OCTOBER PORK CORNER

Lipton May Put the Price up to \$20 a Barrel

Chicago, Oct. 31.—Traders in the provision pit on the Board of Trade are anxiously waiting to see what sort of wind-up to-day will bring to the October pork corner of the Lipton provision Company. The belief is generally held in the pit that Lipton will put the price up to \$20 a barrel on the last day of the deal to have a spectacular finish. For several days there was little evidence that Sir Thomas Lipton had any intention of squeezing the shorts. The price was allowed to fall from \$17 to \$14, but in the last few days there has been a sharp recovery. On Monday there was a jump from \$14 to \$16, and yesterday prices climbed up to the former top notch, and there were sales of 1,000 barrels at \$17.

TILBURY.

Oct. 31.—H. Gregory was in Chatham on business yesterday.
A very pleasant social evening was given at the home of Rev. T. Dolson, of the rectory, last night, by the ladies of the English Church. A dainty lunch was served, and vocal and instrumental music was enjoyed until eleven o'clock.
Miss Myrtle Johnston is entertaining about thirty of her young friends this evening.
Dr. Sharp was in the Maple City yesterday.
A despatch from Vienna to the Journal, says that a plot has been discovered to put King Alexander of Serbia in a mad house. Ex-King Milan was the instigator.

NOMINATIONS TO-DAY.

Mayor Smith and Ald. Stephens are now Officially in the Race--Their Nominators.

Sheriff Gemmill and Deputy Clerk Beaton were the sole attendants at the court house during the noon hour and there was nothing to disturb the even ticking of the court clock.

"There haven't been any speeches made at nomination proceedings in the riding of Kent since 1872," said the Sheriff. "In those days the nominations had to be held in the open air and the candidates addressed the electors from the balcony in front of the jail. At the conclusion of the nominations the sheriff would address the electors, telling them that he had received the nominations of two candidates, whoever they happened to be, and, naming them, would request all in favor of one to go to the right, and those in favor of the other to go to the left. The sheriff would then adjust his glasses and, looking over the two crowds, say that the majority were in favor of one of the candidates or the other, as the case might be. The loser would then step forward and demand a poll. Then the sheriff would announce that he would grant a poll on that day week, and that closed the nomination proceedings."

The proceedings to-day were as routine as usual, just the ordinary nomination papers being handed in:

About Clothing

OUR policy about Clothing has given a fixed meaning to the words "dry goods profit." You understand us. We never juggle with words. Clothing at dry goods prices is a trade mark for everybody's appreciation. Our contention is that you can buy clothing here at any time and get better satisfaction than you can elsewhere. Perhaps we're mistaken, but no business will grow without a reason.
