A Satisfactory Fair at Cooksville

NE of the most progressive fall fairs of which we have learned this year, was held a few days ago at Cockwille, in Peel Co, Ont. A commendable feature in connection with this fair, was the large part played by the women of that community in marking in the community. ity in making it a success. There were four lady directors in charge of the women's department of the fair, these being Mrs. T. Bryans, Mrs. C. McClelland, Miss R. Baldock and Miss M. Allison.

The home-made good things on exhibition were very tempting. Everything imaginable was on exhibition, including flaky bread and buns, cakes, eandy, butter, pickles, and even soss, Miss F. Harrison, of Brampton, was one of the most successful exhibitors in home-made cookery her good things capturing ten first "rives and five second ortises. In the needlework class, many heaulthil articles were exhibited, as is usual at the majority of fairs, in embroidery work, Irish crochet and filet. Socks were, which were knit so well that they were almost as fine as cashmere. Another successful feature, and me which were facture, and me which were day good deal of interest, was the baty show. The home-made good things on exthe baby show.

The Erindale Women's Institute evidently believed in taking advant-age of their opportunities, as they had a booth at the fair, the proceeds of a booth at the fair, the proceeds of their sales to go towards providing comforus for the soldiers. The Wo-men's Patriotic League of the district of Cooksville, also had a booth at which they sold home-made good things, and the Ladies' Add of the Presbyterian Church in Cooksville, served lunch on the grounds.
