

## FARMING has become a specialized business

It's no longer a "hit-or-miss" occupation, where "any old way" is good enough. Farmers are buying pianos and automobiles as never before. They're living as well as working.

The farmer has learned that it pays to employ progressive methods. That's why he is ever ready to receive helpful suggestions for improving his crops, his land and his home. It's also the reason that more than fifty thousand Canadian farmers are enthusiastic about our handsome book,

### "What the Farmer Can Do With Concrete."

It isn't a catalogue, nor an argument for you to buy something. It is clearly written, interesting, profusely illustrated. It describes the various uses to which concrete can be put on the farm. Not theories, but facts, based on the actual experience of farmers all over the continent. It is the most complete book on the subject ever published, fulfilling the purpose behind it, which is to help

the farmer take advantage of concrete's possibilities. The list of subjects covers every conceivable use for concrete on the farm. The book's actual value to you will far exceed the list price of fifty cents, but if you will send us your name and address at once, we'll be glad to

## Gophers Are Now Planning To Rob You Again —Stop Them Quick

ANTON MICKELSON  
President

Right now, Mr. Farmer, the gophers, squirrels, pocket gophers, field mice, prairie dogs and other pests are having a gay old time six to ten feet under ground on the grain they stole from you last summer.

You can't see them, but they are having the time of their life eating your grain—the grain that you should be selling now. And not only that, but they are planning to rob you again this summer. What steps are you going to take to prevent them? It's time you faced this question squarely. Gophers cost too much for you to keep them.

### 1c per acre kills them

If you use Mickelson's Kill-Em-Quick—the only guaranteed gopher poison. A 75c box of Kill-Em-Quick will kill every gopher on 80 acres, and that means 2,000 gophers at least. A \$1.25 box will kill 4,000 gophers. A \$1.25 box of Kill-Em-Quick will save you at least \$400 cash money in extra crops.

### KILL-EM-QUICK

## GOPHER POISON

has the most peculiar and attractive odor and taste that gophers ever came across. They leave grain and tender shoots for Kill-Em-Quick and a single poisoned grain kills them. They don't even have time to think about it.

### WRITE ME A POSTAL

Let me tell you some remarkable facts about gophers and Mickelson's Kill-Em-Quick. I want to show you an easy way to save \$800 on every 80 acres. Gophers are constantly throwing up non-productive soil, which eventually is bound to seriously effect the productive powers of your land. I want to tell you how to prevent this. Write me a postal or a letter. In the meantime get a box of Kill-Em-Quick from your druggist. If your druggist doesn't sell Kill-Em-Quick, send me his name with your order and I will supply you direct, postage prepaid.

Anton Mickelson, Pres., Mickelson Kill-Em-Quick Co.  
Dept. 1, Winnipeg, Manitoba, Canada

## NURSERY STOCK BARGAINS

D. W. BUCHANAN, of the Buchanan Nursery Company, St. Charles, Manitoba, has decided to retire from the nursery business. Under the management of Mr. Buchanan these nurseries have acquired a country-wide reputation for the quality and hardiness of their stock. All stock sold has been propagated by themselves from their own mother stock in their own ground. This has made the reputation of the firm.

The Buchanan Nursery Company has always known what it was selling. It has always sold the best. There is today no better stock in Western Canada.

The A. Mitchell Nursery Company, Limited, of Coaldale and Lacombe, Alberta, has, by a stroke of rare good fortune, been able to secure this splendid stock; but it must be taken off the grounds in a very limited time. This is the reason for this compelling offer at prices never before seen in this Western country.

### COLLECTION NO. 1

| Man. Maple, 5-6 ft. .... | 20 |
| Ash, 3-4 ft. ....        | 10 |
| Poplar, 3-4 ft. ....     | 10 |
| Willow, 4-6 ft. ....     | 10 |

### COLLECTION NO. 3

#### FARM SHELTER BELT—Price \$10

You cannot make a home out of a wheat field and a shack. You must have trees to finish the home and shelter the garden and crops.

There is enough in this collection to plant a belt 100 yards long and 8 rows wide with the trees 3 feet apart. Three feet is the most economical distance as the ground is more quickly shaded by the branches and the work of cultivation is over the sooner.

CASH WITH ORDER. WE PAY EXPRESS. Send for our Catalogue, we have plenty of other things
