug. 27.—Information received by the department of agriculture is that the farmers of New Brunswick will be able to take care of the excellent grain crop without importation of labor, but the potato crop probably will call for extra help. At both Woodstock and Chatham there have been inquiries for labor and labor is offering at several of the bureaus. Labor also can be secured from Nova Scotia, men who formerly went to the Canadian west in the autumn being available. The executive of the N. B. Fruit Growers' Association met here last night and considered the matter of efficient marketing of the early apple crop of New Brunswick. Duchess and Alexander are the varieties which it is desired to market soon. It is estimated that about 1,000 barrels will be sent from Fredericton and St. John. The chief market will be the Montreal. Arrangements were made for a supply of barrels and for expert packers. Those at the meeting were S. B. Hatheway, W. B. Gillman and George Danby. Apples are a great crop. J. W. Clark, of Marguerville will be a heavy shipper. Careful spraying of orchards has produced good results this year. Next season the uniform apple barrel will be in use.

THE BEST QUALITY AT A REASONABLE PRICE

MAKING IT EASY FOR YOUR EYES. Defective eyes have to work harder to see. Usually vision isn't as good as it would be if properly fitted glasses were worn. Eye-strain exists, and unless it is removed permanent injury to sight will follow. Glasses help the overworked eyes. They bring normal vision and protect sight. There are very few perfect eyes. Often strain is present when it is not suspected. The sensible thing to do is to examine your eyes. Then you will know exactly what should be done.

L. L. Sharpe & Son

Jewelers and Opticians, 21 KING ST., ST. JOHN, N. B.

BEETLE STING CAUSED POISONING

Mrs. E. J. Tapping of 402 Cathedral Ave., Winalup, had a bad experience—the result of a beetle sting. She says: "I suffered intense pain from the sting, and some relief I used did not give me any relief at all. Large blisters formed and realizing blood-poisoning was setting in I got medical advice. The treatment I received, however, did me no good, and I suffered such pain that I was becoming quite worn out when I heard of Zam-Buk and commenced using it. Even the first application eased the pain. I kept on using Zam-Buk until the swelling had disappeared, the pain was ended and the sore place quite healed up." Zam-Buk applied at the beginning will prevent blood-poisoning and should be kept on hand for cuts, burns, scalds, bites, sunburn, blisters and sores of all kinds. All cost 75c per box.

DEATH OF ARTHUR FOX

The death of Arthur Fox of this city, son of the late Arthur Fox, occurred this morning. He was forty-one years old. His friends will learn of his death with regret. The funeral will take place on Wednesday afternoon from J. Chamberlain's undertaking rooms.

DEATH OF HARRY A. GARVEE

On Sunday, 26th, at his residence, 47 Marsh street, H. A. Garvee, formerly of Fredericton, passed away. He is survived by his wife and three children, of this city, and his father and mother, of Fredericton. The funeral will be held on Wednesday at 2:30; interment at Fernhill.

REALIZED \$87.20

Mayors Hayes this morning received a check for \$87.20, the proceeds from a pie social held by Miss Margaret Randolph at Gooseberry Cove, St. John county. The money was devoted for comforts for soldiers overseas.

ALEX. TURNER, WHO GAVE HIS LIFE IN WAR, WAS SON-IN-LAW OF DR. HANNAH OF ST. JOHN

(Fredericton Mail.) Many Fredericton friends will learn with deep regret of the death in action of Alexander Turner, a former resident of this city, who was for some time on the staff of the local agency of the Bank of New Brunswick. Mr. Turner was an experienced banker and was one of a party of young men from the bank authorities induced to come here from Scotland some years ago. While here he took an active interest in St. Paul's church. He served as treasurer of the church and was also a member of the defence committee on an active part in the young people's societies. After the merger with the Bank of Nova Scotia, he was appointed agent of the Bank of Nova Scotia at Chipman. In the second year of the war he resigned his position and enlisted for overseas service. While training in England he became very expert in the use of bombs and was detailed in that country to act as an instructor. It was only recently that he was sent to the front. The late Mr. Turner was a young man who possessed many excellent qualities which endeared him to all who made his acquaintance. He is survived by his wife, who was formerly Miss Hannah, a daughter of Dr. Hannah of St. John.

FRESH DIVISIONS ARE SENT TO LINE AGAINST BRITISH

(Continued from page 1) Elements of nearly thirty German divisions, many of which have been badly bit and crippled, are striving to hold off the British. There are signs of even greater confusion behind the German lines. Companies of various regiments have been thrown in almost any place. The strength of a large number of these companies has been whittled down until they hardly contain twenty-five men, according to prisoners. General Ludendorff perhaps has some plans to make a stand to the rear of the present line, and is saving what men he can for that purpose. It would not be surprising if the enemy intended to put up a stiff defence somewhere on a line running generally north and south through Peronne. Hard Fighting Around Bapaume. There was hard fighting today around Bapaume. Favreuil, just north of Bapaume, has been taken and the streets run red with the blood of Germans killed there. The enemy was prepared to launch a counter-attack there but as his troops moved toward the town from the east they were caught under the fire of the British artillery. The British then stormed into the town and captured what remained of the enemy's force—110 men and five officers. From Favreuil the British pushed east and south, farther encircling Bapaume. British shells have been raining down on Bapaume for many hours.
