Force Their Way To Archbishop Suffragettes Interview Head of Church of England THEY LEAVE DISSATISFIED

Rev. Dr. Davidson Declines Their Request to Interfere With Forcible Feeding Until He Has Had Both Sides of the Story

(Canadian Press)

London, Jan. 29.—A band of militant suffragettes today besieged the Archbishop of Canterbury, the English primate, in Lambeth Palace and eventually forced him to capitulate and receive one of their number in order to discuss the question of the forcible feeding of their comrades undergoing sentences in jail.

The women were headed by Mrs. Dacre Fox, and it took them upwards of an hour to secure admission to the old palace on the banks of the Thames a little above Westminster. They declined to listen to any attempt on the part of those in the house to temporize and finally, seeing the futility of trying to escape from his obdurate blockaders, the archbishop allowed Mrs. Fox to enter.

The head of the Church of England listened sympathetically to the suffragettes' appeals, but he refused definitely to commit himself.

Mrs. Fox told him that if he believed torture was ever justifiable he could not be a real Christian. She said he had only to use his personal influence to put an end to the system of forcible feeding. The archbishop said he had received daily protests from all sections of the community against forcible feeding. He declared that he could not give a definite answer to the suffragettes' appeal, until he had heard the other side fully. He continued:

"All I can do is to promise you my very earnest consideration of the matter."

Mrs. Fox thereupon informed Archbishop Davidson that she was profoundly dissatisfied with his reply. She presented to him a copy of the Suffragette newspaper and also Miss Christabel Pankhurst's book and said she hoped his perusal of them would open his eyes to the necessity of action.

PROBATE COURT

The probate court today took up the matter of the estate of John Donovan, hill poster. He died on February 20, 1911. His sister, Mary Ellen Driscoll, was appointed administratrix, but having failed to conform to an order of the court she was removed from office, whereupon the late Homer D. Forbes, barrister-at-law, was appointed administrator de bonis non. He having died before sufficient time had elapsed to administer the estate, on the petition of the next of kin, now residing in Boston, Richard S. Goulet, of the same city, a barrister-at-law, was appointed administrator de bonis non, he giving the Canadian Surety Company as bondsmen for the due performance of his duties. F. J. G. Knapton, is proctor for most of the "at in kin; John A. Barry for some of them.

The court also took up the matter of the estate of Mrs. Mary Elizabeth Roberts. She died in December last. She gives her leasehold property on the corner of Metcalf and Albert streets and all other her property to her son William Wentworth Roberts, of St. John, marine engineer, and she nominates him as executor. He was accordingly sworn in as such. There is no real estate; personal state, including the leasehold, valued at \$500. J. King Kelley, K.C., is proctor.

GETTING RESTLESS

British Capitalists Want Some Action Re Mexico

TOO LONG DRAWN OUT

Some United States Asking Towards Clearing the Situation

(Canadian Press)

London, Jan. 29.—The relations of the United States with Great Britain in regard to the Panama Canal tolls, the controversy between Washington and Tokyo over the California alien land ownership legislation and President Wilson's policy toward Mexico, are the subjects of lengthy despatches today from British correspondents in Washington, but there is a singular lack of editorial comment on these questions.

The Pall Mall Gazette is the only newspaper to mention Mexico. It says President Wilson has laid himself open to a charge of having chafed up "No Huerta" and then run away and it concludes: "It is a position that becomes worse for the prestige of the Washington government every day on which nothing happens."

Financiers Restless.

Financiers here interested in Mexico are becoming impatient at the lack of action shown by President Wilson. A meeting of the Mexican section of the London Chamber of Commerce is to be called to discuss the replies to a circular recently sent out to its members, asking them for their views as to whether it would be advisable for Great Britain to join with France and Germany in asking President Wilson to take some steps to adjust the financial position of Mexico.

The summons sent to Sir Lionel Carden, British minister to Mexico, to come to London for a conference, has created no surprise here, as it was announced on January 5 that this would be the first step toward his transfer to Brazil. The six months for which he was appointed to Mexico will expire in the middle of February. Thomas B. Hoher, as first secretary of legation in Mexico, will naturally act as charge d'affaires until the successor of Sir Lionel is definitely appointed which will occur after his transfer to Rio de Janeiro. Charles Murray Marling, now counselor of embassy at Constantinople, is still the only diplomat appointed which will occur after his transfer to Rio de Janeiro. Charles Murray Marling, now counselor of embassy at Constantinople, is still the only diplomat appointed which will occur after his transfer to Rio de Janeiro.

