

Planet Jr. Seeder: Wheel Hoe

Planet Jrs are the most economical garden tools you can buy. They are made the best, last the longest, and give the biggest results. Fully guaranteed.

Soon pays for itself in the family garden as well as in larger acreage. Sows all garden seeds (in drills or in hills), plows, opens furrows and covers them, hoes and cultivates quickly and easily all through the season.

A single and double wheel-hoe in one. Straddles crops till 20 inches high, then works between. The plows open furrows and cover them. The cultivator teeth work deep or shallow. The hoes are wonderful weed-killers. The rakes do fine cultivation and gather up trash. Unbreakable steel frame. The greatest hand-cultivating tool in the world.

72-page Catalog (168 illustrations) free. Describes 55 tools including Seeders, Wheel-Hoes, Harrows, Orchard- and Beet-Cultivators. Write postal for it.

Holstein-Friesian Association of Canada

Application for registry, transfer and membership, as well as requests for blank forms and all information regarding the farmer's most profitable cow, should be sent to the Secretary of the Association.

W. A. CLEMONS, St. George, Ontario

Holsteins This time I offer a beautiful, bull rising 3 years of age, whose dam is a 3-year-old produced 23 lbs. butter in 7 days and whose sire is a son of Francy 3rd—butter 24 lb. This bull's dam is rising five years of age and gives great promise for a 30 lb. record with next fall, which will be in June 1915. Her two records, 1st a 2-year-old 17.19 and as a jr. 3-year-old 23.32 stamp her as a sure 30 lb. cow. Have two great yearlings at \$100 each.

James A. Caskey, - Madoc, Ont.

The Maples Holstein Herd

Offers ready for service, sons of Prince Aggie Meethilde from R.O.P. and R.O.M. sisters and dam of Duchess Wanda Calamity 2nd, Canadian champion two-year-old for butter in R.O.P. 16714 lbs. milk, 84 lbs. butter. Write Walburn Rivers, R.R. No. 5, Ingersoll, Ont.

Holsteins, Yorkshires and Cotswolds
R. Honey & Sons, R.R. No. 1, Dartford, Ont.
formerly bred by Mr. Honey a young bull whose four-year-old dam and a 2-year-old dam average milk 1 day 80 lbs., 30 days 2,144 lbs., 365 days 17,064 lbs. Also gives all ages and other bulls of similar breeding. Write us.

Gossip.

In the debate in the Canadian House of Commons, on Monday, February 8, 1915, W. G. Weichel, M.P., moving the address to His Royal Highness on the speech from the throne, said: "The kindly Christmas gift of Her Royal Highness the Duchess of Connaught, to each officer and man of the expeditionary force, was highly appreciated. Apart altogether from the pleasure afforded to the Canadian troops and the realization that this gift of maple sugar meant that the highest lady in the land had not forgotten them in their uncomfortable surroundings at Salisbury Plain, this presentation of one of the native products of the Dominion has had a very great effect in that it has called the attention of the British people to one of the most delicious of our native products, and will thereby serve to encourage an industry heretofore too much neglected."

NORTHLYND R. O. P. SHORTHORNS AND JERSEYS.

In last year's report of the Northlynd herd of R. O. P. Shorthorns and Jerseys owned by G. A. Jackson, of Downsview, Ont., a short distance from Weston, a general resume of the remarkable milk producing abilities of the Shorthorn and Jersey cows was given, together with their official records. Since then a number of other tests have been made, with the following results: Shorthorns—Keepsake, mature class, 9,630½ pounds in 11 months; Mina, 3 years, 8,017½ pounds in 11 months at first calving; Lola, mature class, 8,719 pounds in 10 months and 11 days; Minnie, 4 years, 7,064 pounds in 11 months and 16 days; Gussie, mature, 10,341½ pounds in 1 year; Lizzie, 4 years, 7,025 pounds in 9 months and 7 days; Linda, 4 years, 7,491½ pounds in 1 year. The majority of these cows were sired by the great sire of milk producers, Gem's Champion. Out of these cows and others in the Records are several choice young bulls sired by St. Clair. They are for sale, as well as several heifers bred the same way. Only two of the Jerseys were tested in the last year. Kymo of Northlynd, 2 years, 8,694 pounds, testing 5.03 per cent., and Karnival of Northlynd, 3 years, 7,636 pounds, testing 5.34 per cent. Parties looking for the highest class of proven milk-producing Shorthorns should get in touch with Mr. Jackson.

DAIRY SHORTHORNS AND TAM- WORTHS AT CEDAR SPRINGS.

An illustration of the application of science and system combined, for the improvement and development of certain special qualities in live-stock breeding is to be seen at the Cedar Springs Dairy Shorthorn herd of J. M. McCallum, of Shakespeare, Ont., who is using his best endeavors to increase the milk production of his already heavy-producing herd of Shorthorns. Descended from the Bates-bred cow, Imp. Kirklington Duchess, they were naturally heavy milkers, and now that special efforts are being made to increase their milk yield, some sensational records may be expected in the near future. Last year Mr. McCallum entered the cow Sunbeam in the R. O. P. test, and with twice-a-day milking she made 10,039 lbs. in 297 days. This year a three-year-old daughter of hers in five months has given 4,000 lbs. This is about the average of the several now running in the test. As they freshen now, Mr. McCallum intends to give them every care possible for big record-making. The young things in the herd are sons and daughters of Grey Scotchman, a son of Scotch Grey, and out of a 50-lb. English-bred dam. This bull is now for sale. He is rising three years old, a very low, thick bull, and mellow as a glove. To succeed him, Mr. McCallum has now the intensely dairy-bred bull, Imp. Barrington Record. A Barrington Duchess, his dams and grandams for generations back have made R. O. P. records in England. With this bull bred with the herd as they are constituted on breeding and milking lines, it will be interesting to watch results. For sale are some choice young bulls. In Tamworths, the present specialty is young sows bred. There are also younger ones of both sexes.

