For two years past Mr. Wells has been in the employ of Messrs. Stewart & Co., of Sackville. The circumstances surrounding his death are made additionally sad by the fact that his father is at present on the high seas, the bark W. W. McLaughlin, of which he is captain, having sailed recently from Vera Cruz for Nova Scotia ports. Captain Wells and his son met here for the last time a couple of months ago. The deceased young man was highly esteemed by his employers and all who knew him.

L. R. HETHERINGTON

Home From Belfast Talks of His Trip.

He Has Arranged for Prominent Organizer to Visit New Brunswick

—Name of the Order Has

Been Changed.

L. R. Hetherington, of Chelmsford, who has been attending the international meeting of the I. O. G. T. in Belfast, in the city on his return home, Mr. Hetherington was the only delegate from this province, although Mrs. Jackson of Moncton, whose father was the Quebec representative, was present at the convention as a New Brunswick visitor. Mr. Hetherington came over to Boston on the steamer Arabio, and to the last night spoke very entertainingly of his trip to Ireland. He incidentally mentioned that while he was in Belfast the authorities there were busy having the horse cars replaced by those run by electricity. He took time also to visit the city and see something of Trinity College.

An account of the great convention mentioned above has already been published in the Sun. Mr. Hetherington, however, took occasion to speak of the ability of the distinguished representatives from Sweden and other countries. The next convention will be held in Washington, and by that time it is hoped that New Brunswick will be entitled to more than one delegate.

As the membership of the I. O. G. T. is growing very fast, it is not unlikely that these hopes will be realized. Mr. Hetherington, Mr. Hetherington, who has been attending the international meeting of the I. O. G. T. in Belfast, in the city on his return home, Mr. Hetherington was the only delegate from this province, although Mrs. Jackson of Moncton, whose father was the Quebec representative, was present at the convention as a New Brunswick visitor. The propagation committee of the Grand Lodge, composed of Rev. Thos. Marshall of St. John, John V. Jackson of Moncton, and Mr. Hetherington, have been in the city yesterday and outlined the tour of the new Grand Lodge in this field during the last year. The reports from different lodges in this field during the last year are in the hands of the committee. Three lodges and four juvenile temples have been organized, since the close of the Grand Lodge year.

It will be interesting to know that at the Belfast convention, after much discussion and deliberation it was decided to change the name "Independent" to "International," and in future the order will be known as the International Order of Good Templars.

MARY HOPE YOUNG

GUILTY OF MURDER.

To Be Hanged on December Twentieth, at Digby—Jury Recommends Mercy—

May Be a New Trial.

DIGBY, Aug. 22.—After one of the briefest trials in the criminal history of this province, Mary Hope Young was this afternoon found guilty of murder of May Ward, and a few minutes later sentenced to death, to take effect the 20th of December. Between the hours of four in the morning and twelve noon, was pronounced upon her. She stood the terrible ordeal with but the slightest change of countenance.

After an admission in evidence this morning of her statement made to the prosecuting attorney the 20th of June last, Kingsley Melanson was called by the crown, but his evidence was of a negative character, not greatly affecting the issues.

The attorney general then addressed the jury, and after recess for lunch, Mr. Munroe replied for the defense in an able address. After the charge from the judge, the jury retired, and in half an hour returned with the verdict above stated. Foreman Sproule paused a moment before he pronounced the fatal words "guilty," but by a recommendation to the jury, he stood without the slightest change of countenance.

For a moment there was absolute silence in the court room, the prisoner standing without the slightest change of countenance.

When Judge Meagher this morning admitted the evidence of her confession, he said he would reserve a crown case for the full bench as to its admissibility. This he did without application being made by the crown. Argument will be heard on Friday, and if the evidence is admitted to be inadmissible, a new trial will probably be held. Should the appeal fail, a recommendation for mercy will be made to Ottawa for execution.

The future custody of little Elma Young has not been settled, but tomorrow this will be decided upon between the attorneys for Hope Young and the crown.

Elmer B. Young of Boston expects to take the child back with him, where he says he will provide for its upbringing.

PUBLIC BUILDINGS

AT WOODSTOCK.

New Armory Now Under Construction

Will be a Fine Building—Other Improvements.

WOODSTOCK, Aug. 22.—Certainly Woodstock is to have an imposing building in the new armory now under construction. The rink was a big place, but the armory, which takes the frame of the rink, or part of it, will be a much more extensive edifice. The location is very central. Just a few rods off Main street or Chapel street is the front, and the rear opens on Charles street, a thoroughfare which, if it had a known existence before the armory was begun, had certainly a very little known existence. The work is going on rapidly now, and the greater part of the exterior work should be completed by snow-fall. The armory is 104 feet long, with a width of 98 feet.

A splendid foundation has been built, great quantities of granite having been brought from above Madam. The stone walls are nearly finished and laying of brick will then be commenced. The brick is being furnished by Wm. McDonald from his yard over in Gratton. The front of the building will be solid stone and brick, while the side will be what is known as veneered brick, the thickness of one brick.

The plans are very complete for the interior, giving a large drill hall some 24x60. Then there will be rooms for the storing of guns and all manner of accoutrements, including the artillery room, lecture room, recreation room and other apartments. Certainly the erection of this building should tend to encourage the military spirit, and there can be no question that it will be an ornament to the town.

If the County Council would only see its way clear to start the new Court House, Woodstock would be in the way of being well fitted up with public buildings.

Among the new private buildings under erection is a handsome new house by Charles Garden, who is building at the upper end of the town.

Satisfactory progress is being made in the repairing of the damage done to the dam up the Medouctik by the ice carrying away a portion of it during the freshet. There is a good deal of work in this and it will be quite a while before the dam is as good as new.

SLEEPER PARTY AT WESTFIELD.
On Saturday evening, Aug. 19th, from 7 to 9 o'clock, a very successful sleeper party was held in the "Picnic Pavilion" at Westfield to defray the expenses of a verandah which is being erected at the rectory.

The pavilion was most tastefully and prettily decorated with flags, bunting, Chinese and Japanese lanterns, which latter when lighted gave the place a fairy like appearance. At a little after seven the guests began to arrive, bringing with them their miniature slippers, which they dropped into a basket provided for that purpose. From eight to nine o'clock a concert was held, which was much enjoyed by the large audience. During the concert ice cream and cake was passed round by a number of young ladies.

An attractive candy and fruit table was well patronized in the course of the evening. At the conclusion of the programme the remaining cake and candy were auctioned off, the bidding being quite brisk. As a result of this highly successful and unique party the sum of one hundred dollars was realized clear of expenses. The fair wife took this opportunity of thanking their many kind friends for the generous way in which they responded to the appeal on the invitation to the verandah, which greatly enhances the beauty and value of the rectory which besides being a source of much pleasure to the occupants of the rectory will be quite free of debt when completed.

N.B. MEN WHO WILL

GO TO OTTAWA

To Take Part in the Annual

D. R. A. Meet.

It begins to look as though New Brunswick would be fairly represented at the annual meeting of the Dominion Rifle Association which opens at Ottawa on Monday next. Major J. Twining Hart, as secretary of the provincial association, is supposed to receive the names of all those members of the association who intend going to Ottawa. But as yet Major Hart has not received any names. At the same time this does not mean that no marksmen are going, but rather that they are not certain about being able to get away and don't want to give in their names until the last minute.

The Sun learns that the St. John men who have decided to go if they can possibly arrange it are:

Capt. Jas. Manning, R. O.
Major Jas. H. McRobbie, 8th Hussars.

Lieut. J. T.
