A. POYAS, Watchmaker and Jeweler, 16 Mill St., St. John, N. B. Phone Main 1937.

At a meeting of the Baptist foreign mission board yesterday, W. C. Cross was appointed a member in succession to the late T. S. Simms. Those present at the meeting besides the chairman, Rev. Wellington Camp, were Rev. W. V. Higgins, Rev. M. E. Fletcher, Rev. Dr. McIntyre, A. A. Wilson, E. M. Sipe, W. H. White and R. M. Hobart.

Reports received from the mission field were to the effect that the rains had come and that the prospects for good crops were bright. Relief had to be given to some native Christians and the board will forward a portion of their famine fund to be applied for that purpose.

Charlottetown had a good year in 1908, notwithstanding the commercial depression abroad in the world. Trade was good, largely owing to farmers having plentiful crops which they sold for good prices. Labor found ready employment. Probably there is no city in Canada with a smaller proportion of uncollected taxes, or less real poverty than Charlottetown. The general health of the city has been up to the favorable average of past years, with no serious epidemics. The city improves from year to year. The concrete sidewalks have been extended, houses numbered, the letter carrier system introduced and many other improvements made. The outlook for the new year appears bright.—Guardian.

LOCAL NEWS

You should never let your clothes advertise the fact that money is scarce with you, or it will continue to be scarce.—Fidgeon.

Gordon Division No. 275, Sons of Temperance, met in Christadelphian Hall, 112 Union street, this evening. All members of the Order welcomed.

The Star is in receipt of an up-to-date World's Annual Sporting Record issued by James M. Power, 13 Buckingham street, Halifax. Mr. Power is one of the most prominent sporting men in the Province.

Dr. Price was called to Mission Point yesterday and while visiting a patient there discovered that there were quite a number of cases of smallpox among the Indians. Prompt measures are being taken. The Town Board of Health met last night and placed a close quarantine on all persons from the Point and Campbellton people are warned to have as little as possible to do with the natives from the Mission. It is hoped the prompt measures taken will prevent a spread of the disease.—Graphic.

In conversation today with Mr. O. Turgeon, M. P. P. for Gloucester, that gentleman assured the Graphic that he was confident that the Dominion Company would locate their smelter at Bathurst. He had interviewed the government as to undertaking the necessary harbor improvements and was confident from the answer given him when he pressed the Dominion claim, that the government would undertake the work planned. There is hardly a doubt but that if this company gets what it requires at Bathurst in the way of harbor improvements, etc., etc., but that it will locate there. With the answer assured Bathurst can look for a boom when spring opens up.—Graphic.

GOLD WEATHER FOUND

HOSPITAL PREPARED

Heat Was Turned on Last Night and With Aid of Oil Stoves Building is Quite Comfortable.

The cold weather which arrived last night held off just long enough to enable the workmen at the Provincial Hospital to get the heating plant in sufficient working order to get up steam and turn the heat on. While there is not a great deal of steam yet the amount of rain which fell in yesterday's big storm was 3.84 inches. This is the biggest precipitation ever recorded here for January.

MONTEZUMA TOOK RECORD

NUMBER OF CATTLE

C. P. R. Liner Left Yesterday With 1,223 Head Which Were Loaded in 2 Hours and 20 Minutes

The C. P. R. liner Montezuma which sailed yesterday for London carried 1,223 head of cattle. This is the largest shipment which ever left St. John on one steamer. Last month the shipment from St. John were largely in excess of previous years, and the record will probably be continued this month.

The Montezuma also established a record which it will be hard to beat in putting the cattle on board. Only 3 hours, 25 minutes were required to load the whole shipment.

The Manchester trader which sailed on Tuesday for Manchester carried 330 head of cattle.

WEEK OF PRAYER IN THE NORTH END

The North End week of prayer meeting will be held in Douglas Avenue Christian Church tonight. Rev. R. P. McKim will preside and the speakers will be Rev. Messrs. J. J. McCaskill, B. H. Nobles and D. Hutchinson. The subject is "Nation's Under Rulers."

There was a large congregation in Portland Street Church last night when the subject was Foreign Missions. The leader was Rev. D. Hutchinson, and interesting addresses were delivered by Rev. Messrs. Appel, McCaskill and Nobles. The choir of the church assisted with the music. The attendance at the North End meetings have never before been as large as this year and the interest shown is most encouraging.

POLICE COURT.

In the police court this morning Timothy Burke went to jail for two months in default of paying a slight dollar fine.

Karl Hendrickson was charged with wandering about on Smythe street and not giving a satisfactory account of himself. He was sent to jail for two months on an old commitment, having been allowed to go under suspended sentence on Jan. 2nd.

George Fish, a young fellow, caused about a hundred people to congregate on Brussels street last night when he refused to go home when ordered by the police, and persisted in blocking the sidewalk. He was remanded to jail.

Fred Carlin was charged by his mother with disorderly conduct and threatening to kill her. He was remanded to jail.

Thomas Lawrence, found drunk on King street, West End, would not tell where he procured the liquor, and was remanded.

PERSONAL

Mrs. Percival Bell will receive her friends on Thursday and Friday afternoons, Jan. 7th and 8th, at her home, 29 George street, Fairville.

WAR ON TUBERCULOSIS

WILL COMMENCE TONIGHT

At Meeting in Germain St. Church the Campaign Against the White Plague Will be Inaugurated.

Tonight marks the opening of a definite campaign in this city against the disease of tuberculosis. While spasmodic efforts have been made in the past to arouse interest in the campaign, no such definite and organized attempt has been made before.

The meeting tonight which will be held in Germain Street Church in connection with the series of week-of-prayer meetings, has been arranged as the result of the decision of the vangelical Alliance to start a fight against the disease.

Ven. Archbishop Raymond will preside this evening, and Rev. Hugh Pedley, of Montreal, will first address the meeting.

Addresses will also be made by Dr. J. R. McIntosh, president of the Medical Association, Dr. J. W. Daniel, M. P., and Dr. G. A. S. Addy. A great amount of interest has already been shown in the movement and a large attendance is expected. The choir of Exmouth Street Church will assist with the music.

RAIN FALL THE LARGEST ON RECORD FOR JANUARY

Amounted to 3.84 Inches—Temperature Dropped 42 Degrees Last Night

The weather, which has been doing some surprising things lately made another quick change last night and today the thermometer shows a difference of 42 degrees between yesterday's temperature and that today. The highest figure yesterday was 54 degrees above while this morning it was only 12 above.

The change occurred last night about eight o'clock when the wind shifted to the southwest. The fog then cleared out and the mercury began to fall. The indications now point towards continual cold and colder weather.

The amount of rain which fell in yesterday's big storm was 3.84 inches. This is the biggest precipitation ever recorded here for January.
