Judicial Officer  
Strathroy 12<sup>th</sup> Feb 1894

I have the honor of acknowledging the receipt of official letter no 130675 of date the 10<sup>th</sup> inst cut, with enclosure from Mr James Mills relative to leasing the 1/2 of lot of in Range 3 barabre, and in connection therewith State. File no 130.675 of various dates will give the whole case to the department. In my letter dated the 9<sup>th</sup> January 1893, the name Alfred Mills is used instead of the father James, as the father and a brother of the Applicant, were to be the parties, as it was to be a family matter between themselves. This lot in my judgment should be leased for some years to a good party, as it cannot be worked otherwise
