

FAMILY REMEDY

In Use in Thousands of Homes. M. Stevens, of Midland, New York, proprietor of Hotel, writes: "I have the pleasure to testify to the

Harry M. Stevens. I have used it for years and find it to be a most excellent remedy. For colds, catarrh of the nose, it is unsurpassed."

STEVENS. Member of Congress, District, writes: "I have pleasure in testifying to the value of this remedy. It is an absolute scientific remedy for all catarrhs of the nose, and has no substitute."

McLEAN'S VEGETABLE WORM SYRUP is an old and thoroughly tested remedy. It is safe, pleasant and effective.

Mr. and Mrs. G. W. Rothwell of McAdam Junction have returned home from their bridal trip. They occupy the house lately vacated by William Shields.

The Moncton Curling Club starts the present year with a cash surplus of \$8311 from last season's operations. H. G. Marr is the new president and Rev. G. W. Fisher is chairman.

Diver Edward Lacey returned Thursday evening from Tusket Wedge, about sixteen miles from Yarmouth, where he was examining the bottom of a vessel which fouled one of the ledges there.

Wednesday afternoon a horse owned by Bernard Clarke, jumped from the gang, plant of the David Weston wharf, where it was being removed into the river. It was towed around to the slip and extricated without damage.

DON'T GO HOME if you have not got at least one bottle of Kendrick's Liniment in the house. Don't go home without it. There is nothing better for aches and pains than Kendrick's Liniment.

Walter Kitchen of St. John, deck hand on the steamer Victoria, had one of his left hand fingers cut off and another crushed by a heavy barrel falling on them while on the passage from St. John to Fredericton, yesterday.

James Frazer of Magaguadavic, who was visiting at Canterbury, was taken suddenly ill with pneumonia and died in less than a week. He was buried at Canterbury, the Rev. J. E. Flewelling conducting the services.

On account of rough weather, oysters have slightly advanced in price at Summerside. P. E. I. Yesterday's Guardian quoted cheapest unculled at \$3.25 per barrel, with best certain Island oysters as high as \$3.50.

MORE COLDS are cured by Perry-Balsam than any other remedy. It cures quickly and certainly. Bronchial affections give way readily to it. Manufactured by the proprietors of Perry Davis' Pain-Killer.

Felix Burns of Sussex, lying near the track at Sussex bridge, Tuesday afternoon at three o'clock, was struck by train No. 28 from St. John, and sustained severe injuries to one hand. He luckily escaped.

C. A. Lowe of Moncton has been appointed station agent at Sydney, in place of T. B. Spencer, who remains as yard master. Mr. Lowe will have general superintendence of the freight, passenger and yard departments.

Tug Iona has arrived at North Sydney, and reports that the sch. Marlan, which was sold at auction as she lay on the beach at Big Bras d'Or, had been carried out by the waves and been drifting up and down Bras d'Or on her beam ends. The Iona made an unsuccessful attempt to tow her ashore.

The Sun's Millstream correspondent writes: The remains of the late Timothy Northrup were interred in the Berwick cemetery October 24th, in the presence of a large concourse of sorrowing friends. Deceased leaves a wife and seven children.

Hon. Mr. Pugsley and Col. McLean left yesterday afternoon for New York, there to take the evidence of John F. Zabbie, late president of the Consolidated Electric Company, and of other witnesses. This is supposed to be one of the final acts in the winding up of the long continued electric cases.

W. B. MacKenzie, the chief engineer, and H. J. McGrath, also of the I. C. R., are in town, having come from Moncton to ascertain how work is progressing in the fitting up of the new railway yard at Big Bras d'Or. Mr. MacKenzie is well satisfied with the way the operations are going on. The yard will not be completed till next year.

A DISH OF RASPBERRIES. R. A. Courtney of Douglas avenue had a basket of ripe raspberries from his own garden for his supper the other evening. Mr. Courtney says there are still plenty of green berries on the bushes, which will ripen if the mild spell holds a few days longer. This brings the fruit record back from Kings county to St. John again.

When in Bed some Vapo-Cresoline vaporizer, light the vaporizer and place it near the head of the bed. Then all the time the baby sleeps it breathes in the healing vapor. The hard, tight chest, the fever gradually the breathing becomes pneumonia is avoided. The throat and bronchitis are relieved by the medicaments. The coughs and colds of children Vapo-Cresoline.

Take Laxative Cold Cure. All druggists refund money if it fails to cure. H. W. Greve's signature is on each box. Zic.

THE HAY TRADE.

Contractor Jameson is closing up his hay business at this port. During the season he has shipped about 15,000 tons to South Africa. Of this about 8,000 tons was New Brunswick hay, chiefly from Carleton Co. The average price being \$18.50 per ton. During the past year about 50,000 tons in all has been shipped from this port. The two companies are now getting improved presses in Carleton Co., and will compete for business.

A FORMER CITIZEN.

