

Better BARNS at Better PRICES

Such prices as we quote on complete Barns and other farm buildings would be tempting values for ordinary buildings. But when you consider the superior kind of buildings you get from us, you will have to admit our quotations are remarkable. That's because we buy in huge quantities the materials that enter into

PRESTON STEEL TRUSS BARN

The lumber for these Barns comes from our own timber limits and our own saw mills. We ship these Barns in sections direct from our factory to your farm; the buildings are so fabricated that they are easily and quickly put together by a small gang

of workmen—thus doing away with the necessity of boarding a small army of barn builders for the long period of time that was required before the Preston Steel Truss Barn came into use. Why not have a perfect barn—protected

by the Preston System of lightning protection and further protected by its metal roof and sides against fire from without. Why not have a barn that enables you to store crops with ease—a barn so well-planned that there's no waste space.

90% No. 1's!

Isn't it worth a little extra time and money to be sure of trees bearing like that on the left?

Trees such as that on the right, left to the mercy of insects and fungous growths, are a luxury none can afford these days.

Ensure a big and profitable yield by careful spraying with reliable and economical J. C. sprays.
