This Present Season

Is a very different, one from last year. Last fall apples went beggingthere were so many they were almost given away. This year they are scarce ; and high priced. On ? the other hand all importcheaper and better. The supply of Raisins and Currants is large enough for all, no one need to go without them this year. They are cheap enough to be used largely and generally. Figs too are exceptionally good and cheap. On the whole we ed fruits are very much ? exceptionally good and cheap. On the whole we feel sure you will find shopping in our line rather cheaper this year than last. If you will when you sak for a five cent imdw. than last. If you will a come in we shall be very the good values we are tried another.

International Bible Lesson for To-Morrow-Death of Joseph-Gen. 50 15-26.

Golden Text—"So teach us to num-ber our days, that we may apply our hearts unto wisdom."

Jacob died at the age of 147 and was buried in the cave of Machpela, after living with Joseph in Egypt 18 years. The conduct of his brethren at their father's death and their base suspicions shows but little heart fellowship and how little they understood Joseph, whose God made and God-like chareter shines all the brighter. He has no fear of death, but a sure and certain hope of a resurrection of the body unto eternal life and that God would surely bring them to the land which He sware to Abraham, Isaac and Jacob, he gives command about his bones, so they embalmed and coffined him, and Moses carried out his wishes, depositing the mummy in the famiyl cave at Hebron. "They desired a better country a heavenly one, wherefore God is not ashamed to be called their God, for He hath prepared for them a city." Reader, has thou like precious faith?
