Why Beauty Fades. Real beauty is rare. It belongs to perfect health. Just as soon as the blood gets thin and watery and the nerves become exhausted beauty fades.

Reeder—You and your wife are extremely devoted to each other, aren't you? Ruyder—Oh, passionately. Why else reads my poetry and I eat her biscuits!

I want to do some Christmas shopping to-day, dear, said a fond wife—that is, if the weather is favorable. What is the forecast? At the other end of the table her husband, consulting his paper read aloud: 'Rain, hail, snow, thunder, lightning and floods.'

Why didn't you vote for my friend? asked the politician. He's the most popular man in the State. That's the reason, answered Farmer Courtassel. I never yet see a man that made a business of being popular who had much of a liking for real hard work.

Do What You Can.

There always are those who wrap their talents for service in the napkin not worth white. They feel that they could not do so much because their ability is so small, and there are those who do not try to do anything.

When he had played the first tune he turned the page and played the second. Then he played the third. At the end of half an hour he was still playing on. The shopman then approached and said: 'Do you think the book will suit you sir?'

Temperance Progress of a Century. Great teachers of all times have admonished people against the evils of intemperance, but what we know as the temperance movement dates back less than a hundred years.

Of late years the organized temperance movement has been directed to wards securing legislation for the abatement and final routing out of the traffic. And this work has spread all over the civilized world.

From this brief summary it may be seen that if the progress of the past quarter century is maintained by the present generation there would be little doubt that the present half century should see the destruction of the liquor traffic in every civilized country.

Tobacco Prohibited. The Surgeon-General of the United States Army, in giving his reason for prohibiting tobacco in the National Military and Naval Academies at West Point and Annapolis, says: 'Before all other things the future health and usefulness of the lad educated at the Military School require the absolute interdiction of tobacco.'

Of thirteen physicians whose opinion was recently asked, every one is decided in saying that the use of tobacco, in smoking and chewing, is 'exceedingly injurious, both physically and mentally.'

France has warned the rebellious tribesmen in Morocco that all villages refusing to come to order will be burned.

Tells of Cure 30 Years of Piles. Mr. G. A. Swartz, Copenhagen, Elgin Co., Ont., writes: 'I have been afflicted with piles for more than thirty years and have tried various remedies in most cases with very unsatisfactory results. None of them effected a permanent cure. For some time I decided to give Dr. Chase's Ointment a trial, and was surprised and delighted with the result. A few applications only were necessary, and the trouble disappeared, and there has been no return thus far. I don't much care to have my name appear in print in connection with any patent medicine, still I would like to tell everyone who is afflicted as I was to try Dr. Chase's Ointment, and if they do and don't find it to be all that is claimed for it I will my guess. For many years I had severe itching on my arms and legs, especially during the winter months. The ointment drove it away like magic.'

Dr. Chase's Ointment seems to be the only treatment obtainable which actually cures every form of itching, bleeding and protruding piles; 60 cents a box, at all dealers or Edmonson, Bates & Co., Toronto.

Showed the ordinary troubles of the form now bended low. An ordinary illness. Death's ordinary call. The ordinary mourners. And the ordinary pall. The ordinary grieving o'er the mother's vacant place. And the ordinary longing for her ordinary face.

An ordinary story. On this ordinary earth. But the ordinary spirit. Heard in it celestial birth. As the heavenly portals opened. The welcome of the Son. 'Dear ordinary mortal, thy work has been well done!' —Wife.

A Home Made Happy by Chamberlain's Cough Remedy. About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me which would get it when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well to-day.—Geo. W. Spence, Holy Springs, N. C. For sale at Rand's Drug Store.

It is said the way a woman takes a compliment stamps her place in society. A blush denotes the debutante, a giggle the silly or unpoliticated, a brusque protest, the sensible but unpolished, but the quiet, unelated smile, with a quiet 'Thank you,' if reply be necessary, unmistakably denotes the woman of social training the one society med to compliment.

How Diptheria is Contracted. One often hears the expression, 'My child caught a severe cold which developed into diptheria,' when the truth was that the cold had simply left the child's system particularly susceptible to the wandering diptheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diptheria or any other germ disease being contracted. For sale at Rand's Drug Store.

To obtain a lasting and refreshing odor of sweet violets put half an ounce oforris root, broken in small pieces, in a bottle with two ounces of alcohol, cork it tight and shake well, then leave four or five days.

For any of the ordinary diseases of the skin Chamberlain's Salve is excellent. It not only allays the itching and smarting but effects a cure. For sale at Rand's Drug Store.
