RUSSIA JOBLANT OVER NEW FREEDOM

Singing Crowds Fill St. Petersburg's Streets---Revolutionists Still Suspect Treachery.

ST. PETERSBURG, Oct. 31, 12.35 p.m.—The Russian capital blossomed out with flags and banners today. All the troops were withdrawn from the streets and the city presented almost its normal appearance. The nervousness of the people has suddenly disappeared. Workmen from the thousands flocked back to their shops and factories without awaiting permission of the strike committee. The authorities did all in their power to encourage the spirit of rejoicing of the newly attained liberties.

RUSSIA'S NEW RULER.

FRANCE IS SURPRISED.

PARIS, Oct. 31.—The manifesto of Emperor Nicholas promising liberty of conscience, speech and meeting is considered generally by the press here to be more liberal than had been expected. His majesty's declaration relative to the extension of the suffrage for the Duma, without whose collaboration laws henceforth will not be made, is regarded as an enormous concession, practically abolishing the autocracy. This it is thought will be a great factor in bringing about the conclusion of the popular agitation. The Echo de Paris St. Petersburg correspondent says a report is current that the influence of foreign banks who were negotiating a loan has hastened the emperor's decision.

STRIKE STILL GOING ON.

BERLIN, Oct. 31.—A dispatch to the Lokas Anzeiger from Katowitz, in Silesia, says that a general strike has broken out in the districts of Sosnowitz and Dombrowa, in Russian Poland. The operatives in the Ailes Coal and Iron Works went out at noon. A passenger train tried to get from Katowitz to Sosnowitz yesterday afternoon, but was stopped at the frontier by a howling mob and compelled to return.

MUTINY STORY UNFOUNDED.

ST. PETERSBURG, Oct. 30, 11.30 p.m.—There appears to be no foundation for the rumors of mutiny on the vessels of the Black Sea fleet which are in circulation in Odessa, and which have been industriously propagated by the strikers here for several days.

LORD CURZON FEVER STRICKEN

LAHORE, British India, Oct. 31.—The retiring viceroy, Lord Curzon, of Kedleston, who has been making a farewell tour of India is prostrated with fever brought on by exposure to the sun.

LIPTON WILL HAVE FAIR CHANCE IN 1907.

The Present Rules of Racing Measurement Will Give the Challenging Yacht an Equal Show.

NEW YORK, Oct. 30.—It developed last night that Sir Thomas Lipton's wish to race for the America's cup under the present rule of racing measurement will be made possible this winter, says the New York World. The next contest for the famous trophy will be under conditions that will give England an equal chance of winning and a race in 1907 seems certain.

At a meeting of the Yacht Racing Association of Long Island Sound last night the association was invited to confer with the New York Yacht Club and elect delegates to the International Yachting Convention to be held this winter in England. At the meeting a broad universal measurement rule will be adopted. Both the New York Club and Long Island Association favor the present American rule, and as all the English clubs do, it will in all probability be adopted.

E. Cromwell, chairman of the regatta committee of the New York Yacht Club and a member of the Long Island Association, said last night that in his opinion a new defender would be built as soon as a challenge is received and that the boat would be two minutes faster than the Reliance over a thirty mile race.

BAIL REFUSED FOR NORTHRUP; MANSLAUGHTER CHARGED.

TURK'S POSTPONE U. S. CITIZEN'S EXECUTION.

CONSTANTINOPLE, Oct. 31.—The preparations which were going on for the execution of Ghazis Vertanian, who was condemned to death for the execution of a prominent Armenian, were suddenly stopped yesterday on the receipt of a note from the United States legation setting forth in unequivocal terms that such an act would inevitably produce serious consequences.

PROMINENT N. Y. LAWYER DEAD.

NEW YORK, Oct. 31.—Wm. Wallace MacFarland died suddenly yesterday from heart disease at his home. Mr. MacFarland was one of the most prominent lawyers in New York. During his career he was a member of several of the best known firms. It was a fatal lawyer that he gained his greatest reputation. Among his most important cases were the suits against the estate of his business partner, the suit in behalf of August Belmont, growing out of his business with the Peninsular fund and the prosecution of Daniel Nebl, by the Royal Insurance Company.

MIKADO HONORS DIPLOMATS

TOKIO, Oct. 31.—The members of the diplomatic corps having requested an audience for the purpose of presenting felicitations to the conclusion of peace, the Mikado received them today and afterwards invited them to luncheon together with the Imperial Princess. Ministers of State and Baron Komura's suite. The action of the Mikado in inviting the diplomatic corps to luncheon is almost without precedent.

Referee and Seconds Remanded ---Post-Mortem Examination Held This Morning

The police court was crowded this morning with men and boys to hear the charge read to Fred Northrup, who was the opponent of Charles O'Regan in the fatal boxing exhibition last night.

FRED NORTHRUP.
Who is held on a charge of manslaughter in connection with last night's boxing match.

CHARLES O'REGAN.
Who met his death in the bout with Northrup.

ent, representing Messrs. Northrup, O'Keefe and Richey.

Acting Magistrate Henderson called Northrup to the front and told him he had been charged with manslaughter of Charles O'Regan and would be remanded. The other prisoners, seconds, referee and ticket seller, were told that they were held as accessories, and they were all remanded to jail.

Mr. Macrae explained to the court that Richey did not see the contest and was in the rink office at the time of the fatal selling tickets, and he did not see why he should be held.

Mr. Macrae asked the acting magistrate if he would not accept bail, and he said he would listen to an application for bail at two o'clock this afternoon. The prisoners were then marched into jail.

SURGEON PARALYSED WHILE OPERATING

CHICAGO, Oct. 31.—While performing a serious operation yesterday in a local hospital Dr. J. Oswald, one of the leading surgeons on the north side, was stricken with paralysis.

MME. WITTE.

Mme. Witte, wife of the Russian diplomat, is a Jewess who has embraced Christianity. She is said to be both beautiful and good; but because of her Hebrew blood she has been rigorously excluded from court circles, so intense a prejudice in the imperial family of Russia. When M. Witte married her, he was a modest official in the imperial railway service. Later, when he became minister, first of commerce and afterwards of finance, he found every door of "society" closed in his wife's face. The Empress Mary Fedorovna, wife of Alexander III., refused to receive her. The present Empress, though in many ways more liberal, has taken the same course. Worse still, after Von Plehve and the Grand Duke Sergius had been assassinated, when M. Witte was crowned emperor, M. Witte as the coming man, a new order was issued, expressly forbidding the ladies of the court ever to cross M. Witte's threshold. In spite of these annoyances, the estranged couple have been very happy together, and their only daughter has married a young diplomat belonging to one of the most distinguished Russian families who court among their ancestors the mother of Peter the Great.
