

has always been a splendid soldier  
and excellent NCO

To Ct. Lec. was at Chelsea all of time  
where he was resp. for passenger acts.  
as to Cucklewood his duties were in  
a supervising capacity only as to personnel.  
He would not be responsible for despatch  
orders from Cucklewood.

R.P. 83(b) complied with.

3 O/W Abel P.M.

returns by permission with consent  
this month.  
To s/c.  
on at least 2 occasions efforts have been  
made to obtain accounts services for  
important NCO posts on O'Leary's ests. Both  
of these requests have been disallowed  
because of his indispensability at the time. Gough.

Pro seems up.

3 essential elements of charge.  
not impressed by Matthews.  
but eliminating his evidence (or any other)  
guilty knowledge can be deduced from evcs.  
Lec. went to Dimpled room 10.30 pm  
saw a number particles in trunk - got  
Some - has not pd for them yet.  
submit Dabie did not bully Lec. or  
fake up statement.