35 Registered Holsteins 35 HEAD By Auction HEAD

An unreserved dispersion of Holsteins, at "The Firs"
Wednesday, March 10, 1915
at 10 o'clock sharp.

In this sale is the result of twelve years of careful breeding and selection. They are the low down, straight backed type, so much in demand by the best breeders of Canada. Nearly all are young, being daughters of such bulls as Cornelia's Posch, too well known to need any comment as a bull of high producing stock. Others are from a son of Sir Admiral Ormsby (a bull well known in Holstein circles); his dam Francis Bonerges Ormsby gave in 7 days R.O.M. milk 605 lbs., butter 29.10. Sister to Jenny Bonerges Ormsby, milk 530 lbs., butter 33%.

The present stock bull Butter Baron Posch A, has for sire Butter Baron, dam 33.17 lbs. butter, sire's dam 27 lbs. butter, average 30 lbs., and for grand dam on mother's side Tempest Clothilde Mercedes, R.O.P., in 12 months milk 18,447 lbs., butter 750 lbs. This young bull is a fine straight fellow, a worthy representative of his breeding. The stock is in calf to the last two bulls.

On day of sale trains will be met from the south arriving at Burgessville 8 o'clock a.m. and from the North leaving Woodstock 11 a.m., due Burgessville 11.20 a.m. Lunch at noon.

Come and inspect the stock. Write for catalogue.

Terms: Cash or seven months credit at seven per cent. per annum.

F. E. PETTIT, - - - Burgessville, Ont.

Auctioneers: Wm. Pullin, Woodstock; E. R. Almas, Norwich.

BREEDER'S DISPERSION SALE

of Registered

Holsteins and Clydesdales

20 Richly Bred.

5 Choice Grades.

BY PUBLIC AUCTION

at

Henfryn, Wednesday, March 3rd, 1915

Practically all these animals have been bred and raised on my own farm. They are the big type of Holsteins with great capacity for heavy work as shown by yearly records. Pontiac Creamella Korndyke DeKol, our herd sire, is a grandson of Pontiac Korndyke and his sire is a grandson of Creamella Vale of world fame. This is the blood in my herd, no better can be found. Every animal offered must go to the highest bidder without reserve. The Clydesdales are a clean limbed bunch—the kind suited for farm work and breeding purposes. Send for catalogue—it will give full information.

Trains will be met at Henfryn Station.

RICHARD CLARKE, R.R. No. 5 ATWOOD, ONT.

ONTARIO

Riverside Holsteins

Herd headed by KING JOHANNA PONTIAC KORNDYKE, a grandson of PONTIAC KORNDYKE, and a brother of PONTIAC LADY KORNDYKE 38.02 lbs. butter in 7 days, 156.92 lbs. in 30 days—World's record when made.

J. W. Richardson, R. R. No. 2, Caledonia, Ontario

Bayside Holsteins Stock bull, Pontiac Hermes, a brother to the dam of King of the Pontiacs. This is the herd that produced Lula Keyes, R.O.P., 19258 lbs. milk and 678 of butter as a sr. 2-year-old and May Echo, 31.60 lbs., R.O.M. If you want a herd header with this kind of breeding write me.
E. B. MALLORY, Belleville - Box 66, R.F.D.

Evergreen Stock Farm—High-class Registered Holsteins—For sale: Two exceptionally fine young bulls, one ready for service, and dams have good official records. Also three heifer calves six, seven and ten months old; good individuals and bred right. Write for particulars, or come and see them.

A. E. HULETT, R. R. No. 2, Norwich, Ont. Bell Phone.

VILLA VIEW HIGH-TESTING HOLSTEINS

Herd headed by King Segis Alcartra Calamity. 10 dams 2 to 4 years old average 393 per cent. fat. The first 8 heifers to freshen have average records of 16.52 lbs. of butter for 7 days. Bulls from the above dams for sale; prices \$50 to 100. Arbogast Bros., Sebringville P.O., Ont. Write us, or better, come to see them.

IMPERIAL HOLSTEINS

We bred the sire and grand dam of the World's champion in public test. Do you want some of this blood in your herd, combined with that of Valdesa Scott 2nd World's greatest cow, and Princess Johanna Rue, dam of a 33.62 lb. cow and sister to the youngest cow in the world to make 35 lbs. butter in 7 days. Bulls for sale only.
W. H. Simmons, New Durham, Ontario

CLOVERLEA HOLSTEINS Herd headed by Pontiac Norine Korndyke. Our special offerings for this month are two choice bull calves; No. 1 born Nov. 6th, 1914; he is large and straight and evenly marked. No. 2 born Dec. 18th, 1914; he is a fine calf, more white than black; he is from an imported heifer whose dam gave 17.98 lbs. butter in 7 days and his sire's dam gave 116 lbs. milk in one day and 34.60 lbs. butter in 7 days. He is bred right. Either will be priced right if taken soon.
Griesbach Bros., Collingwood, Ontario Bell Phone.

Holsteins and Percherons at Beaver Creek Stock Farm

In Holsteins—Present offering: 8 or 10 fresh cows, also 4 yearling heifers. In Percherons—2 Stallions rising three years and five years respectively, also one yearling filly. Will sell the Holsteins at prices that will be attractive. The two stallions may be exchanged for one and a cash difference. Albert Mittlefehldt, Smithfield Station, T.H. & B.R.R., Wellandport, Ontario
