FELT LIKE AN IRON BAND AROUND HEAD

Mrs. Osborne Says She Shudders When She Thinks How She Suffered

"For years," said Mrs. B. B. Osborne, of 713 Lancaster Ave., Lexington, Ky., "I have been in a run-down condition; nervous, weak and dizzy. I was actually so nervous that any sudden noise or excitement would produce a palpitation of my heart that frightened me. I absolutely could not climb stairs, nor to attempt such could thoroughly exhaust me. I had nervous headaches and when they came it seemed that an iron band was drawn tight around my head. I shudder when I think of those headaches. My stomach was weak and I could not digest the lightest food. Any food of a solid nature caused nausea and the sickening sensation remained for hours. My misery was almost unbearable. My sleep was never sound and I was worn out all the time. My condition was indeed a very deplorable one. I finally sought treatment in Cincinnati but nothing helped me one particle. I was on the verge of giving up in despair when a neighbor pleaded with me to try Tanlac. I obtained a bottle of the medicine and began its use. "I began improving at once and soon felt my nervousness and dizziness disappearing. Then my headaches left me and I realized my strength had returned. My appetite and digestion improved and I am now so much better in every way. This Tanlac is a wonderful medicine and the only one that ever really helped me. I hope every poor woman who is suffering as I did will try it."

Big Storm Sweeps Halifax District

Halifax, N. S., June 15—A severe thunder and lightning storm accompanied by hail and rain visited Halifax this afternoon. Considerable damage was done to crops in the environs of the city by the hail stones, some of which were as large as marbles. The water mains in the house of William Cheney on Tower Road were broken when the place was struck by lightning. Fortunately no one was injured although Mrs. Cheney and two children were in the house at the time.

Cumberland Farmers To Enter Politics

Amherst N. S., June 15—At the annual convention of the Cumberland branch of the United Farmers of Nova Scotia which opened here today, Capt. James A. McKinnon of Malagash, N. S., was elected president of that organization for the current year. It was intimated in the course of proceedings that the farmers plan to take an active part in politics, and will meet later on with the labor section of the county when a candidate for federal honors will be named.

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada. Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

PREDICTS CHANGE IN PRINTING PROCESS

London, June 14—Suggestion that printing from type is likely to be superseded was moved by William Gamble at the recent World's Congress of Printers held here in connection with Trades exhibition. Mr. Gamble said the International Printing and Allied that at least three inventors were trying to develop a photographic process to take the place of printing from type.

He predicted that the machines for printing by photographic process would hardly occupy more space than a typewriter nor be any more complicated.

He expressed the opinion that eventually the great printing presses in newspapers offices would give place to smaller, swift-running and comparatively noiseless machines which would turn out printed matter with almost the same facility as the moving picture operator reels off his film.

DILLS WIN HIKE TO THE PACIFIC ANOTHER RACE

Mr. and Mrs. Frank Dill arrived in Halifax Tuesday morning after an all-night hike, and as their daily average exceeds the other hikers, they have been adjudged winners of the first trans-Canada hike. They won the race across the continent by five days, actual walking time. They gained nine days on the Behans since leaving St. John. No sooner had the Dills arrived than "old man" Behan issued a statement challenging Burman and Frank Dill to a hike from Montreal to Halifax, as he considers he is the fastest walker in the trio. Dill and Burman were immediately notified of this and readily accepted the challenge. Behan wants a ten-hour walk a day, and in this way, it will be decided which is the fastest walker, and entitled to the title of long-distance hiking champion of Canada.

THE HOME THAT WINS

Right into the hands of every father, the Boy Scout Movement puts an insurance policy for his boy's future. Scouting is not something outside the home to turn your boy over to, and forget about. Scouting is the most active force ever let loose in the world for welding father and son together into a winning team for home and country.

Every father does not realize that the average New Brunswick boy is awake 5,500 hours a year. You put him in school for 900 of these hours and everlastingly keep after him to make good. You place him in Church and Sunday School for perhaps another 100 hours and let him know you are looking for results. You keep him around home and under your watchful eye for probably 1,500 of his waking hours and then turn him loose for his play 3,600 hours a year—and that's the end of it. Why? Because you are past the play age or think you are.

Yet right here, in these hours he is away from home and other wholesome influences where your boy forms his character and needs you most. Scouting gives you, as a father, a complete playtime program through which you can win your son for life. Scouting wins, and the home that "puts in" Scouting wins too.

Scouting is the manliest programme ever devised for a boy. As Associate members of the Boy Scouts Association fathers unite with their boys in Scouting. They become pals with their sons and "home Scoutmasters" backing up the regular Scout leaders. The home with Scouting in it wins. If Scouting is not in your home, a letter addressed to The Provincial Headquarters of the Boy Scouts Association, 24 Ritchie Building, St. John, will bring back a reply telling you how you can help to put it there.

Children Cry for Fletcher's

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