Col. Colebrooke Carter, who is a visitor to St. John and is now at the Royal Hotel, is a son of the late Sir James Carter, chief justice of this province and a retired officer in the army. He was born in this province, and as his name indicates, was named after one time governor of New Brunswick. Many of Col. Carter's early friends in the province, now grown up to middle aged men, are very glad to see him.—Globe.

DIED IN KANSAS CITY.

An esteemed correspondent sends a clipping from the Kansas Optimist, concerning the death of Mrs. Margaret Kadey, who at one time resided in New Brunswick. The deceased, whose maiden name was Margaret Spear, migrated with her parents in 1829 from Tyrone, Ireland, to this province, where she remained for some years. Miss Spear was then 13 years of age. She was married to William Kadey in 1851, and to this union 14 children were born, only six of whom are now living. Her husband in Kansas. Early in life she joined the Presbyterian church, but for the past ten years identified herself with the Methodist Episcopal Church. She was a deep Bible student and a devout Christian. She leaves thirty-eight grandchildren and sixty-eight great-grandchildren to call her blessed. Mrs. Kadey was 94 years of age.

The funeral services at the Kansas City M. E. Church were conducted by her pastor, Rev. Mr. Colwell, and a large concourse assembled to pay their last respects to a worthy mother in Israel.

DON'T SUFFER WITH PAIN, when you can get relief for a quarter of a dollar by using Kendrick's Liniment. Kendrick's is useful in many ways in household and stable.

WHY WAS THE CORNWALL SCUTTERED?

Word reached this city last night to the effect that the new schooner-rigged scow Cornwall, which left Parroboro with a cargo of coal the other day for Kingsport, had been scuttled off the last named place. No particulars were given, but various stories are afloat regarding the occurrence. It is said resistance was offered to the landing of the Cornwall on the ground that some of her crew were affected with smallpox, and that she was anchored off Kingsport. There is no explanation as to the scuttling of the vessel, however, but it is said the crew did that in order to get ashore. It is truly a peculiar case.

For whooping cough and croup, Vapo-Cresoline is a simple and perfect remedy.

PLAIN TALK.

To Catarth Sufferers. Every person suffering from catarth in its many forms, knows that the common lotions, salves and douches, do not cure. It is needless to argue this point or to cite cases of failure, because every victim of catarth knows it for himself if he has tried them.

A local application, it does any thing at all, simply gives temporary relief; a wash, lotion, saline or powder cannot reach the seat of the disease which is in the blood. The mucous membrane seeks to relieve the blood of catarth poison by secreting large quantities of mucus, the discharge sometimes closing up the nostrils descending to the throat and causing an annoying cough, continual clearing of the throat, dizziness, indigestion and many other disagreeable and persistent symptoms.

A remedy to really cure catarth must be an internal treatment; a remedy which will gradually cleanse the system from catarth poison and remove the fever and congestion always present in the mucous membrane. The best remedy for this purpose are Eucalyptol, Sanguinaria and Hydrastin, but the difficulty has always been to get these valuable curatives combined in one palatable, convenient form.

Recently this has been accomplished and the preparation put on the market under the name of Stuart's Catarth Tablets; they are large pleasant tasting lozenges, that are slowly dissolved in the mouth, thus reaching every part of the mucous membrane and finally the stomach and intestines. An advantage to be considered also is that Stuart's Catarth Tablets contain no cocaine, morphine or poisonous narcotics, so often found in catarth powders, and the use of which often entails a habit more dangerous than the disease.

Stuart's Catarth Tablets are sold by druggists at 50 cts. for full sized package and are probably the safest and most effectual catarth cure on the market.

THE SHIPMENT OF HAY TO AFRICA.

Mr. Jameson is closing up his hay business at this port. During the season he has shipped about 15,000 tons to South Africa. Of this about 8,000 tons was New Brunswick hay, chiefly from Carleton Co. The average price being \$18.50 per ton. During the past year about 50,000 tons in all has been shipped from this port. The two companies are now getting improved presses in Carleton Co., and will compete for business.

MEANWHILE Carleton county is not without hay purchasers. Mr. McCain, who was the first to be favored with the hay trade, has continued to buy, and it was largely with him that Mr. Jameson dealt. But Mr. McCain is getting a press of the new kind, and will by and by send hay from Carleton to the west coast, leaving the preparations another Carleton liberal thought he ought to have a share of the patronage. So Mr. Carvell formed a company and is also buying one of the modern presses with him, and therefore at hand when the Carleton county farmer may sell his hay to still better advantage on account of the competition. It is said that already the two presses are being fitted up against each other for future shipments.

DIDN'T KNOW IT WAS LOADED. GLACE BAY, Oct. 28.—The old story of "didn't know it was loaded" happened here yesterday, when Alex Currier, one of a gang of boys fooling with a revolver, pointed at Mary Curry, a girl who was walking along the street. As usual the weapon proved to contain a bullet, which entered the girl's head under the eye and knocking out several teeth, lodged in the back of her jaw. The bullet has not yet been extracted, but it is thought the girl will recover.

CHARLOTTE ELECTION CASE.

