

# CANADIANS IN FIGHT AT YPRES-COMINES?

## Believed Canadians Were In Fight When British Won Back Trenches From Huns

Ottawa, March 13.—The midnight casualty list indicates that part of the Canadian corps was in action on Mar. 2, when the British regained a half mile of trenches from the Germans on the Ypres-Comines front. Several members of the 18th Battalion are reported killed in action or wounded on that date, which bears out the impression in military circles here that the infantry, as well as the artillery, had a share in the victory, as the Canadian corps was known to be operating in that region.

The list issued tonight contains the name of one of the 55th Battalion, Harris G. Read, Upper Rockport, N. B., who died in England.

## SECURITIES WORTH \$2,000,000 HELD BY BRITISH PRIZE COURT

Suspected They Are of German Origin—Securities Not on Contraband List But Soon Likely to Be.

London, March 13 (5.50 p. m.)—Securities valued at 2,000,000 pounds suspected of being of German ownership, seized from mails in transit are now in possession of the prize court, according to an announcement today by the foreign office. Securities have not yet been declared absolute contraband, but it is possible that they will soon be placed on the contraband list. Meanwhile the seizures will be continued to be made on the ground that under the orders-in-council these securities establish credit for hostile belligerents, and therefore can be legally held up.

The authorities here declare that innocent ownership can be easily proved by reference to the banks which hold any of the detained securities, and that therefore nothing in the nature of a hardship, beyond a slight delay, is liable to be suffered by innocent owners.

Foreign office attaches in charge of contraband work declare that it is an easy matter to establish German ownership by examination of securities. In the case of American securities being forwarded to the United States, Scandinavia, if the stubs show

that coupons have been detached over the period of a year by Scandinavian owners, it is hardly likely that the securities will be seized, but should they have been in possession of a German bank or other German holder, this will be taken as evidence that Germany has received the equivalent value in gold, and the seizure of the securities certainly will follow the attaches say.

The American government has not yet protested against the seizure of securities, but Ambassador Page has transmitted numerous inquiries to the foreign office on the subject of such detentions.

These enquiries have been made at the request of American banks to which detained securities were addressed.

London, March 13 (5.50 p. m.)—The regular monthly meeting of the School Board of Trustees was held last evening in the board room, on Hazen street. R. B. Emerson occupied the chair and the members present were Mrs. Dever, Mrs. Taylor, A. G. Leavitt, H. G. Green, E. R. W. Ingraham, Dr. Manning, G. E. Day, H. S. Bridges and T. Nagle.

The minutes of the last meeting were read and ordered recorded. The following report was read by the secretary, derived from the teachers' monthly reports:

School and pupils—No. of teaching days, 21; No. of schools, 183; No. of pupils enrolled, 7,730; No. of pupils average attendance, 7,610; (boys, 4,760; girls, 2,870.)

During the month the Board of Health reported nine cases of diphtheria and one case of scarlet fever. Communications were read from Frances Smith, which was referred to the teachers' meeting; from the Anglo-American Insurance Co., informing the board of their policy being transferred to the Western Assurance Co.

Mr. Day informed the board that the St. John Maritime Association of Canada was desirous of obtaining a room in the school for night classes. It was decided to hold the matter over for future consideration.

The trust officer's report was read and adopted, showing only four truants and sixty-seven irregular scholars.

Dr. Manning said, before moving his resolution in connection with cadet training in the schools that he thought the lesson brought on us is sufficient to show that we must be prepared. Germany has prepared herself, England has to a certain extent, but Canada has done very little. He then read an account of the military training received by the school boys in Switzerland and Australia, impressing upon the board the necessity of universal training in the schools.

On a motion unanimously carried, you were requested to report for the period of five years from this date, and a committee consisting of the Chairman and Secretary, was created whose duty it should be to convey to you the appreciation of the board of the valuable services rendered during your long connection with the educational work of this city.

In compliance with the foregoing, we now respectfully acknowledge your long and faithful service and devotion to your work; your indefatigable patience and endeavors to unify the work of the schools; your tireless efforts, involving many years of strenuous labor, in bringing the teaching staff of the city schools to its present high state of efficiency, coupled with your noble aim to secure suitable buildings for the proper housing and instruction of our rising generation.

We most willingly acknowledge our inability to select words that will convey to you the high esteem in which you are held by this board, but through weak in language, it will at least assure you that your long and faithful service is appreciated, and that we realize that your great efforts have not been in vain, but productive of much good.

Wishing you, during your next engagement the same success that has characterized your former ones, and many years of health and vigor in which to continue your chosen life-work, we are, on behalf of the Board of School Trustees of Saint John, appreciatively yours,

(Sgd.) R. B. EMERSON, Chairman.  
(Sgd.) A. GORDON LEAVITT, Secretary.

St. John, N. B., March 7, 1916.  
After the letter had been read Mr. Bridges thanked the board for their appreciation of his services.
