Every retail grocer in St. John should have a stock of

REGAL FLOUR

in barrels, half-barrels, bags and quarter bags, as the demand for this very fine flour is increasing every day. Bread bakers say it is the best in the market.

We can supply the trade at lowest wholesale rates.

KENNEALY & WETMORE, LIMITED ST. JOHN, N. B.

The Labor Candidate. The Brick Layers and Masons at their meeting last evening were addressed by James L. Sugrue, the labor

candidate for city commissioner, on labor matters. The candidate outlined his platform and asked the members of the union to give their support to their own man. He pointed to the advantages of having a labor man in the city government and announced several reforms which he as the labor candidate would endeavor to bring about. The meeting was well attended and the reception given the candidate was very encouraging.

PILES Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cures you, see a box, all dealers, or Edmondson, Jones & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

C. H. McLean returned from Prince Edward Island yesterday. The house adjourned at ten p. m.

PREB. WILSON CONFIDENT OF REPEAL

Says Exemption Clause in First Place Was Result of Coalition Between Democratic Minority and Republicans.

Washington, March 23.—President Wilson declared today that in seeking the repeal of the Panama tolls exemption he not only was asking that the nation do that which it was bound in honor to do, but was going the way of the majority in the Democratic party. He pointed out that when the Panama Canal Act was passed a majority of the Democrats then in the House of Representatives voted against the tolls exemption, and that only by a coalition of a minority of Democrats with a number of Republicans did the measure become law.

This announcement was taken in administration circles as the President's answer to the argument that the Baltimore platform made the tolls exemption democratic doctrine. The President is understood to believe that the majority opinion of the Democrats in the House, as last expressed in the question then was possible at the Baltimore convention.

The President is confident that he will have the majority of his party behind him in the House when the repeal comes to a vote.

AMENDMENT TO HOSPITAL BILL

(Continued from page 1) R. Max McCarty of St. John, the promoter of the bill, has W. H. Harrison and W. A. Ewing, of St. John here with him. J. Fraser Gregory, of St. John, is here to join the opposition to the bill representing the St. John River Log Driving Company, and armed with a copy of a resolution passed by the St. John Board of Trade Council against the passage of the bill, while the Lorneville fishermen and the Tobique fishing interests are also to be represented in the opposition to the bill. Engineer Vaughan, of Stone & Webster, the electric rail- road man, is here from Boston as an expert to appear with the pro- moters, and it is said that J. C. Mackintosh & Co. will be represented as the people prepared to finance the proposition.

The house met at 8.45 o'clock. Mr. Carter presented a petition in favor of a bill to incorporate the Perth Sagway district.

Hon. Mr. Morrissey presented petitions in favor of bills to authorize St. James' Presbyterian church, Newcas- tle, to sell certain church lands; in favor of a bill to incorporate the Miramichi Hospital, and a bill to incorporate the Northwest Bank Company.

Mr. Guthrie presented the petition of the town of Mayville to amend that town's incorporation act.

Hon. Mr. Clarke introduced bills to confirm certain sales made under the order of the chancery division of the supreme court and amend the Children's Protection Act.

Hon. Mr. Fleming introduced a bill to authorize the lease of crown lands for certain purposes.

Mr. Guthrie moved for the suspension of rules to introduce a bill to provide for the superannuation of John L. Marsh, police magistrate of Fredericton.

The house went into committee with Mr. Swim in the chair and agreed to the bill to amend the judicature act with some amendments. The bill relating to the General Public Hospital, St. John, was then taken up.

Hospital Bill Amended Mr. Tilley said that he desired the fullest protection should be accorded to the city in the matter of the proposed hospital and for that reason he was going to move an amendment to section two to provide that any issue of bonds must be sanctioned by at least four out of the five commissioners.

The section as originally set out in the bill was as follows: "The said council of the municipality of the City and County of St. John may from time to time, at any general meeting thereof order one or more issue of bonds, in order to raise a loan for the payment of the said proposed hospital in the City of St. John, not in the whole to exceed three hundred thousand dollars."