ST. ANDREWS, Oct. 29.—Judge Barker and Landry were here today to try the Charlotte election protest. Mr. Trueman, for the petitioner, said he had no evidence to offer. Mr. Cockburn thereupon moved that the petition be dismissed without costs, and an order to that effect was made and the court adjourned. The judges left for St. John by steamer.

YARMOUTH MAY BE SOLD.

It is stated in C. P. R. circles, says the Whimpering Telegram, that the fine steamer Yarmouth, running between Halifax and Boston, will be purchased by the company to replace the lost steamer Islander. Should the purchase of the Yarmouth be concluded she will be at once taken round the Horn to the Pacific coast during the winter. Captain Trueman, manager of the C. P. R. coast steamship service, who has been in New York for the past few days, is expected to arrive in Yarmouth shortly.

NO GRAIN FOR HALIFAX.

Says the Herald: The grain elevator which was to have been erected in the martello's cove, this section, is not likely to ever get this season. As yet there is no sign of any preparation being made to get the place in working order. The spoils which formerly held a place in the pier No. 11, have been removed, as there was no use for them, and they were in the way.

HANSARD-BURPEE.

Fashionable Wedding Wednesday Afternoon at St. Stephen's Church.

St. Stephen's Presbyterian church was the scene of a fashionable wedding Wednesday afternoon, when Miss Nan Burpee, youngest daughter of Mrs. Isaac Burpee, Mount Pleasant, was united in marriage to Hazen H. Hansard, barrister, formerly of this city, but now an official of the department of railways and canals, Ottawa.

The church was beautifully decorated with palms and chrysanthemums, and was a scene of splendor, filled with fashionably dressed guests numbering over a hundred. The portion of the church not reserved for guests was crowded with people anxious to see the ceremony.

As the guests arrived they were ushered to pews by Peter Clinch, Fred H. Tippet, E. F. Jones and Dr. T. Dyson Walker. At 2 o'clock the bridal party arrived, and the bride, escorted by her uncle, E. R. Burpee, of Bangor, approached the chancel, where the groom and his groomsmen, Gerard G. Ruel, were waiting. The bride wore a lovely dress of white satin, with orange blossoms and veil, and carried a bouquet of white roses and lilies of the valley. Miss L. C. Burpee of Bangor, as maid of honor, by Miss Kathleen Carruthers, her niece, and by two pages, Masters Stuart McLeod and Eric Carruthers.

The bride wore a lovely dress of white satin, with orange blossoms and veil, and carried a bouquet of white roses and lilies of the valley. Miss L. C. Burpee of Bangor, as maid of honor, by Miss Kathleen Carruthers, her niece, and by two pages, Masters Stuart McLeod and Eric Carruthers. The bride wore a lovely dress of white satin, with orange blossoms and veil, and carried a bouquet of white roses and lilies of the valley.

Rev. J. Fraser solemnized the marriage, reading the impressive service of the Presbyterian church. The choir sang the marriage anthem, "Softly and Gently" and after the ceremony, while all were kneeling, sang an anthem. Then the joyous strains of the wedding march pealed from the organ, and the bride and groom left the church, followed by the guests.

They drove to Mrs. Burpee's residence on Mount Pleasant, where a reception was held and luncheon served. The parlors and dining hall were beautifully decorated for the occasion.

Mr. and Mrs. Hansard received many beautiful gifts. They left by the Boston train in the evening for Boston and New York, and will soon return to Ottawa.

There were a large number of invited guests present.

DEATH OF A BRIGHT BOY.

The sympathy of a wide circle of friends and acquaintances will be extended to Mr. and Mrs. Andrew Blair, who are mourning the loss of their son, Robert, Cameron Clifford Blair, aged five and a half years, who died quite suddenly at an early hour Thursday morning. "Kippie" as his intimates called him, was indispensed on Tuesday, and on Wednesday his symptoms took a most alarming turn. The best that medical science could do was done, but the sufferer grew weaker with each passing hour, and finally death took place. Although but a child, he was so bright and interesting.

At Kinross, Victoria county, Helen Gordon, aged 18 years, died on the 24th inst.

The death is reported of Mrs. Helen E. Day, wife of James H. Day of Victoria, which occurred Thursday morning after an illness of three years, at her home. Mrs. Day was fifty-six years of age, and besides her husband leaves one son, at present on military service in South Africa. Her funeral will take place this afternoon from her late home to the cemetery at Westfield. The services will be conducted by the Rev. Mr. Partridge.

Mrs. Matilda MacDonald, wife of the Rev. G. W. MacDonald of the Reformed Baptist church at Hartland, died Thursday morning at Belyea's, Robert, Cameron Clifford Blair, aged five and a half years, who died quite suddenly at an early hour Thursday morning. "Kippie" as his intimates called him, was indispensed on Tuesday, and on Wednesday his symptoms took a most alarming turn. The best that medical science could do was done, but the sufferer grew weaker with each passing hour, and finally death took place. Although but a child, he was so bright and interesting.
