You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage. Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so haturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awa'ting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.