The section as it now stands as per Mr. Tilley's amendment: "The said council by two-thirds of all the votes of all the members thereof in which vote not less than four of the ex-official members, that is to say, four of the commissioners of the City of St. John shall concur, may from time to time at any general meeting thereof order one or more issue of bonds, in order to raise a loan for the payment of said proposed hospital in the City of Saint John, not in the whole to exceed three hundred thousand dollars."

With this amendment the bill was agreed to.

The house went into committee with Mr. Witzell in the chair and agreed to the bill to amend the act to encourage the settlement of farm lands with an amendment providing the farm settlement board should report monthly instead of quarterly and with an amended title.

Mr. Baxter suggested that a more convenient reference to the various acts would be provided if instead of the name of the sovereign in the year of the reign and chapter, each act was referred to by name with the date of the calendar year in which it was passed. This suggestion was adopted in this bill.

A TRIFLE CONFUSING John Bull: "I wish I could make up my mind which way to go!" From The Daily Graphic

ARMY CHECKMATES GOVERNMENT, GOVERNMENT-ERS SCORE A VICTORY

Continued from page one. The victim of indigestion who wants to eat a good meal, and he will suffer if he eats one, finds poor consolation in picking and choosing a diet. As a matter of fact your diet to a relief by cutting down your diet to a good nourishing food. The only way to strengthen the stomach is to eat properly digested any kind of food—is through a fair use of Dr. Williams' Pink Pills. The one mission of these pills is to make rich, red blood, that reaches every part and every organ of the body, bringing renewed health and activity. The following case illustrates the value of Dr. Williams' Pink Pills in indigestion:

Miss Lottie Carr of Lequille, N. S., says: "For several years I have been a great sufferer from chronic indigestion. At times I almost loathed food, and no matter how hungry, I found that to eat even slightly was followed by great distress and often nausea. I tried many so-called cures, but did not get more than temporary relief, and naturally I was going down both in health and strength, and was greatly discouraged. While in this despondent condition, I was advised to try Dr. Williams' Pink Pills. I doubted that they would cure me after so many other medicines had failed, but as I wanted health and the pills were highly recommended I decided to try them. I am thankful now that I did so, for after taking Dr. Williams' Pink Pills for five or six weeks every vestige of the trouble had left me, and I was again blessed with the best of health. From my own experience I believe there is no case of indigestion Dr. Williams' Pink Pills will not cure, if you get these pills from any medicine dealer or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Liberal Papers Revive The Liberal morning newspapers in their editorials show a spirit of great restiveness toward the government. They consider that Premier Asquith proved too lenient toward the revolt in the army. The Daily News says in the special articles to the army to all the place of the House of Lords in their defence must be taken up unhesitatingly and fearlessly, adding: "It is no longer a question of Home Rule for Ireland, it is a question whether we govern ourselves or are governed by the government. We will make the army democratic as we have made parliament democratic."

The Chronicle, treating the situation in a similar vein, asks whether parliament shall or shall not pass, and demands to know what is the government's answer. It warns the ministers that the longer they delay their reply to the challenge trumpeted from Ulster, the severer will be the punishment which will be meted out to them.

The labor newspapers are still more outspoken. The Citizen says: "The anti-Home Rulers are determined to follow to the end the broad road leading to destruction. We are paying the price for a bad army system which penalizes poor men, however hard working and intelligent, and places wealthy snobs, however stupid and incompetent, in places of authority."

The Morning Post, giving what it asserts to be an accurate history of the crisis, declares that Col. Seely and Mr. Churchill, presumably without Premier Asquith's knowledge, determined to test the strength of the Ulster opposition by ordering the troops there, thus bringing about the resignations of the officers. The Post continues the report with Col. Sir Philip Chetwode was asked to replace General Gough at Curragh, and that when the real state of affairs became known at the war office there was something approaching a panic on the part of the general staff. When Col. Seely presided at the war council Sunday morning he learned that officers of high standing at the war office and throughout the army threatened to resign if they were penalized in any way. Another council on Monday heard General Gough's views. The War Secretary's first attempt to satisfy General Gough failed, he insisting that under no circumstances should his brigade be employed against the Ulster loyalists. Finally, the government accepted General Gough's conditions, which embodied a document signed by the chief of the general staff and the members of the army pocket. With this document in his pocket General Gough returned to his

HOW TO OBTAIN GOOD DIGESTION

The Stomach Must be Toned and Strengthened Through the Blood.

