

SINN FEINERS KILL WOUNDED CROWN POLICE

To Date Crown Has Interned 1,855 Persons in Its War Camps.

DEATH LIST IS GROWING STEADILY

Courts Martial Result in Sixty-Six Convictions and Two Death Sentences.

Dublin, Feb. 11.—The official survey of conditions in Ireland during the week ending February 5, issued today, states that the campaign of outrages against the Crown forces was continued with intensity, entailing 25 casualties among those forces during the week, twenty-one cases involving mortal injury. The most extensive operation it is recounted, was the big ambush at Brankan, County Limerick, when eleven of the police were killed.

The survey says the appearance of some of the bodies of the men ambushed suggested the men were killed in cold blood after having been reduced to helplessness by wounds. The feature of the week, it is declared, was the increased frequency of bomb attacks on police and military forces on the streets of Dublin, showing a callous disregard of public safety.

Seven Attacks in Week. There were seven such attacks during the week. The casualties of the Crown forces were slight, but one boy was killed and fourteen other persons injured.

The survey states that Sinn Fein assassinated four civilians during the week. Ninety-seven arrests were made for outrages and political offenses. Eighty-four court martials were held for the trial of civilians resulting in sixty-six convictions and two death sentences, one of which was commuted. The other sentences ranged from ten months to fifteen years imprisonment.

Interned Number 1855. In the seven days 187 persons were interned, making the total of persons under internment 1,855. The statistics on outrages, as given in the survey, up to February 5, include a total of seventy court martials destroyed, 535 police barracks destroyed and 205 barracks damaged. The number of arms have numbered 3,032. Police to the number of 224 have been killed and 336 wounded, while 57 soldiers have been killed and 143 wounded.

MEIGHEN HAS THREE QUEBEC MEMBERS READY TO ENTER HIS CABINET BEING RE-FORMED NOW

J. R. Manion, J. A. Stewart and W. A. Boys Will be the New Ontario Ministers—H. H. Stevens Likely to Enter as Western Representative—Two of the Quebec Men Are Old Time Liberals, While Third is a Conservative—By-Elections Will Test Place of Government in the Country.

Special to The Standard. Ottawa, Feb. 11.—While there were no new developments today, it can be authoritatively stated that the Prime Minister's cabinet re-organization plans are proceeding satisfactorily and that an announcement of their consummation may be issued some time next week.

For obvious reasons names have to be withheld, but it can be stated that the Premier's plans include the taking in of three prominent French-Canadians, all of whom are in sight, and that the re-organization, so far as the English-speaking section of the cabinet is concerned, will be upon an extensive scale, at least five young, aggressive men taking the place of veterans of the present cabinet, who are to retire.

One of the men, a Westerner, is one of the outstanding Liberals in Manitoba, as well as a leader of the bar of that province, while another, also likely to be called in, is an ex-New Brunswicker, whose name is a household word in the politics of Alberta.

The Ontario Men. As for Ontario the new men are likely to be J. R. Manion, of Fort William and J. A. Stewart, of Perth, with W. A. Boys, of Simcoe coming as Solicitor General. Manion, who will come in without portfolio as a representative of Ontario Roman Catholics, is a young man, who had a brilliant record in the war, a physician and an author. For two sessions past he has been one of the Ontario whips in the Commons and is a debater of considerable power.

May Go to Railways. J. A. Stewart, of Perth, has long been recognized as one of the ablest, perhaps the ablest, of the young men who entered the House in 1917. He is likely to take the Department of Railways and Canals, succeeding Dr. Reid, who has had an adventurous career as a sailor, miner and soldier, will be a tower of strength in the House.

Who from Quebec? The proposed Quebec representatives cannot be mentioned for the present. Two of them are old time Liberals, however, and the third a Conservative; the first two are at present in the House, one of them being among its foremost members.

Just how long it will take before the re-organization is completed it is not easy to say. The problem is more difficult than most people imagine.

String of By-Elections. At all events, it is coming. It will be followed by a series of by-elections that will afford an adequate test of the Government's popularity in the country. If the new ministers are rejected it will be the signal for a general election. If they are successful, it will be a mandate to the Government to carry on.
