LIVERPOOL LIVE STOCK

Liverpool, Aug. ?.—Frank Devaney and Co. report that trade at Birkenhead continues much the same as last week, and quotations remain unaltered, viz., 14 to 14 c. per b. for good steers.

CHICAGO WHEAT MARKET

CHICAGO WHEAT MARKET

Chicago, Aug. 2.—Inter-Ocean says. A good many wheat traders think that with corn advancing and southwest receipts of wheat declining, present values are low enough. It was noticeable that one of the largest bears was long wheat last night, as he said—under protest, the market being up he was coppering his own opinion. Conservative commission houses are advising against short sales, except on bulges.

Cash people said that country offerings increased slightly on the extreme advance yesterday. The bull market in corn depends on the weather. Every day of continued drouth reduces crop possibilities. It begins to look as if the crop west of the Missouri river would be a near failure as it was in 1894. The crop in Nebraska in that year was only 13,356,000 bushels, while Iowa only had \$1,000,000, and Illinois but 169,000,000. Messages from the best posted people in Nebraska yesterday said that there were large sections there that would have to ship in corn the coming winter. There has been a six-day advance, but while the most enthusiastic bulls do not regard this as a factor, others advise taking profits.—

CHICAGO LIVE STOCK

CHICAGO LIVE STOCK

Chicago, Aug. 2.—Hog receipts today proved larger than expected and there was quite a big left-over supply. In consequence all price changes favored the buving side. No fresh cattle were on sale. The plain stuff held in the alleys did not amount to enough to make a market. Most of the sheep and lambs arriving went direct to the packing houses.

Cattle—Receipts, none; nominally steady. Beeves, 85.90 to 89.10; Texas steers, 86.75 to 87.80; western steers, 86.40 to 87.85; stockers and feeders, 85.30 to 87.80; cows and heifers, 83.50 to 88.90; calves, 88.90 to 810.75.

Hogs—Receipts, 11.090; market steady to 5c. under yesterday's average. Bulk of sales, 88.70 to 89.35; heavy, 88.25 to 89.15; rough, 88.27 to 88.45; pigs, 86.00 to 88.85.

Sheep—Receipts, 4,000; market slow and weak. Native, 84.15 to 85.25; western, \$4.10 to 85.25; yearlings, 85.50 to 85.50; lambs, native, 85.50 to 87.20, western, 86.00 to 87.25.

Stockyard Receipts

Receipts at the Winnipeg yards last week amounted to 1,555 cattle, 278 calves, 4,100 hogs and 1,290 sheep, as compared with 1,181 cattle, 171 calves, 3,802 hogs and 2,230 sheep-the previous week. For the corresponding week a year ago the supplies amounted to 2,097 cattle, 2,569 hogs and 1,709 sheep.

Cattle

A heavy supply of cattle for this time of year came to hand last week. Practically the whole run was common and medium grades of mixed butchers, and the market kept getting more slow and draggy as the week advanced. By Thursday values had come down 25 to 50 cents below the start of the week, and by Saturday another half dollar was knocked off most of the grades. Some of the local packers had brought in some cattle from Toronto

R.i

WINNIPEG AND U.S. PRICES Closing prices on the principal westers markets on Saturday, August & were. Cash Grain 1 Nor. wheat word with the same of the

besides a considerable supply of dressed beef, and all these circumstances combined to pull down prices. An occasional load of choice cattle brought 7 cents, but by Monday the best quotation on these was \$6.00 to \$0.25, with other grades correspondingly down. Best bulls sell very well, up to \$4.75. Fresh cows and springers are a good deal lower. Milkers are especially poor sale, as the dairymen are pretty well supplied. The market is \$5.00 to \$7.00 per head lower than last week. Choice veals are stronger, the best selling from \$7.50 to \$8.00.

Beef Cattle, top Hogs, top Sheep, yearlings

In spite of liberal receipts of hogs, the market is up to \$9.50 for the choice, up to \$8.50 for rough heavy sows, and around 6 cents for stage. The Eastern market is strong and as long as this condition holds good the local market will probably stand level at these high figures.

Sheep and Lambe

A moderate run of sheep and lambe came in, but values remain unchanged from last week. Best apring lambs are worth around 8 cents, and good sheep from \$5.50 to \$6.00.

Country Produce

Butter is steady at last week's values, \$2 cents for fancy dairy, 18 to \$0 for No. 1 dairy and 17 to 18 cents for good round lots. A fair supply has come to hand and the demand has kept good. The Eastern creamery market has been down lately, but there is quite a spread between the Manitoba and the Eastern butter. Any changes, however, from now on are expected to be increases in price.

The egg market is strong, the supply barely keeping pace with the local needs. Dealers are quoting \$2\$ to \$2\$ cents instead of a straight \$2\$ cents last week. The expected crowds in Winnipeg next week are making dealers antious to get all the new laids they can, and better figures than the general quotations may be realized where the quality can be absolutely guaranteed.

Potatoes

New potatoes are being plentifully offered, and the produce firms have reduced quotations from \$1.00.\$1.\$0 down to 75 cents a bushel. From present indications the new crop is abundant. Better prices than the 75 cent figure may be obtained, but for fear the market may be flooded, dealers do not feel safe in offering a higher figure.

Milk and Creem

Sweet and butter-making cream are level at last week's quotations, 27 and 25 cents per lb. butter fat. Sweet milk has advanced 10 cents per hundredweight, and throughout August will fetch \$1.50 per cwt. It is expected that harvesting will soon cut down the dairy shipments and further advances in price may be quoted soon.

Dressed Meats

Local packers have been bringing in quite a quantity of dressed beef, and the price is a little down, 17 cents instead of 18 to 18 cents. Other prices are at last week's level, pork 15 cents, mutton 14 cents, veal 14 cents and lamb up to 15 cents.

Hay

The Winnipeg market is oversupplied with the new crop of hay and prices have come down \$8.00 to \$3.00 a ton. No. 1 Red Top is worth \$11.00 delivered at Winnipeg. No. 1 Upland \$10.00 and No. 1 Timothy \$15.00. Prices may go still lower if too big a quantity is dumped on the market all at once. Shippers stand to get better terms if they make arrangements with city dealers before shipping in, instead of taking the risk which so many do of shipping when the market is congested and prices are down.

SPLENDID SAMPLES OF GRAIN

Mr. R. A. Scott, of Scott, Hill and Company, 22 Canada Life Building, who Company, 22 Canada Life Building, who has just returned from a business trip on the C.P.R., Yorkton line, brought into Winnipeg some exceptionally fine samples of Marquis wheat, measuring 50 inches, which should give a yield of 35 bushels to the acre, and oats measuring 64 inches, which, Mr. Scott says, should yield 90 bushels to the acre. These samples were got on the farm of Rutherford Bros., Kelloe, Man., who have 450 acres under crop, and absolutely free from weeds. from weeds.

Let him that hath bestowed a benefit conceal it; let him that hath received it disclose it. Seneca.
