FREE KINDERGARTENS

A Review of the Work of the Last Month—What the Children Have Been Doing

The three free kindergartens opened September 6, and have had rather a trying month. In one kindergarten ten children were to go to the public schools, but when the time for opening came all had gone except ten, some of these only being in attendance a very small part of the year. This is only one of the discouragements.

The facts are that the mothers should leave the children with the kindergarten until she says they are sufficiently developed to attend a primary school and this education of the mothers seems to take longer than was expected. The enrolment in each room is really larger than it should be, which goes to show that more kindergartens are needed.

Brussels street kindergarten has been moved up to the primary Sunday school room of Brussels street Baptist church. The association are much indebted to the Baptist church for their kindness. This leaves the little Assyrians out in the cold, more or less, as they are too far away to attend, and if they are to become citizens of St. John, now is the time to influence them for good.

The topics for the month have included the family thought, the home, the people in the home, home life, the finger families, and the Autumn thought of fruit and vegetables has been begun.

Assistance is needed in the Kindergarten work, especially in the room on Waterloo street. Young ladies who will volunteer to help will be gladly welcomed in any of the three rooms and the association would like to see a class of young ladies. High school graduates, applying to Mrs. W. C. Matthews, 39 Sewell street, for the training, as in the future there must be openings for more kindergartens. Kate Douglas Wiggins says: "To be a kindergarten is the highest development of womanhood."

ARGUMENT HEARD IN de FOREST CASE

Adjourned Session of the Chancery Division Held This Morning by Chief Justice Barker

The adjourned September sittings of the Chancery Division were resumed this morning at 11 o'clock in chambers. His Honor Chief Justice Barker, presiding.

In the matter of J. Leslie Kennedy, administrator of the estate of David Kennedy, deceased vs. Andrew J. Slater, administrator of the estate of Helena M. Slater, His Honor, Justice McLeod, concurring, dismissed the originating summons granted on behalf of the plaintiff, without costs and referred the matter to the probate court of Carleton county.

On a prior day W. P. Jones K.C., for the plaintiff, obtained an originating summons which was returnable on the opening day of these sittings. The late Helena M. Slater was a grand-daughter of the late David Kennedy. Mrs. Slater's mother who was a daughter of Kennedy, pre-deceased him. The administrator of the late Helena M. Slater claims that her estate should participate in the personal estate of the late Mr. Kennedy.

Mr. Jones, for the plaintiff, contended that as the mother of Mr. Slater pre-deceased the late Mr. Kennedy, that according to the Statute of Distributions, the word "children" had a natural meaning, therefore the heirs of the children would not take. M. G. Teed, K. C., argued contra.

This morning His Honor referred the matter to the Probate Court of Carleton county as previously stated.

Argument in the suit of H. W. deForest Limited, per L.P.D. Tiley, assignee vs. H. W. deForest was then presented.

This is an action for a decree to compel Harry W. deForest to assign to the assignee of the company, the Union Blend Tea trade mark on the ground that it is part of the good will of the company.

The case was heard at the September sittings.

M. G. Teed, K.C., appeared for the plaintiff, and D. Mullin, K.C., for the defendant, deForest, and A. A. Wilson, K. C., for the defendant, J. Harvey Brown, who was joined by Mr. Mullin.

Mr. Teed, K.C., for the plaintiff contended (1) That the plaintiff is entitled to the trade mark by virtue of the agreement made between the company and the defendant at the time of incorporation of the company, when the defendant in consideration for certain shares and stock in the company transferred the tea business together with the good will (2) That the trade mark is assignable as part of the good will (3) That under the Canadian statutes the trade mark is assignable in law (4) That the trade mark is a species of property in respect of which this court will grant specific performance.

Mr. Teed cited a number of authorities in the course of his argument.

Mr. Mullin, K.C., for the defendant, contended that this is a question of whether or not the trade mark was ever conveyed to the company. He argued that the agreement does not expressly mention this. He also contended that the trade mark being a personal one was not included in the terms of the agreement. Mr. Mullin cited a number of authorities in the course of his argument.

His Honor announced that he would consider.

Y. M. C. A. IS OUT AFTER MEMBERS

Ten Teams of Ten Members Each Working to Swell the Ranks of the Association—Winners to Get Prizes

With an encouraging swing which would seem to give promise of success, a membership boosting contest was started yesterday in the Y. M. C. A. and for the first day's work the results show that there are some real active workers laboring zealously to increase the roll of the association. Eight new members were added to the lists yesterday.

The scheme arranged for the contest is slightly different from that of last year, as instead of two teams, there are ten of ten members each, making 100 men in all, who will endeavor to swell the ranks of the "Y." The names of the captains and the numbers of the teams by which they are known, are as follows: No. 1, J. C. Henderson; 2, Murray Jarvis; 3, W. C. Cross; 4, J. L. Brown; 5, W. Latham; 6, L. H. Bertson; 7, H. Kinnear; 8, W. D. Robertson; 9, D. S. Robillard, and 10, R. W. Drinan.

As an incentive towards progress, prizes are being offered to the winning team, and to the three highest individuals, irrespective of teams. In addition to this the five teams in the lead at the end of the contest will be treated to a turkey supper, while the losers will have to be satisfied with a less tempting bill of fare.

LED MR. LAW A MERRY CHASE

Percy Hill Charged With Theft of Money From Cloak Room in Dearborn & Co's Covered Much Ground

From the evidence of George A. Law, driver for Dearborn & Co., Prince William street, this morning in the police court, it would seem that Percy Hill, a young man hailing from Lynn, Mass., had led him a merry chase yesterday afternoon, when Mr. Law attempted to question him concerning a little over \$5 which was missing from his coat pocket. Mr. Law said that he had left his coat in the cloak room adjoining the office, and when he came back to the place, he saw Hill dart outside, and on finding his change missing made after him; one was not included in the chase.

Then a lengthy chase began, the route embracing Prince Wm., Church, Germain, King, South Market, Charlotte, Princess, Sydney, and Leinster streets, until Hill was finally caught and brought to central station. On being searched he had in his pockets over \$5 in silver, but said he had got it at the post office. He was remanded this morning.

The high winds this morning played havoc with the headgear of many of the male citizens. One man in particular, is probably wondering what became of his hat, namely, a citizen who came out of a store opposite Sheriff street and as he did so, the breeze wafted his brown Stetson over a street car, and a gust of wind from an opposite direction, sent the "lid" on the front of a passing street car, on the doopstep, where it remained, unknown to those aboard, until many blocks had been passed.