The victim of indigestion who wants to eat a good meal, and he will suffer if he eats one, finds poor consolation in picking and choosing a diet. As a matter of fact your diet to a relief by cutting down your diet to a good nourishing food. The only way to strengthen the stomach is to eat properly digested any kind of food—is through a fair use of Dr. Williams' Pink Pills. The one mission of these pills is to make rich, red blood, that reaches every part and every organ of the body, bringing renewed health and activity. RELIGION IS BROUGHT INTO DISCUSSION

Continued from page one. Mr. Devlin, of Wright, asked if the minister intended to increase the salaries of the judges in Quebec which were now so abnormally low.

Hon. Mr. Doherty said he was not in a position to make a definite announcement, but he could say for himself that he had every sympathy with the request.

Hon. Mr. Lemieux made an appeal for the Circuit Court Judges of Montreal, who he said were on the same salaries as when the court was appointed 21 years ago. The objection had been raised that Ontario country court judges would claim the same treatment but this he thought should not affect the general question.

Mr. Geo. Fowler, of Kings, and Mr. Kyte, of Richmond; Hon. H. R. Emmerson and D. D. MacKenzie briefly urged an increase in the salaries of the judges in New Brunswick and Nova Scotia.

Ottawa, Mar. 23.—Shortly after the opening of the evening sitting of the house, Hon. Wm. Pugsley, who had been absent from the Liberal ranks all session on account of illness, entered the chamber. Dr. Pugsley was greeted by long and prolonged cheers from the Liberal benches while the government side also applauded the minister.

Several of the ministers crossed the chamber and shook hands with him. Hon. Rodolphe Lemieux who was speaking at the time wished Mr. Pugsley welcome, and hoped that he was in good form once more. Hon. Mr. Doherty also presented the compliments of the government side of the house.

The house spent the whole evening sitting in putting through the estimates for the department of justice. Mr. Burnham of West Pembroke, took occasion to enter a protest against the practice of carrying in cases to courts of appeal. He believed that if the best men available were put on the bench and paid good salaries there would be no need of appeal courts. "If you want to do the people a service," declared Mr. Burnham, "do away with these endless appeals. The idea of making those who are presumed to know the law to wade through a sea of technicalities and to be ready to face appeals after appeal, the end of which is only a matter of opinion, is ridiculous. Toss up a copper, see if it is heads; so to do if it falls, it is able to be right as not. This is even more so in the case of appeals. Mr. Boulay of Rimouski also spoke in opposition to higher salaries for judges in the district courts.

"Do you favor increased indemnities for members of parliament?" asked Hon. Wm. Wilson of Laval.

"Certainly I do," exclaimed Mr. Boulay amid cheers. "They work 365 days a year."

Hon. Mr. Doherty said he entirely agreed that judges should be adequately paid. Get the best men and pay them properly was his idea.

Mr. Doherty replied briefly to a criticism of Mr. Lanctot concerning his pension as a judge. He said that he had never done more than take what the country through its law had agreed to give him. He had fulfilled his part of the contract, and the country was not fulfilling its part. It should not be made a subject of reproach to him.

Hon. H. R. Emmerson also took the view that there could be fewer judges if the work was better distributed.

In New Brunswick, he said, the work of the Supreme Court was unevenly distributed. The equity branch was over-worked while the other branch was under-worked. Mr. Emmerson said litigation in New Brunswick had fallen off twenty-five per cent. in recent years.

No changes as to the right and the methods of Canadian appeals to the Privy Council are being considered by the government of Canada.

"I have not suggested any revolutionary changes as to appeals to the Privy Council," said the Minister of Justice, when questioned by Hon. Rodolphe Lemieux. "To set at rest the apprehensions of my honorable friend," continued Mr. Doherty, "I may say that no changes are being worked out unofficially or secretly or in any other way by the government."

In bringing the matter up Mr. Lemieux quoted from public statements made by Lord Haldane after his recent visit to Canada and to some press