The latest information regarding the accident at Springhill Junction on Wednesday indicated that the little McKenney children are in precarious condition. The children were being hauled on a hand sled by a larger boy. Their attention was distracted by the passing of an express and they did not notice a freight train backing out of the siding. They were crushed between the trucks and sleepers.

Washington, Jan. 29.—Direct communication by radio between Germany and the United States without any relay, has been established and the first message was sent by Emperor William to President Wilson. The emperor's message was received at the White House on Tuesday night. It was sent over land telegraph lines from Tuckerton, N. J., where it was taken at the radio station established there. The message was:—"President Wilson, 'I send you my best greetings, hoping that the wireless communication will become a new link between our countries.' 'Wilhelm.'"

NO MORE, SAYS GOTCH

Champion Wrestler Refuses Large New York Offer

New York, Jan. 29.—Wrestling promoters here have been trying to bring Frank Gotch, heavyweight champion, to New York for three bouts with foreign stars. He was offered \$25,000. "I will not leave my farm again," he replied to the New York offer, "and I positively had given up wrestling forever. My wife and I have gone over the situation," he wrote, "and nothing will induce me to change my mind. The call of the foreigners and the big offers of New York purses will never make me leave my farm again." He suggested that Beell and America get together and let the winner defend the title, saying that he was willing to accept the fight in favor of the better of the two.

BISHOPS COUNSEL CAUTION IN GIVING SEX INSTRUCTION

Berlin, Jan. 29.—The instruction of the youth in matters of sex, called for "the greatest caution and reserve," in the opinion of the Catholic bishops of Germany. The question formed one of the topics at a recent conference in Fulda, and the result of the discussion has been transmitted to the various dioceses.

The bishops took a firm stand against class instruction in these matters, and declared that instruction "in individual cases, where it may be necessary," should be given by parents or the child's father confessor with extreme caution.

The conference condemned gymnastic exhibitions in which children of both sexes took part, as well as public exhibitions by girls and women, and especially swimming exhibitions or contests.

The report ends with expressions of deep regret that the clothing of girls and women "has become shameless." The Association of Catholic Women is appealed to take up arms against "this disgraceful backsliding."

Full One Per Cent Cut In Bank of England Rate Is Cheery Cable News Today

The business world will read with relief and pleasure the news that the cable brings today—a reduction of one per cent in the Bank of England discount rate.

Since the first of the year, conditions have been improving and the bank rate has gone down from five per cent, but only by fractions. Now comes a full one per cent cut, placing the rate today at three per cent.

A city banker, commenting on the news, declared it remarkable and said it must be because of improved conditions, for the Bank of England was in closest touch with the financial world. While it would not affect St. John at once, it was a good sign of brighter days and it struck him as interesting that the re-bound from depression seemed to come suddenly and the spirit of optimism again prevailed.

A letter from Calgary is interesting also at this time. It reports business conditions brightening nicely there.

Here is the London cable:—

London, Jan. 29.—The Bank of England was enabled today, in consequence of further world-wide ease in the monetary situation and of the strong position of its reserve, to lower its minimum discount rate by one per cent, making it three per cent. This was the third reduction since the beginning of the year. The last diminution was announced on January 22, when the rate was reduced from 4 1/2 to 4 per cent.

SPEAKS OF THE PAVING LAW

Mr. Agar Sets Out The Position of Commissioners on The Question

A spirited defence of the city's paving policy was made by Commissioner Agar in conversation with a Times reporter this morning. "The commissioners are the servants of the electors," he said "and we are here to carry out their wishes and not to force upon the city anything that the citizens do not wish. The statements which have been made that we are trying to force the new bill through the legislature are far from correct. The bill has been talked of for the last year and when it was drafted its terms were published in the local newspapers so that everyone might become familiar with them and be in a position to make any criticism they wished."

"The bill has merely been presented to the council and laid on the table without any of the commissioners being asked to comment thereupon regarding it. I know of no other piece of civic legislation which has been presented in a manner to give such opportunities for discussion and criticism. This does not look as if we were going to force it through."

"Regarding our attitude on the subject I might say that when the present commissioners took office the department which showed the most apparent signs of neglect was the street paving. In the past, large amounts of money had been spent on the streets but there was very little to show for it and there was much to be done. A comparison with other cities showed that we were twenty five years behind the times in the matter of permanent pavements."

and if we were to do anything to change this situation a systematic policy was necessary. We secured the present act but it has not proved entirely satisfactory and we are now seeking to improve it.

"Opponents of the bill seem to object to the policy of asking the abutters to pay for a share of the improvements but, on the other hand, we have always had to face the criticism that the whole city has been taxed to pay for pavements in certain districts from which the other citizens reap no benefit. A permanent pavement is an asset to the adjoining properties and it seems only fair that those who benefit directly should contribute towards the cost.

