The fish pond is typical of an old fashioned Irish bucket and is in charge of Mrs. J. J. Donovan, Miss May McAndrews and Miss Kelley.

Daring Robbery in King Street Store

Robbery of a cool and startling nature was brought to light yesterday morning when it was discovered that the shoe-shining establishment of John D'Angelis, at the head of King street, had been entered during the night, the cash register broken into and nearly \$20 in silver removed. In addition it is estimated that more than \$12 worth of tobacco, consisting of choice cigars and cigarettes was stolen.

How the burglars effected an entrance and got away with the goods without being detected is a mystery, the building being centrally located and the corner well lighted.

The store was left in the usual order on Thursday evening. Upon going

Shares Transferred In St. Stephen Bank

Official Record Just Issued Shows 151 Shares Changed Hands in Last Year of Defunct Bank's History—Names of Those Who Sold and Bought—Mr. Kesson Interviewed.

The list of shareholders in the chartered banks of Canada to December 31, 1909 published in the blue book reached The Standard from Ottawa Thursday, contains the latest information available as to the sale of shares and the present holdings in the St. Stephen Bank, which closed its doors on Saturday, Mar. 5. In its issue of Monday, March 7, announcing the failure of the bank, The Standard published the list of shareholders to December, 1908, which at the time could not be supplemented with any later information.

From the official statement just issued, it appears that during the year 1909, 151 shares of the St. Stephen Bank changed hands. Mr. J. G. Murchie, F. M. St. Stephen, each purchased an additional 15 shares. The estate of J. F. Grant is credited with 30 more shares, making 92 as the total number held. Mr. George T. Baskin, brother of Mr. W. D. Baskin, of this city, appears for the first time as holder of 19 shares. The other purchases are for small amounts.

Among those who parted with their holdings were the firm of F. H. Todd and Sons, St. Stephen, 48 shares; Mr. W. L. Grant, St. Stephen, 20 shares, and Mr. C. P. Wilder, Augusta, Me., 15 shares. F. A. Calais, of Calais, reduced his holding from 29 to 10 shares.

Mr. R. B. Kesson, general manager of the Bank of New Brunswick, who is in charge of the affairs of the St. Stephen Bank, when interviewed by The Standard yesterday said the transfers of shares which took place last year had improved the double liability from the point of view of the Canadian Bankers Association. Since the close of the year to the time of the failure there had been no material change in the list of shareholders.

Asked when any statement was likely to be issued to the shareholders Mr. Kesson said the annual meeting of the bank in the ordinary course would be held in May. Should the Canadian Bankers Association decide to make a statement it would probably be submitted at that meeting.

Mr. Kesson will return to St. Stephen on Wednesday. The shareholders following is a statement compiled from the official list of 1908 and 1909 showing the transfer of all shares last year, the figures in brackets representing the number held on January 18, 1910:

DEATH OF L. R. MORTON MAKES RIVER RECORD

Highly Respected Resident Passed Away Yesterday—Was Signal Master of Port—Man of Fine Character.

Mr. Lemuel R. Morton, a well known and highly respected resident of St. John, passed away yesterday at his residence in the Customs House. Mr. Morton, who was in the 62nd year of his age, had not been in good health for two months past. His death was the result of heart trouble.

The deceased leaves a widow, one son, Harry Morton, who is in the employ of the National Drug Company, and two daughters, Mrs. R. D. Chapman of Schreiber, Ont., and Miss Zola Morton at home. One brother, J. J. Morton of Halifax, and two sisters, Mrs. L. A. Miles of Halifax and Mrs. Clara Kempton, of Bridgewater, N. S., also survive.

Mr. Morton was a son of the late Hon. Z. Morton, of Milton, Queens county, who was at one time a member of the government of Nova Scotia. He came to St. John about 30 years ago, and entered into partnership with his father-in-law, the late A. J. Christie. About four years ago he was appointed chief signalman of the port, and moved into quarters in the Customs House with his family.

Mr. Morton took an active interest in the religious life of the city, and was prominent in fraternal organizations. He was a Past Chief Ranger of the Court Martello I. O. P., and a member of the St. John Masonic Lodge. He was also for many years a deacon and clerk of Epiburg Street Christian church, and for a time filled the position of secretary of the church Sunday school.

Previous to his acceptance of a public office Mr. Morton was an active and zealous member of the Liberal party, and his great personal popularity and large acquaintance enabled him to do good political service.

Mr. Morton's fine character was shown in all his business relations and his kindly disposition was displayed in all the relations of life. Always ready to do a kind act, he will be remembered with affection by a large circle of friends and neighbors, attention, but the farmers in these

COLD STORAGE PLANTS

J. A. Ruddick, Dominion Dairy Commissioner, Here On Inspection Trip—No Truth in Yarns Regarding System.

Mr. J. A. Ruddick, dairy commissioner of the Dominion Government, who has been inspecting the cold storage plants in Nova Scotia, was in the city yesterday. He will inspect the cold storage plants, receiving Government aid at St. John and Woodstock before returning to Ottawa.

To a Standard reporter Mr. Ruddick said the department was trying to impress upon the farmers of the Maritime Provinces the advantages of giving more attention to cattle raising and dairying. At present the Maritime Provinces do not supply their own needs in this connection and large quantities of cheese and butter were imported from Ontario.

Cattle breeding was receiving more attention, but the farmers in these

DO YOU WEAR SHOES?

We mean do you wear low cut shoes. It certainly is a little early for them and yet people would be surprised at the number of pairs we have sold already this season. There is something about a low cut shoe that is extremely fascinating. Such perfect freedom around the ankles and with a good stout sole there is really no reason why in dry weather they should not be just as popular as boots.

provinces had a good deal to learn. The average down east cow did not yield as much milk as the cow of Ontario and this was the result of poor breeding.

"Is the story told by the American papers about cold storage plants being filled with products held for high prices for four or five years, applicable to Canada?" Mr. Ruddick was asked. "No, those stories are rather exaggerated even from the point of view of an American newspaper," was the reply. "They not only exaggerated—they are simply ridiculous."

The cold storage system, Mr. Ruddick added, was now pretty well organized and was proving a great boon to the farmers and other people.

Modish New Colorings Predominate In These Charming Easter Hats

SOFT grey blues, golden bronze shading into beautiful yellow tints, deep and delicate greens and the ever popular amethyst tones and lavender greys—these are the colorings most prominent in this showing for Easter shoppers.

"Becoming" perhaps best describes these models—a few extreme novelties have been introduced but the place of honor is occupied by hats which will make an attractive frame for the average face. Rolling brims on larger shapes and some effective variations of the turban model sound the note of "newness"—but on the whole these are such as will especially appeal to the woman who is accustomed to consider "the eternal fitness of things" and, to look askance on the too pronounced type of headwear.

Prices will also especially appeal to the conservative buyer.

Included in this display is a shipment of the celebrated Gage Hats that arrived too late for the first opening.
