Why Don't You Answer?

Hello! Hello! Dear reader. Don't you hear the bell ringing? Why don't you answer the telephone?

We've made a mistake, you say. You've no telephone in your house. Your locality is not served with a local telephone system.

Well, well, you surprise us. And there are so many well-kept farms, too, that we thought there were many progressive men and women in your locality. Perhaps, it just needs some one "to start the ball rolling," so to speak.

We will tell you how "to start the ball rolling." We have assisted the majority of independent local and municipal systems to get started. We know the necessary steps to take in order to get your neighbors together to organize an independent telephone system for your locality. We can tell you how much it will cost to build the lines and equip the system in the most modern way. We can tell you what rates to charge, what help to employ, in fact, everything

Compact Type Bridging Telephone.

BULLETINS FREE

Our No. 3 Bulletin gives full particulars about how to build rural telephone lines. Our No. 4. describes our magneto telephones. Write for either or both.

necessary to know in order to insure the success of the system right from the very start.

Just write and tell us that you would like to see an independent telephone system in operation in your locality. We will tell you how that can be brought about and your progressive desire gratified.

If you know of a local company or municipal system that is going to extend its lines or renew its equipment, tell the manager to get our prices on guaranteed construction materials, and guaranteed telephones and switchboards.

Our telephones have made a great record for satisfactory service. We claim that our magneto telephones are superior in design, material and workmanship to any others on the market. Our Free Trial Offer enables any company to prove the truth of this before risking a cent.

We will gladly furnish any information desired about telephones and telephone materials, supply estimates, or quote prices. Let us hear from you.
