Beautiful Indeed Is The St. Lawrence Now

SPRING has lent to the natural attractions of this historic river, the charm of her freedom, and softest colors. Everywhere within growth around a fair, green country, dotted with the white, snow-capped houses of the water's edge. And, when the sun comes out, the water's edge is all the more beautiful. The air is sweet and clear, and the water is all the more beautiful. The water is all the more beautiful. The water is all the more beautiful.
