Steamer "City of Sydney" Sends Out Call For Assistance.

[By Special Wire to The Courier]

HALIFAX, N. S., March 17.—The Steamer City of Sydney from New York for St. Johns Nf., is on the rocks at Sambro, a few miles from here. She struck during a dense fog early to-day and water in her stoke hold put out the fires. She carries a number of passengers. Several vessels were despatched to her assistance from here and boats have gone out from Sambro.

The weather continued extremely thick during the forenoon and boats had difficulty in locating the steamer. Early reports said that the Sydney had grounded on Stag Rock, which is at the southwest entrance to Halifax harbor, and was in a dangerous position.

The City of Sydney is a steamer of 1600 tons and plys between New York, Halifax and St. Johns Nf. She is believed to carry a crew of about 40. Captain McDonald is her commanding officer.

The Sambro ledges have been the scene of many wrecks, and few vessels that have struck them have come off safely. The ledges extend for nearly two miles from Sambro Head, on which there is a powerful light, a fog signal and wireless station.

The City of Sydney has been running regularly all winter between

LABOR REPORT FOR FEBRUARY

Decrease in Number of Days When Strikes Were in Progress.

[By Special Wire to The Courier]

OTTAWA, March 17.—The record of the department of labor for February shows that there was a pronounced decrease in the number of days lost through strikes and lockouts as compared with the previous month, although the number was somewhat larger than for the corresponding month of last year. The decrease was largely due to a settlement of a strike of shoe machine workers in Quebec, about 3,000 employees returning to work on February 14.

There were altogether seven disputes in existence in Canada during February, as against 8 in January and nine in February of last year. About twenty-three firms and 4,400 employees were involved in these disputes. Approximately 66,937 working days were lost as compared with 117,450 during January and 42,880 during February of last year.

Three disputes commenced during February, none of which were serious from the standpoint of numbers affected. They were all moreover of short duration. The dispute of coal miners on Vancouver Island and garment workers at Montreal remained unsettled at the end of February.
