## GRADUATE STUDIES IN BUSINESS ADMINISTRATION

The School of Business Administration welcomes applications for its one year Graduate Diploma Programme, from persons holding any Non-Business, Bachelor's Degree.

This Diploma is a recognized management qualification by itself, or leads to advanced standing in many M.B.A. programmes.

Lakehead University offers small class sizes, varied instructional methods, and high academic standards.

A limited number of \$2,000 and \$1,000 scholarships will be awarded to exceptional applicants.

# Why are these women such a valuable Canadian resource?

Canada is rich in resources. But our most precious resource is our skilled workers.

Right now, there are jobs in Canada which can't be filled because we're short of people with the right skills in the trades and new technologies. More and more, finding the right person for a job means finding the man or woman with the right training.

At Employment and Immigration we're creating a new National Training Program to assist in on-the-job and classroom training in the skills Canadian industry needs now, and in

the future. Part of our program provides training for women in non-traditional jobs.

The rewards are great because training in priority skills is a key to job security in the 1980's. And more women are entering the trades each year. Last year over 22,000 women took part in on-the-job training. Thousands more benefitted from training in the technologies and other career areas.

That's an investment in Canada's skilled work force. It's an investment in Canadian

industry. And it's an investment that helps Canada work.