"If we are to have good streets, somebody must pay for them and this has seemed to be the fairest plan. So far the comments and criticism have been from those opposed to the bill and I think that it is time we heard from some of the other citizens who wish to see the city advanced and who would like to have a permanent paving policy which would enable us to present at once as good a pavement as any other city of the same size. If any one has a better plan we would like to hear about it.

"It is no pleasure for us to try to force anything upon the citizens and we have no intention of doing so. If the majority of the citizens do not support this policy we will have to conclude that we are ahead of the times and go back to the old system of patchwork repairs but before doing so we would like to hear from the citizens who are interested in seeing the city advanced."

DANCE BETWEEN COURSES

MONTREAL FREAK AT A DINNER IN THE WINDSOR

Montreal, Jan. 29.—Montreal received its latest lessons in social functions last night in the introduction of a supper dance at the Windsor. The tables were placed in a decorous quadrangle and the middle space was left clear for dancing. The bare boards had been polished and waxed and the fiddles tuned and on went the dance.

Some came in very formal evening dress and others very informal business, clothes, but none, it was said, were of the ladies that their frocks were quite of the latest mode.

They danced after the cocktail—they did serve cocktails—tangoed after the hors d'oeuvres and gracefully performed the bestial waltz in the interval between soup and the roast of game.

MISSING GIRLS FOUND IN A CHINESE DIVE

Two Men and White Woman Taken in Charge in Toronto

Toronto, Jan. 29.—In what the police believe to be an Oriental dive, when entered, detectives took in charge two Chinese, a white woman and two white children. One of the former is charged with contributing to the delinquency of minors, and the other four are held as material witnesses in the case.

The names of the children are given by the police as Bertha Richardson, aged 14, and Elsie Freeman, aged 17. The police declare they were reported as missing by their parents some days ago. The Chinese accused as the ringleader is Jim Wong and the other is Hong Wong. The white woman says she is Charlotte Harvey, aged 25, and that she is an American actress of no fixed place of habitation.

ANOTHER HOME RULE UNIONIST REPORT

London, Jan. 29.—According to the Daily Mail, Premier Asquith proposed in the course of the recent conference with Bonar Law, Unionist leader, on the subject of home rule for Ireland, to concede to Ulster administrative autonomy on condition that Ulster submit to the legislative authority of a parliament at Dublin. The Unionist leader refused, alleging that to accept would bind Ulster to concede what the Unionists have sworn not to concede.

EARL DENIES IT

Fitzwilliam Defends Alleged Alienation Case

IS CLOSE FRIEND OF KING

His Majesty Writes That He Must Clear Himself at Earliest Moment—Reply Declares Absolute Innocence

(Canadian Press)

London, Jan. 29.—Earl Fitzwilliam has instructed his lawyers to fight strenuously the allegations contained in a petition naming him co-respondent in the Leslie Melville case.

In papers already filed, the earl emphatically denies suggested misconduct with Mrs. Melville and states that the associations with her were strictly platonic and of a friendly character.

A great deal of correspondence will be produced before the court, including letters exchanged between the earl and Mrs. Melville. It is understood that the petition is claiming big damages from the earl on the ground of alleged alienation of his wife's affections. The sum of \$100,000 has been mentioned. It is this claim for damages which the earl insists on resisting to the utmost.

King George is greatly concerned in his favorite friend's troubles and has written him privately to the effect that he must clear himself of the accusations at the earliest possible moment. The earl's reply was an assurance of absolute innocence, and a recital of his personal views regarding his citation as co-respondent.

PUGILIST GLABBY AND TRAINER ACCUSED OF BEATING POLICEMAN

Los Angeles Patrolman Has Concussion of Brain and Assaults Are Out on Bail

Los Angeles, Cal., Jan. 29.—Jimmy Clabby, a middle-weight pugilist, and his trainer, Arthur McQueen, were admitted to \$1,000 bail each last night. They spent most of the day in jail on a charge of assaulting and resisting a policeman.

It is charged that they attacked him in an alley early yesterday.

The policeman is suffering from concussion of the brain, and the city prosecutors waited until hospital authorities declared him out of danger, before they released Clabby and McQueen.

WEDDINGS IN THE CITY

Barrett-Brennan.

A marriage of interest was solemnized yesterday morning in Holy Trinity church when Rev. J. J. Walsh officiated at the wedding of James Barrett of East St. John and Mrs. Cora Brennan. The wedding was solemnized at 5.30 a. m., and was witnessed by several friends. The groom was attended by Percy Ennis, while Miss May Kelly assisted the bride. Many pleasing wedding remembrances were received. The bride and groom are very popular about the city. Mr. Barrett has been engaged in the barber shop of the Victoria Hotel for some time. They will make their home in this city after their return from Nova Scotia, where they went on a honeymoon trip.

