
ARCHÆOLOGICAL MAP OF THE TOWNSHIP OF ORO (SIMCOE COUNTY)

EXPLANATIONS OF THE MAP.—The small squares indicate the positions of the different village sites, and the enclosed number in each [illegible] the description in the text, of which it forms a key. The heavy dots indicate the bonepits. Dotted lines show the forest trails. The shading shows the positions of four raised lake shore lines, and these [illegible] the altitude of the land, the extinct shore line being supposed to run along the base of each line of shading.
