But were his words any more emphatic than they would have been if written as we write, that is so far as custom will permit, without the use of superfluities? As the world grows older men grow more and more to recognize the brevity of their lives. We have no time for prolixity, even in orthography, It is said that the space occupied by the "u" in such words as labor, honor, humor etc., in the London Times during a single year, if paid for at the publisher's regular advertising rates would bring him something more than one thousand pounds.