Smith-Travis.

A pretty nuptial event took place on Wednesday morning in the Cathedral of the Immaculate Conception when Miss Teresa M., daughter of Mr. and Mrs. John Travis was united in marriage to Michael Smith. The bride, who was given away by her father, wore a blue tailored suit with black hat trimmed with ermine and white plumes. She was attended by her sister, Miss Annie Travis, who was dressed in grey with blue hat. Wm. O'Brien cousin of the bride, was best man. The bride's traveling gown was of blue, and she wore a hat to correspond, and a Persian lamb coat. The honeymoon trip includes Boston, New York, and Philadelphia. Following the wedding yesterday a reception was held at the home of the bride. Mr. and Mrs. Smith will reside in St. John.

McCafferty-Donahue

A pretty wedding was solemnized Tuesday evening in Holy Trinity church, when Rev. J. J. Walsh united in marriage Miss Annie Agnes Donahue, daughter of Dennis Donahue, to James Daniel McCafferty. Both are of this city. The bride wore a pretty blue silk gown with hat to match. She was given away by her father, and was attended by her sister, Miss Kathleen Donahue, while James Whelan, of Kent county, was best man. Mr. and Mrs. McCafferty have many friends in and about the city, and this was shown by the many beautiful and useful presents received.

THOSE TAG DAYS

Representations have been made to Mayor Frink regarding the custom of holding tag days in the city, and complaints have been made that there seems to be danger of abuse of the privilege. It has been suggested that if tag days are to be permitted at all they should be allowed only for the benefit of local undenominational institutions.

THE REFINERY

Norman B. Stark, of Toronto, a banker, who was interested in the financing of the Atlantic Sugar Refineries, Ltd., called on Mayor Frink at City Hall this morning. He said the work on the plant is progressing satisfactorily and the prospects for the company are bright.

Development Of Our Shales

Offer Of Oil For The Battleships Of Britain

THE ALBERT PROPERTY

Big Company Said to Be Prepared to go Ahead and Ultimately to Give Employment to Eight Thousand Men

(Canadian Press)

Montreal, Jan. 29.—Following closely upon the announcement of Lord Murray of Elibank that the British government had failed in its negotiations to secure South American oil fields, comes a statement that "Oil Processes Limited," a Canadian concern, capitalized at £1,400,000 sterling, approximately \$7,000,000, is prepared to supply all the oil needed for British battleships.

"Oil Processes Limited," has been incorporated recently at Ottawa and has a charter that enables it to enter all sorts of business, from the manufacture of oil products to the building of ships and railroads. The head office is to be in Ottawa and Ottawa men are named as the directors, with an Ottawa firm, Perkins, Fraser and McCormick, as the legal advisers. However, it was said in Montreal last night that the real control is held by English and French capitalists.

The company recently acquired the shale lands of Senator Donville, of Rothesay, N. B., at a cost of \$400,000. These shale lands, situated in Albert county, some eighty miles from St. John are said on expert opinion to contain at least 1,000,000,000 tons of shale. From this the company expects to manufacture general salubrious of ammonia and oil for various purposes, principally fuel. It is said that when the concern is thoroughly established there will be work for 8,000 men.

The lands are on the line of the Mackenzie and Mann Railway, and adjacent shale lands owned by the railway magnates.

COACHMEN AT DEPOT

NOW HAVE A 'PHONE

A telephone has been placed in the coachmen's room near their stand in the Union Depot. Sixteen of the cabbies have decided that it will be to their advantage to have a 'phone at the depot, and amongst them they have put up \$48 for the privilege. It is not a case where all share in the benefits derived, for there is a lock attached to the receiver and this prevents the instrument being used except by those having a key—that is all who have given their quota to its maintenance. When there is no one in the waiting room, and the incoming trunk rings it can be taken to the door of the men at the stand, as a side has been placed in position. The arrangement has worked very satisfactorily thus far.

CAUGHT IN THE ACT

Two women walked to a stall in the county market this morning, the older remained on the outside, while the other went in and engaged as to prices of meats. The woman near the outside benches seemed interested in the stock of eggs, butter, etc., on display, but in reality was more concerned in placing beneath her cape a five-pound tin of corned-beef. She accomplished her object, but another stall-keeper had detected her act, and informed the one from whom she had stolen. He followed her to the door of the market and caught her just as she was putting the can of meat into a basket carried by her associate.
