ST. NICHOLAS.

Since 1873, when, under the editorial managenent of Mrs. Mary Mapes Dodge, the publication of St. Nicholas for Foung Jolks was begun, it has led all magazines for boys and girls. Nothing like it was known before, and to-day, as the Chicago Inter-Ocean recently said, "it is the model and ideal juverule magazine of the world." Through its pages the greatest writers of our time are speaking to the youth of America and England, and the best artists and engravers are training the eyes of the boys and girls to appreciate the highest in ert. Nobody knows how many readers St. Nicholas has. In the third largest public library in America, —that in Indianapolis, —more than 3000 people real each month's number. Since the first issue Mrs. Dodge has remained as editor. Early in its history other young people's magazines, "Our Young Folks," The Little Corporal," "Riverside," etc., were consolidated with it, and its history has been one of growth from the first. Tennyson, Bryast, Longfellow, Whittier, Miss Alcott, Mrs. Burnett, Charles Dudley Warner, W. D. Howells, and almost every well-known writer of our time have contributed to its pages. There is only one way in which its conductors can make it better, and that is by making more of it
