HOME MIXING OF FERTILIZERS

A Few Hints to Those Who Have Bought Chemicals

Spring is here, and with the advent of the birds and house-cleaning, it is quite natural for those who have fertilizer chemicals to "home-mix" to begin to consider as to proper formulae and quantities. There are many who know from several years' satisfactory experience, but there are those who just naturally have forgotten. For the benefit of these I am sending the following instructions:

In the mixture, ashes can be used owing to the lack of sulphate of ammonia this year, but they must be well sieved. A four-mesh screen will do the trick. Don't be afraid of scab as all the ashes any one farmer may have to divide up among several tons of mixture will not hurt. I am using four barrels to a ton for a 4-8 mixture. This will insure a better running fertilizer if the ashes are good and dry. My plan is to barrel the stuff and then when I want to use it, if it looks as if it would make trouble in the planter or seeder, I will sieve it again. There is a possibility of it going a little gummy owing to the absence of any guano, or tankage, which we usually have in our mixture, and which acts as a drier to some extent. Our mixtures this year are, for potatoes: 400 lbs. nitrate soda and 1000 lbs. acid phosphate. This makes a 4-8 ton. For grain use 300 lbs. nitrate and 1000 lbs. acid phosphate, and for a ton of 2-8 use 200 nitrate and 1000 lbs. acid phosphate, for grain on good ground, and for turnips.

Serious Fire at Andover

The Baptist parsonage was badly damaged by fire Saturday afternoon. The barn was completely destroyed. Everything in the barn was saved except the automobile which was burned. Mr. McFadden who has been so seriously ill was removed to the Trinity Rectory and later to the home of Walter Letchford, where he is at present. The household furniture was conveyed to a place of safety but the house was badly damaged by fire and water. At the time no wind was blowing or the disaster would have been much greater. The barn belonging to the Rectory caught fire but was quickly put out by the men who so bravely fought the fire. Mr. McFadden's many friends are glad to know that he suffered no serious shock from the fire.

SUFFERING FROM COLD

If you shiver in frosty weather, if you have cold hands and feet, if colds are stubborn and frequent, then your blood may be thin and impoverished.

SCOTT'S EMULSION

has been correcting this condition for nearly fifty years. It possesses rare powers for creating natural body-warmth, for charging summer blood with winter richness and strengthening both throat and lungs.

The death of Charles Cook occurred at his home in Knowlesville on April 9th, after one week illness with pneumonia. He was 67 years of age and leaves to mourn the loss of a loving husband and father, a wife and three daughters: Mrs. Jacob Doucett of Windthorst, Sask., Mrs. Osbert Whitehouse, Knowlesville, and Edith at home. The funeral was held at the United Baptist church, Knowlesville, on Thursday, April 11. Preaching by Rev. I. E. VanWart. Much sympathy is felt for the bereaved family.

WOMEN'S INSTITUTE SAYS "CLEAN UP"

Lend Your Efforts to Help Beautify Our Village

The members of the local Women's Institute have pledged themselves to do all they can to improve the appearance of our village and help make it more attractive. Then, not only attractive but more healthful to live in.

Not being able to enjoy the laws of incorporation, we can only appeal to each individual to do his or her share in this work of cleaning up.

We also ask the citizens to utilize all vacant lots and spare ground for vegetable and flower gardens, thus helping to win the war by growing more food and making the village more beautiful.

Do not use vacant lots for dumping ground!

We make an especial appeal to the merchants in the business section of the village to keep the side walks clear of all articles which are a hindrance or obstruction to traffic. After Saturday, April 20, all such articles found on side walks will be at the disposal of the Clean up Committee. We also appeal to all people driving teams or autos NOT to stop on crossings or hitch teams to shade trees, or in any other way obstruct the side walks.

Richard Wheeler Dead at Florenceville

On Saturday, April 13, Richmond Wheeler, an aged and respected citizen passed away at his home in Florenceville. Deceased was born near Wheeler's Island in Prince William on August 3, 1837, and was in his 81st year at the time of his death. Early in life he went west and began to teach school in the state of Illinois, which profession he successfully followed for many years. After returning from the west he taught in Queensbury, Florenceville, Centerville and Grand Falls. He made his home in Florenceville, where he spent the last 47 years of his life. He is survived by his wife, formerly Miss Emma R. Hennigar of St. John; two sons—George H., a merchant of Florenceville and Dr. Frank of a Military Hospital in England; and one daughter, Hattie, wife of Dr. C. A. Kirkpatrick of Grand Falls, also a number of grandchildren. The funeral was held on Monday afternoon, the service being conducted by Rev. M. H. Manuel assisted by Rev. F. A. Wightman.

Mrs. Sidney Smith

The death occurred at her home in Upper Wicklow on Wednesday evening, March 20, of Mrs. Sidney Smith at the age of 70 years and 9 months. Her maiden name was Mary Calkins. She was a devoted wife and mother of a very cheerful disposition and was a kind and loving neighbor. She had not the best of health for a number of years. But of her afflictions she never murmured. She was very energetic and performed her household duties until she had to give up. All was done that could be done, but notwithstanding all that loving hands could do, she passed peacefully away. She leaves to mourn a sorrowing husband, two daughters Mrs. Beverley Denton of Perth and Mrs. Samuel Squiers of Bath. The sons are Sharp Smith and Asahel Smith of Upper Wicklow, also six grandchildren, and a large circle of friends. Rev. J. D. Wetmore preached the funeral sermon, her own selection as was also the text: Rev. 21-4.

WARNING!

Don't delay buying your

SEEDS

Seeds are very scarce and hard to get. We have in stock a very good supply of the famous Ewings Tested Garden Seeds but we frankly admit that we may not be able to secure any more. We have turnip seed, which is a very fortunate thing for the farmers, for turnip seed is practically off the wholesale market today. We urge every farmer to make sure of his seed supply NOW—you cannot be sure if you delay.

**FARM HELP AVAILABLE
 TO HELP THE FARMERS**

Last year 7,000 Older Boys demonstrated to the farmers of Canada that they could help take the place of the regular farm help that has gone overseas.

They proved their willingness and ability to adapt themselves to farm work.

This year many farmers are asking for boys. Already 25,000 boys, between 15 and 19 years of age in Ontario and Western Canada have offered their services as SOLDIERS OF THE SOIL. The enrolment week for New Brunswick takes place April 28th to May 4th. The plan is to have the boys fill in enrolment forms which will be turned over to the Department of Agriculture.

The farmers are asked to write to the Minister stating what help they require and for what period. Arrangements as to wages will be agreed upon by the farmer and the boy.

 Minister for Agriculture.
